People Peace And Power Conflict Transformation In Action:

People, Peace and Power Diana Francis, 2002-04-20 Written by a conflict resolution practitioner this text discusses ways in which ordinary people are creating peace in violent societies such as Bosnia Following introductory chapters on theories of conflict transformation are three case studies of dialogue workshops centering on the relationship between Serbia and Kosovo The text is based upon Francis doctoral thesis 2001 Bath U Distributed in the U S by Stylus Annotation copyrighted by Book News Inc Portland OR

Conflict Transformation Rhea A. DuMont,, Tom H. Hastings, Emiko Noma, 2013-02-28 Seeking to expand the transformative aspect of conflict resolution the contributors to this edited collection have focused on gathering scholarship from under represented voices and viewpoints in the field the emerging discipline Most mainstream conflict resolution seems to look either at interpersonal conflict or international conflict without much focus on the differing individuals and social structures involved These peer reviewed essays add significant findings to those gaps in the literature The editors and contributors are perhaps not coincidentally mostly women and people of color whose voices are often absent from other collections Instructors considering this book for use in a course may request an examination copy here

[Contemporary Icons of Nonviolence](#) Anna Hamling, 2019-10-16 2019 marked notable anniversaries for two of the most widely recognised icons of the philosophy of nonviolence representing seventy years since the birth of Dr Martin Luther King Jr and the 150th anniversary of the birth of Mahatma Gandhi Both brought significant constructive and far reaching social and political change to the world This volume offers an innovative perspective placing them their beliefs and theories within the chronology of the tradition of nonviolence beginning with Lev Nikolaevicz Tolstoy and encompassing the likes of scar Romero Nelson Mandela Abdul Ghaffar Khan and Highness Prince Karim Aga Khan This collection of essays explores diverse understandings of the concepts of nonviolence in a philosophical and religious context It also highlights the application of the techniques of nonviolence in the 21st century

[Understanding Peace](#) Michael Allen Fox, 2013-11-12 **Understanding Peace** A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace **Understanding Peace** brings a fresh philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of **Understanding Peace** lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a

diverse audience of students and scholars in peace studies philosophy and the social sciences as well as to general interest readers

Anarchism Carissa Honeywell,2021-01-28 Is it possible to abolish coercion and hierarchy and build a stateless egalitarian social order based on non domination There is one political tradition that answers these questions with a

resounding yes anarchism In this book Carissa Honeywell offers an accessible introduction to major anarchist thinkers and principles from Proudhon to Goldman non domination to prefiguration She helps students understand the nature of anarchism by examining how its core ideas shape important contemporary social movements thereby demonstrating how anarchist principles are relevant to modern political dilemmas connected to issues of conflict justice and care She argues that anarchism can play a central role in tackling our major global problems by helping us rethink the essentially militarist nature of our dominant ideas about human relationships and security Dynamic urgent and engaging this new introduction to anarchist thought will be of great interest to both students as well as thinkers and activists working to find solutions to the multiple crises of capitalist modernity

Proscribing peace Sophie Haspeslagh,2021-09-07 Proscribing peace offers a systematic examination of the impact of proscription on peace negotiations With rare access to actors during the Colombian negotiations with the Revolutionary Armed Forces of Colombia People s Army FARC Sophie Haspeslagh shows how proscription makes negotiations harder and more prolonged By introducing the concept of linguistic ceasefire Haspeslagh adds to our understanding of the timing and sequencing of peace processes in the context of proscription Linguistic ceasefire has three main components first recognise the conflict second discard the terrorist label and third uncouple the act and the actor These measures remove the symbolic impact of proscription even where de listing is not possible ahead of negotiations With relevance for more than half of the conflicts around the world in which an armed group is listed as a terrorist organisation linguistic ceasefire helps to explain why certain conflicts remain stuck in the terrorist framing while others emerge from it International proscription regimes criminalise both the actor and the act of terrorism Proscribing peace calls for an end to the amalgamation between acts and actors By focussing on the acts instead Haspeslagh argues international policy would be better able to consider the violent

actions both of armed groups and those of the state By separating the act and the actor change and thus peace become possible This book is relevant to United Nations Sustainable Development Goal 16 Peace justice and strong institutions

Youth Peacebuilding Lesley J. Pruitt,2013-04-01 This book highlights the important role youth can play in processes of peacebuilding by examining music as a tool for engaging youth in such activities As Lesley J Pruitt discusses throughout the book music as expression as creation as inspiration can provide many unique insights into transforming conflicts altering our understandings and achieving change She offers detailed empirical work on two youth peacebuilding programs in Australia and Northern Ireland countries that appear overtly peaceful but where youth still face structural violence and related direct violence at the community level She also pays careful attention to the ways in which gender norms might influence young people s participation in music based peacebuilding activities Ultimately the book defines a new research area linking youth cultures and music with peacebuilding practice and policy

Radical Human Ecology Dr Alastair McIntosh,Dr Rose Roberts,Dr Lewis Williams,2012-11-28 Human ecology the study and practice of relationships between the natural and the social environment has gained prominence as scholars seek more effectively to engage with pressing global concerns In the past seventy years most human ecology has skirted the fringes of geography sociology and biology This volume pioneers radical new directions In particular it explores the power of indigenous and traditional peoples epistemologies both to critique and to complement insights from modernity and postmodernity

International Organizations and Post-Soviet Conflicts in Georgia, Moldova, and Ukraine Nina Lutterjohann,2024-08-06 International Organizations and Post Soviet Conflicts in Georgia Moldova and Ukraine The Limitations of Imagining Peace and the Failure and Success in Negotiations addresses the protracted history of international

conflict resolution efforts to the Georgian Abkhaz Moldovan Transnistrian and Eastern Ukraine conflicts The author explores the origins and onset of these first two conflicts in the early 1990s but also looks at the eruption of conflict in Eastern Ukraine in 2014 and at the first months after the Russian invasion of Ukraine in 2022 This book shows how from a conflict transformation perspective local vested interests and strategic interests have created obvious obstructions that have both fueled the conflicts and prevented their resolution This volume develops a comprehensive theoretical framework for understanding the success and failure of international engagement that offers a new understanding of the extent to which international responses may or may not be helpful Through an analysis of over 500 closed source documents and about 70 interviews the efforts of pan European international organizations with mandates from the OSCE EU UN and NATO are examined on both political and cultural levels This work s innovative analyses of those institutions performances shows how successes have often been overlooked and identifies misperceptions that reshape our understanding of the limitations to imagining peace
