Secularized Europe

Gesa Elsbeth Thiessen

Secularized Europe:

A Secular Europe Lorenzo Zucca, 2012-10-11 The accommodation of diverse religious practices and laws within a secular framework is one of the most pressing and controversial problems facing contemporary European public order In this provocative contribution to the subject Lorenzo Zucca develops a new picture of what secularism means and how Europe can reconcile its religious diversity

Politics of Religion in Western Europe François Foret, Xabier Itçaina, 2013-06-17 Religion is becoming increasingly important to the study of political science and to re-examine key concepts such as democracy securitization foreign policy analysis and international relations The secularization of Europe is often understood according to the concept of multiple modernities the idea that there may be several roads to modernity which do not all mean the eradication of religion This framework provides support for the view that different traditions societies and groups can come to terms with the components of modernity capitalism democracy human rights science and reason while keeping in touch with their religious background faith and practice Contributors examine the interaction between EU integration processes and Western European countries such as Belgium France Luxembourg Austria Scandinavia Italy and the UK and shine fresh light on the economic and cultural contexts brought about by relationships between politics and religion including immigrant religions and new religious movements This volume combines theoretical perspectives from political sociology and international relations to consider the role of religion as a source of power identity and ethics in institutions and societies Politics of Religion in Western Europe will be of interest to scholars of politics religion the European Union and political sociology

Religious America, Secular Europe? Peter Berger, Grace Davie, Effie Fokas, 2021-11-18 Europe is a relatively secular part of the world in global terms Why is this so And why is the situation in Europe so different from that in the United States The first chapter of this book the theme articulates this contrast The remaining chapters the variations look in turn at the historical philosophical institutional and sociological dimensions of these differences Key ideas are examined in detail among them constitutional issues the Enlightenment systems of law education and welfare questions of class ethnicity gender and generation In each chapter both the similarities and differences between the European and the American cases are carefully scrutinized The final chapter explores the ways in which these features translate into policy on both sides of the Atlantic This book is highly topical and relates very directly to current misunderstandings between Europe and America

Church Planting in the Secular West Paas, 2016 An expert study of church planting in the most secular part of contemporary Europe In this book Stefan Paas offers thoughtful analysis of reasons and motives for missionary church planting in Europe and he explores successful and unsuccessful strategies in that post-Christian secularized context Drawing in part on his own involvement with planting two churches in the Netherlands Paas explores confessional motives growth motives and innovation motives for church planting in Europe tracing them back to different traditions and reflecting on

them from theological and empirical perspectives He presents examples from the European context and offers sound advice for improving existing missional practices Paas also draws out lessons for North America in a chapter coauthored with Darrell Guder and John Franke Finally Paas weaves together the various threads in the book with a theological defense of church planting Presenting new research as it does this critical missiological perspective will add significantly to a fuller understanding of church planting in our contemporary context

The Origins of Jewish Secularization in Eighteenth-Century Europe Shmuel Feiner, 2011-06-06 Throughout the eighteenth century an ever sharper distinction emerged between Jews of the old order and those who were self consciously of a new world As aspirations for liberation clashed with adherence to tradition as national ethnic cultural and other alternatives emerged and a long circuitous search for identity began it was no longer evident that the definition of Jewishness would be based on the beliefs and practices surrounding the study of the Torah In *The Origins of Jewish Secularization in Eighteenth Century Europe* Shmuel Feiner reconstructs this evolution by listening to the voices of those who participated in the process and by deciphering its cultural codes and meanings On the one hand a great majority of observant Jews still accepted the authority of the Talmud and the leadership of the rabbis on the other there was a gradually more conspicuous minority of Epicureans and freethinkers As the ground shifted each individual was marked according to his or her place on the path between faith and heresy between devoutness and permissiveness or indifference Building on his award winning *Jewish Enlightenment* Feiner unfolds the story of critics of religion mostly Ashkenazic Jews who did not take active part in the secular intellectual revival known as the Haskalah In open or concealed rebellion Feiner s subjects lived primarily in the cities of western and central Europe Altona Hamburg Amsterdam London Berlin Breslau and Prague They participated as fashionable Jews adopting the habits and clothing of the surrounding Gentile society Several also adopted the deist worldview of Enlightenment Europe rejecting faith in revelation the authority of Scripture and the obligation to observe the commandments Peering into the synagogue observing individuals in the coffeehouse or strolling the boulevards and peeking into the bedroom Feiner recovers forgotten critics of religion from both the margins and the center of Jewish discourse His is a pioneering work on the origins of one of the most significant transformations of modern Jewish history

Funerary Culture and the Limits of Secularization in Denmark Anne Kjaersgaard, 2017 Considered one of the most irreligious countries in the world in spite of continued religious affiliation of the majority of the population Denmark is an important case to explore the limits of secularization This study challenges the secularization thesis from the perspective of lived religion innovatively examining death related behaviour and hitherto overlooked religion in relation to organ donation churchyard design grave visiting rituals and graveyard photographs

