Property Law Alison Clarke,Paul Kohler,2005-12-01 An innovative examination of the law s treatment of property this student textbook provides an extremely useful and readable account of general property law principles It draws on a wide range of materials on property rights in general and the English property law system in particular looking at all kinds of property not just land It includes the core legal source materials in property law along with excerpts from social science literature legal theory and economics many of which are not easily accessible to law students These materials are accompanied by a critical commentary as well as notes questions and suggestions for further reading It will be of interest to undergraduate property law students and to non law students taking property law modules in courses covering planning environmental law economics and estate management

Land Law Ben McFarlane,Nicholas Hopkins,Sarah Nield,2012-06-14 An authoritative course text designed to provide a standalone resource for students It contains a blend of carefully selected key cases legislation and academic debate linked by substantial author commentary

Perspectives on Property Law Robert C. Ellickson,Carol M. Rose,Bruce A. Ackerman,2002 This reader continues its track record of success by combining fascinating and essential readings and materials pertaining to property law with author commentary Traits the authors continue to build upon essays and articles articulate important points related to the major issues in property law essays that are accompanied by introductory text notes and questions to deepen students

understanding of the ideas contained in the essays a well known and respected author team Features of the Third Edition Heller Eisenberg s article regarding anti commons and the over patenting of the human genome Pipes article on how the lack of private property contributed to the decline of the Soviet Union Desoto s article on titling in developing nations *The Structure of Property Law* Ben McFarlane,2008-07-09 Shortlisted for the Peter Birks Prize for Outstanding Legal Scholarship 2009 In its essence property law has to provide answers to two very difficult questions who is entitled to use property and how are they entitled to use it Property law is therefore inherently difficult but not impossibly so It consists of an ordered and logical system which aims to take the sting out of fierce disputes This book provides a new perspective on property law By setting out an underlying structure it allows the reader to understand the fundamental principles of this difficult subject By providing detailed coverage of individual topics it shows how those principles apply in practice and provides a comprehensive resource for anyone studying teaching researching or practising in property law The book is written in an accessible style with frequent summaries and in both its pages and companion web site it makes use of helpful visual aids It is ideal reading for law students seeking a rock solid understanding of how property law and land law work and contains sufficient detail for use as a course book in Property Law Land Law Personal Property Law The book also provides detailed analysis of core topics in Equity Trusts Commercial Law Unjust Enrichment Restitution See the companion website for this book www.hartpub.co.uk/companion/propertylaw.html

Intellectual Property Sam Ricketson,Megan Richardson,2005 This third edition has been thoroughly revised and updated and includes recent changes in the area of copyright designs patents and the ramifications of the US Australia Free Trade Agreement Provides the most comprehensive and carefully selected materials for the study of intellectual property and unfair competition law [Comparative Property Law](#) Michele Graziadei,Lionel Smith,2017-01-27 Comparative Property Law provides a comprehensive treatment of property law from a comparative and global perspective The contributors who are leading experts in their fields cover both classical and new subjects including the transfer of property the public private divide in property law water and forest laws and the property rights of aboriginal peoples This Handbook maps the structure and the dynamics of property law in the contemporary world and will be an invaluable reference for researchers working in all domains of property law [Owned, An Ethological Jurisprudence of Property](#) Johanna Gibson,2019-12-06 This book draws upon domestication science to undertake a radical reappraisal of the jurisprudence of property and intellectual property Bringing together animal studies and legal philosophy it articulates a critique of dominant property models and relationships from the perspective of cognitive ethology domestication science and animal behaviour In doing so a radical new picture of property emerges Focusing on the emergence of property models through prevailing ideas of human domestication and settlement the book challenges the anthropocentrism that informs standard approaches to ownership and to authorship Utilising a wide range of examples from ethology and animal studies the book thus rethinks the very nature of property as uniquely human This highly original

contribution to the fields of property and intellectual property will appeal not only to legal scholars in these areas as well as in animal law but also to legal theorists and others working in the social sciences with interests in posthumanism and animal studies

Dispute Processes Michael Palmer, Simon Roberts, 2020-07-09 This wide ranging study considers the primary forms of decision making negotiation mediation umpiring as well as the processes of avoidance and violence in the context of rapidly changing discourses and practices of civil justice across a range of jurisdictions Many contemporary discussions in this field and associated projects of institutional design are taking place under the broad but imprecise label of Alternative Dispute Resolution ADR The book brings together and analyses a wide range of materials dealing with dispute processes and the current debates on and developments in civil justice With the help of analysis of materials beyond those ordinarily found in the ADR literature it provides a comprehensive and comparative perspective on modes of handling civil disputes The new edition is thoroughly revised and is extended to include new chapters on avoidance and self help the ombuds Online Dispute Resolution and pressures of institutionalisation

