Ordinary Women Extraordinary Sex:

Ordinary Women, Extraordinary Sex Sandra Scantling, Sue Browder, 1994 Ordinary Women, Extraordinary Sex
Sandra R. Scantling, Sue Ellin Browder, 1994-09 Noted sex therapist Sandra Scantling shows how any woman can tap her latent sexual energy to enjoy ever richer levels of sexual fulfillment Ordinary Women Extraordinary Sex focuses on identifying barriers to pleasure and expanding a woman's capacity for sexual enjoyment **Extraordinary Sex Therapy**
Gina Ogden, 2017-10-02 How do we help our clients discover the depth and breadth of sexual healing Extraordinary Sex Therapy offers a range of innovative health based approaches and models to explore the complexities inherent in sexual pleasure and potential as well as in trauma pain and dysfunction The practitioners whose work is represented here expand the clinical conversation about sex beyond performance goals and tread courageously into unquantifiable realms of sexual and relational desire health and transformation All of these practitioners describe work that embodies therapeutic collaboration with their clients as they confront sexual concerns that include body image emotions meanings and nuances of partner interactions along with the influence of neurobiology language gender addiction socioeconomics and cultural conditioning about pleasure Their interventions range from education visualization and role play to identifying erotic archetypes coaching about sensual touch and using plant spirit medicines to activate imagination and spiritual connection Their descriptions ring with singular authenticity depending on their training and the particular clients and issues they address Each practitioner provides clinical examples and techniques in enough detail so that readers can incorporate elements of these approaches into their own practices This book was originally published as a special issue of the Journal of Sexual and Relationship Therapy Ordinary Women, Extraordinary Lives Kriste Lindenmeyer, 2000-06 This collection of seventeen minibiographies sheds light on the often neglected herstory of U S history from the revolutionary era through the late twentieth century In addition this volume suggests the complexity of studying the past when gender race class region age and ethnicity are included in the analysis This book is unique in that it focuses on the lives of ordinary women The names of the vast majority of those whose stories are included here will likely be unfamiliar even to serious students of American women's history The varied experiences of such women help to create a more complete picture of the past by revealing the influence general historical trends have had on the lives of ordinary individuals But ordinary does not mean lesser nor does it denote class race ethnicity or age The individual women's stories that are told in the following pages show that even people who are not featured in mainstream history texts led lives that deserve the attention of those interested in understanding the past The authors of these chapters have found support for generalizations commonly held by American women's historians Nonetheless their research has also led to unexpected findings that ask students of women's history to examine assumptions about the past more closely Soul Sex Al Link, Pala Copeland, 2025-09-12 This is not only a book about Tantric practices but also about how you can use them to create a life long loving relationship Because Pala and Al's emphasis is on Tantra in

relationships both beginners and skilled Tantric practitioners will find value here Through the authors mix of ancient Eastern sexual practices and modern Western approaches to communication and intimacy you and your partner will learn to connect in ways that are respectful nourishing and lusty Pala and Al offer their relationship as a model for a successful long term relationship in which to be happy fulfilled and spiritually awakened Soul Sex includes thought provoking discussions personal anecdotes and precise but simple techniques to inspire you to apply to your daily life The observations and exercises included are drawn from the authors own heady partnership and from the hundreds of couples they have had the privilege to teach at their Tantra sacred sex workshops
