Amazons Ellen Levy, 2012-06-25 When E J Levy arrived in northern Brazil on a fellowship from Yale at the age of 21 she was hoping to help save the Amazon rain forest she didn t realize she would soon have to save herself Amazons A Love Story recounts an idealistic young woman s coming of age against the backdrop of the magnificent rain forest and exotic city of Salvador This elegant and sharp eyed memoir explores the interaction of the many forces fueling deforestation examining the ecological economic social and spiritual costs of ill conceived development with the myriad ones that shape young women s maturation Sent to Salvador often called the soul of Brazil for its rich Afro Brazilian culture a city far from the rain forest Levy befriends two young Brazilians Nel a brilliant economics student who is estranged from her family for mysterious reasons and Isa a gorgeous gold digger When the university closes due to a strike none of them can guess what will come of their ambitions Levy s course of study changes she takes up capoeira enters cooking school making foods praised in Brazilian literature as almost magical elixirs gains fluency in Portuguese and the ways of street life and learns other more painful lessons she is raped and her best friend becomes a prostitute When Levy finally reaches the Amazon her courage and her safety are further tested on a barefoot hike through the jungle one night to collect tadpoles she encounters fist sized spiders swimming snakes and crocodiles When allergies to the antimalarial drugs meant to protect her prove life threatening she

discovers that sometimes the greatest threat we face is ourselves Eventually her work as a cartographer of loss charting deforestation leads her to realize that our relationships to nature and to our bodies are linked that we must transcend the logic of commodification if we are to save both wilderness and ourselves The Amazon is a perennially fascinating subject alluring and frightening a site of cultural projection and commercial ambition of fantasies and violence Amazons offers an intimate look at urgent global issues that affect us all including the too often abstract question of rain forest loss Levy illuminates the burgeoning sex tourism trade in Brazil renewed environmental threats global warming and the consequences of putting a price on nature Accounts of the region have most often been by and about men but Amazons offers a fresh approach interweaving a personal feminist narrative with an urgent ecological one In the tradition of Terry Tempest Williams this timely compelling and eloquent memoir will appeal to those interested in literary nonfiction travel writing and women s and environmental issues
