region and of the settlers who were deeply affected by the war yet unable to do much about it Pacific Northwest pioneers soon chose sides most allying with the North others supporting the southern states right to withdraw from the union Still others attempted to ignore the entire issue of the War between the States leaving that problem to the folks back east Because communication with the rest of the nation was slow and tenuous during the early years of the war the early settlers of what are now Oregon Washington and Idaho concentrated on controlling the restive Native Americans whose land and society had been overwhelmed by white settlers These same settlers however nonetheless vigorously argued politics and worried about invaders from the south from the British colonies to the north and from the sea none of whom ever materialized
