Basics That Shape Ad Response Dr. Robert C. Worstell,John E. Kennedy,2014-05-29 ADVERTISING should be judged only by the goods it is conclusively known to sell at a given cost Mere opinions on Advertising Copy should be excluded from consideration because opinions on Advertising are conflicting as opinions on Religion But it is different with Advertising as it is with Mechanics or with Medicine all three of which can be conclusively tested Many Advertisers however seem satisfied to spend their money on mere Opinions about Advertising when they might have invested it on Evidence about Advertising When it is anything less than Salesmanship it is not real Advertising but only General Publicity And General Publicity admittedly claims only to Keep the Name before the People to produce a General impression on the Trade and to Influence Sales for the salesmen The only way to judge Advertising is to judge it by the amount of goods It is conclusively known to Sell at a given cost Get this copy for yourself and learn these Secrets Roswell Connection Theresa Morris,2010-04-03 Roswell

The rise and fall of César Birotteau. The secrets of a princess Honoré de Balzac, 1908 Decolonizing the Study of Palestine Ahmad H. Sa'di, Nur Masalha, 2023-06-15 Writing about Palestine and the Palestinians continue to be controversial Until the late 1980s the question of Palestine was approached through Western social theories that had appeared after World War 2 This endowed European settlers and colonists the mission of guiding the backward natives of Palestine to modernity However since the work of Palestinian scholar Elia Zureik the study of Israel and the ethnic relations in Palestine Israel has been radically shifted Building on Zureik's work this book studies the colonial project in Palestine and how it has transformed Palestinians' lives Zureik had argued that Israel was the product of a colonization process and so should be studied through the same concepts and theorization as South Africa Rhodesia Australia and other colonial societies He also rejected the moral and civilizational superiority of the European settlers Developing this work the contributors here argue that colonialism is not only a political economic system but also a mode of life and consciousness which has far reaching consequences for both the settlers and the indigenous population Across 13 chapters in addition to the introduction and the afterward the book covers topics such as settler colonialism dispossession the separation wall surveillance technologies decolonisation methodologies and popular resistance Composed mostly of Palestinian scholars and scholars of Palestinian heritage it is the first book in which the indigenous Palestinians not merely write back but principally aim to lay the foundations for decolonial social science research on Palestine **Secret Faith in the Public Square** Jonathan Malesic, 2009-09 Provocatively argues that concealing Christian identity in American public life is the best way to maintain faithful witness and integrity **A Buddhist Theory of Semiotics** Fabio Rambelli, 2013-03-14 One of the first attempts ever to present in a systematic way a non western semiotic system This book looks at Japanese esoteric Buddhism and is based around original texts informed by explicit and rigorous semiotic categories It is a unique introduction to important aspects of the thought and rituals of the Japanese Shingon tradition Semiotic concerns are deeply ingrained in the Buddhist intellectual and religious discourse beginning with the idea that the world is not what it appears to be which calls for a more accurate understanding of the self and reality This in turn results in sustained discussions on the status of language and representations and on the possibility and methods to know reality beyond delusion such peculiar knowledge is explicitly defined as enlightenment Thus for Buddhism semiotics is directly relevant to salvation this is a key point that is often ignored even by Buddhologists This book discusses in depth the main elements of Buddhist semiotics as based primarily on original Japanese pre modern sources It is
