Secrets Of The Lost Races New Discoveries Of Advanced Technology In Ancient Civilizations:

Secrets of the Lost Races Rene Noorbergen,2001 An increasing number of historical and archaeological finds made around the world have been classified as out of place artifacts ooparts They have been called this because they appear unexpectedly among the ruins of the past with no evidence of a preceding period of development their technological sophistication seems far beyond the capabilities of ancient peoples Drawing on the literature and art of the Chaldeans Sumerians Babylonians and others Rene Noorbergen s contention is that a superior race of man was responsible for these scientific marvels that bear testimony to a civilization with technology comparable to our own *Secrets of the Lost Races* Rene Noorbergen,1978 **Secrets of the Lost Races** Rene Noorbergen,1978 *Secrets of the Lost Races* Rene Noorbergen,Joey R. Jochmans,1980 **Treasures of the Lost Races** Rene Noorbergen,1982 A detailed study of modern archaeological discoveries explains how artifacts help determine the ancient history of the world *Lost Knowledge* Benjamin B. Olshin,2019-02-19 *Lost Knowledge* The Concept of Vanished Technologies and Other Human Histories examines the idea of lost knowledge reaching back to a period between myth and history It investigates a peculiar idea found in a number of early texts that there were civilizations with knowledge of sophisticated technologies and that this knowledge was obscured or destroyed over time along with the civilization that had created it This book presents critical studies of a series of early Chinese South Asian and other texts that look at the idea of specific lost technologies such as mechanical flight and the transmission of images There is also an examination of why concepts of a vanished golden age were prevalent in so many cultures Offering an engaging and investigative look at the propagation of history and myth in technology and culture this book is sure to interest historians and readers from many backgrounds **Lost Race of the Giants** Patrick Chouinard,2013-09-28 An exploration of mythological and archaeological evidence for prehistoric giants Examines the many corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants and the biblical Nephilim Reveals recent finds of giant skeletons in the deserts of Saudi Arabia and India Explains how giants passed on their sophisticated culture and civilization to humanity before being wiped out in the great age of cataclysms and floods Giants are a cornerstone of the myths legends and traditions of almost every culture on Earth Stories of giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena but archaeological discoveries of 10 and 12 foot skeletons many of which have been suppressed confirm the existence of a forgotten golden age of giants before recorded history Patrick Chouinard examines the staggering number of corresponding giant mythologies throughout the world such as the Greek and Roman titans Norse frost giants the Hindu Daityas the biblical Nephilim the Celtic Formorach the Sumerian Anunnaki and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant He links these stories to Atlantis as well as other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations The author reveals how physical remains of giant size peoples have been found on

almost every continent including recent finds in the deserts of Saudi Arabia Afghanistan and northern India as well as hundreds of excavations of giant mummies and skeletons across the United States corresponding directly with Native American accounts of red haired giants He also examines reports from famous explorers such as Magellan Sir Francis Drake and Desoto of their encounters with giants on the North American continent Revealing how giants represent the true earthborn race Chouinard explains how they engaged in open conflict with the extraterrestrial gods who created humanity for forced labor and how they passed their sophisticated culture and civilization on to humanity before being nearly wiped out in the great age of cataclysms
