Romanticism and Postmodernism Edward Larrissy, 1999-08-28 The persistence of Romantic thought and literary practice into the late twentieth century is evident in many contexts from the philosophical and ideological abstractions of literary theory to the thematic and formal preoccupations of contemporary fiction and poetry Though the precise meaning of the Romantic legacy is contested it remains stubbornly difficult to move beyond This collection of essays by prominent critics and literary theorists was first published in 1999 and explores the continuing impact of Romanticism on a variety of authors and genres including John Barth William Gibson and John Ashbery while writers from the Romantic and Victorian period include Wordsworth Byron and Emily Bront Many critics have assumed that the forms and modes of feeling associated with the Romantic period continued to influence the cultural history of the the first half of the twentieth century This was the first book to consider the mutual impact of postmodernism and Romanticism

Paradigms of pilgrimage : from devotional journey to (religious) tourism = Paradigmes du pèlerinage : du voyage dévotionnel au tourisme (religieux) Monica RUSSET OANCA, Maria Yvonne BANCILĂ, Mădălina

TOADER, 2023-01-01 The volume *Paradigms of Pilgrimage From Devotional Journey to Religious Tourism* endeavours to present some insights into the multi layered significance of pilgrimage starting from a theoretical approach and then addressing specific situations The first two parts deal chronologically with instances of traditional images of pilgrimage and the last two parts move towards analysing modern and post modern examples of journeys with a spiritual purpose Each chapter is independent and provides an original rendering of the concept of pilgrimage The authors use various approaches to discuss the notion of pilgrimage and the images interconnect creating an irregular but harmonious mosaic Le volume *Paradigmes du pèlerinage du voyage dévotionnel au tourisme religieux* vise à présenter les différentes facettes du pèlerinage en partant d'une approche théorique et en proposant ensuite des situations spécifiques Les deux premières parties examinent chronologiquement les exemples d'images traditionnelles de pèlerinage tandis que les deux dernières parties s'orientent vers l'analyse d'exemples modernes et postmodernes des voyages travers la spiritualité Chaque chapitre est indépendant et montre une interprétation originale de la notion de pèlerinage Les auteurs utilisent diverses approches pour discuter de la notion de pèlerinage et les images s'interconnectent en créant une mosaïque irrégulière mais harmonieuse [Canada from the Outside in / Le Canada Vu D'ailleurs](#) Pierre Anctil, Zilá Bernd, 2006 Selected papers presented at the International Council for Canadian Studies biennial conference held May 25-27 2005 **Canadian Books in Print**, 2003 *Reading Without Maps?* Den Tandt Christophe (ed.), 2005 Among the intellectual debates of the last forty years the critique of cultural canons has attracted the highest share of public attention stirring academic educational and media controversies on both sides of the Atlantic Postmodernism feminism postcolonialism and multiculturalism have refashioned the attitudes of educators and audiences towards cultural memory opening up curricula to subjects and traditions previously excluded from the humanities Predictably these new critical practices have triggered heated responses from commentators fearing that culture and education might thereby be deprived of their capacity to provide audiences and learners with proper groundings and landmarks The present volume gathers contributions that throw light on multiple aspects of this reconfiguration of cultural memory It brings together essays focusing on the dynamics of canon formation in several fields literature drama film and music Contributors examine how writers and communities find their bearings in a cultural landscape more complex than that previously envisaged by advocates of the Great Tradition Specifically the present essays throw light on the status of modernist writing drama in English or popular genres within the new canonical topography elaborated at the turn of the twenty first century **Recherches Sémiotiques**, 1997 [Canadian Periodical Index](#), 1995 **Arts & Humanities Citation Index**, 1996 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major