A Philosophical Introduction to Human Rights Thomas Mertens, 2020-09-24 While almost everyone has heard of human rights few will have reflected in depth on what human rights are where they originate from and what they mean A Philosophical Introduction to Human Rights accessibly written without being superficial addresses these questions and provides a multifaceted introduction to legal philosophy The point of departure is the famous 1948 Universal Declaration of Human Rights which provides a frame for engagement with western legal philosophy Thomas Mertens sketches the philosophical and historical background of the Declaration discusses the ten most important human rights with the help of key philosophers and ends by reflecting on the relationship between rights and duties The basso continuo of the book is a particular world view derived from Immanuel Kant Unsocial sociability is what characterises humans i e the tension between man s individual and social nature Some human rights emphasize the first others the second aspect The tension between these two aspects plays a fundamental role in how human rights are interpreted and applied

Recentring the World Ryan Martínez Mitchell, 2022-11-03 Recentring the World recovers a richly contextual detailed history of Western imposed legal structures in China as well as engagements with international law by Chinese officials jurists and citizens Beginning in the Late Qing era it shows how international law functioned as a channel for power relations techniques of economic domination as well as novel forms of resistance The book also radically diversifies traditionally Eurocentric accounts of modern international law s origins demonstrating how by the mid twentieth century Chinese jurists had made major contributions to international organizations and the UN system the international judiciary the laws of armed conflict and more Drawing on extensive archival research this book is a valuable guide to China s often conflicted role in international law its reception and contention of concepts of sovereignty property obligation and autonomy and its gradual move from the periphery to a shared spot at the center of global legal order

The 1951 Convention Relating to the Status of Refugees and its 1967 Protocol , 2024-01-10 The Convention Relating to the Status of Refugees

adopted on 28 July 1951 in Geneva continues to provide the most comprehensive codification of the rights of refugees yet attempted Consolidating previous international instruments relating to refugees the 1951 Convention with its 1967 Protocol marks a cornerstone in the development of international refugee law At present there are 149 States Parties to one or both of these instruments expressing a worldwide consensus on the definition of the term refugee and the fundamental rights to be granted to refugees These facts demonstrate and underline the extraordinary significance of these instruments as the indispensable legal basis of international refugee law This Commentary provides for a systematic and comprehensive analysis of the 1951 Convention and the 1967 Protocol on an article by article basis exposing the interrelationship between the different articles and discussing the latest developments in international refugee law In addition several thematic contributions analyse questions of international refugee law which are of general significance such as regional developments the interrelationship between refugee law and general human rights law as well as the relationship between refugee law and the law of the sea

Jurisdictional Exceptionalisms Anver M. Emon, Urfan Khaliq, 2021-08-12 Examines a complex global legal problem to demonstrate a compelling method for comparative legal cultural and social understanding

Land Law Ben Hopkins McFarlane (Nicholas Nield, Sarah), 2024

Dispute Processes Simon Roberts, Michael Palmer, 2005-10-20

This wide ranging study considers the primary forms of decision making negotiation mediation and umpiring in the context of rapidly changing discourses and practices of civil justice across many jurisdictions Much contemporary discussion in this field and associated projects of institutional design are taking place under the wide ranging but imprecise label of Alternative Dispute Resolution ADR If a common linking theme is sought the authors argue that this must lie in a general shift of priorities as between judgement and settlement in ideological terms This new edition brings together and analyses a wide range of materials dealing with dispute processes and the current debates on civil justice With the help of a selection of texts beyond those ordinarily found in the emerging alternative dispute resolution literature it provides a broad comparative perspective on modes of handling civil disputes with the principal focus on the central processes of negotiation and mediation

Lex Petrolea and International Investment Law Nima Mersadi Tabari, 2016-09-01 Lex Petrolea and International Investment Law Law and Practice in the Persian Gulf offers readers a detailed analysis of jurisprudence on the settlement of upstream petroleum disputes between host states in the Persian Gulf and foreign investors Dr Nima Mersadi Tabari considers the historical political and socio economic roots of the existing frameworks and levels of protection offered to foreign investors With particular focus on petroleum related disputes he initially delivers a comprehensive survey of the jurisprudence of international investment law and investment treaty arbitration Following on from this in three dedicated chapters the author provides in depth analysis of the legal regimes governing the matter in the major producers of the region Saudi Arabia Iraq and Iran A key resource for all professionals working on legal issues arising from foreign direct investments in natural resources this book draws a detailed picture of the legal regime governing the upstream sector in the

most important geographical region for the international oil and gas sector **Properties of Law** Kaarlo Tuori, 2021-09-16

Properties of Law is a legal theoretical analysis about modern state law about sociality normativity and plurality as its properties and what will come after modern state law The main objective of this study is to offer a legal theoretical recapitulation of modern state law that avoids the fallacies of Legal Positivism This calls for a relationist approach where law's sociality is related to normativity and normativity to sociality Avoiding Legal Positivism's fallacies also includes refraining from extrapolating from modern state law to law in general replacing Legal Positivism's conceptual universalism with sensitivity to the varieties of law and acknowledging that law existed before modern state law that it will exist after modern state law and that other law exists alongside modern state law The book concludes with a discussion of the impact of digitalization on law

Consequences of Possession Eric Descheemaeker, 2014-05-19 The first coherent analysis of the topic of possession from a comparative and historical legal perspective The volume comprises contributions from some very distinguished scholars from the civilian tradition Germany Italy as well as the common law England and mixed legal systems Quebec Scotland South Africa