Migrants and Religion: Paths, Issues, and Lenses

,2020-11-04 Despite the worldwide dramatic spread of religious based discriminations persecutions and conflicts both official data and academic literature have underestimated their role as a root cause of contemporary migrations This multidisciplinary study aims to overcome this gap Through an unprecedented collection of theoretical analysis and original empirical evidence the book provides unique data and insights on the role of religion in the trajectories of asylum seekers and migrants from the analysis of the religious geography of sending countries to the role of spirituality as a factor of resilience and adaptation By enhancing both academic and political debate on these issues the book offers the possibility of regaining awareness of the close link between religious freedom and the quality of democracy Contributors include Paolo Gomarasca Monica Martinelli Monica Spatti Andrea Santini Andrea Plebani Paolo Maggiolini Riccardo Redaelli Alessia Melcangi Giancarlo Rovati Annavittoria Sarli Giulia Mezzetti Lucia Boccacin Linda Lombi Donatella Bramanti Stefania Meda Giovanna Rossi Beatrice Nicolini Cristina Giuliani Camillo Regalia Giovanni Giulio Valtolina Paola Barachetti Maddalena Colombo Rosangela Lodigiani Mariagrazia Santagati Fabio Baggio Vera Lomazzi Paolo Bonetti Laura Zanfrini Mario Antonelli Luca Bressan Alessandro Bergamaschi Catherine Blaya N ria Llevot Calvet Olga Bernad Caverio and Jordi Garreta Bochaca

Secularization and the World Religions Hans Joas,Klaus Wiegandt,2022-04-01

The question of religion its contemporary and future significance and its role in society and state is currently perceived as an urgent one by many and is widely discussed within the public sphere But it has also long been one of the core topics of the historically oriented social sciences The immense stock of knowledge furnished by the history of religion and religious studies theology sociology and history has to be introduced into the public conscience today This can promote greater awareness of the contemporary global religious situation and its links with politics and economics and counter rash syntheses such as the clash of civilizations This volume is concerned with the connections between religions and the social world and with the extent limits and future of secularization The first part deals with major religious traditions and their explicit or implicit ideas about the individual social and political order The second part gives an overview of the religious situation in important geographical areas Additional contributions analyze the legal organization of the relationship between state and religion in a global perspective and the role of the natural sciences in the process of secularization The contributors are internationally renowned scholars like Winfried Brugger Jos Casanova Friedrich Wilhelm Graf Hans Joas Hans G Kippenberg Gudrun Kr mer David Martin Eckart Otto and Rudolf Wagner

Atlas of European Values Loek Halman,Ruud Luijkx,Marga van Zundert,2005-07-15 Who are the Europeans How do they think What values do they hold dear What binds them and what divides them This atlas summarizes the outcomes of the European Values Study combined with results from the World Values Survey two projects that have measured values over the past three decades The European Values Study project is run by researchers from 33 countries and is administered by Tilburg University the Netherlands The Atlas presents European ideas and beliefs in the form of graphs

charts and maps Values such as democracy freedom equality human dignity and solidarity are held by almost all Europeans but the survey points to differing views about marriage religion work and such topics as euthanasia happiness sexuality and death This unique Atlas covers all European nations from Iceland to Turkey from Portugal to the Ukraine It graphically illustrates the rich diversity that is Europe **Imagining European Unity since 1000 AD** Patrick Pasture,2015-05-28 European unity is a dream that has appealed to the imagination since the Middle Ages Its motives have varied from a longing for peace to a deep rooted abhorrence of diversity as well as a yearning to maintain Europe s colonial dominance This book offers a multifaceted history that takes in account the European imagination in a global context *Muslim Societies and the Challenge of Secularization: An Interdisciplinary Approach* Gabriele Marranci,2010-09-08 Scholars from various disciplines worked together to present the first interdisciplinary book to address the issue of Islam secularism and globalization The book has a clear structure which represents its interdisciplinary approach the first section addresses the philosophical and historical discussion about Islam and secularism the second section discusses the topic from an ethnographical and social anthropological viewpoint and the final section addresses Islam secularism and globalization from a political viewpoint This unique collection not only offers innovative research and new material it also provides empirical examples and theoretical debates and could therefore also be used as a textbook for courses on Islam globalization anthropology politics sociology and law **Ecumenical Ecclesiology** Gesa Elsbeth Thiessen,2009-09-15 This is a rich collection of fifteen articles by European North American and Asian theologians who are concerned with the concept life unity and future of the church It offers a wealth of broad perspectives on ecclesiology by scholars from Catholic Protestant and Orthodox backgrounds The first section Perspectives on Ecumenical Ecclesiology comprises reflections on postmodern ecclesiologies as well as on the development and problems concerning ecumenical methods and models of unity The second section Communion Ecclesiology and Otherness provides some pertinent deliberations on how an ecclesiology of communion can integrate otherness In particular Zizioulas communion ecclesiology is critically examined the possibility for a retrieval of Eucharistic theology between Catholics and Orthodox is put forward and Tillard s communion ecclesiology is appraised as offering resources for innerdenominational otherness The final section Ecclesiology in Global Contexts considers critically the possibility of evangelical ecclesiology as an answer to ethnic impaired Christian community The role of the Catholic Church and its values in Europe and vis vis the European Constitution is examined The Church of Nigeria s Constitutional Revision 2005 and its ecclesial ecumenical implications comes into focus and three notable concepts of unity as developed by three Indian scholars S K George John Sadiq and Karem David are evaluated Finally the Japanese diaspora in the States is appraised as a place where a particular Japanese Christian vision could emerge through the internationalist ecclesiology developed by Japanese Christian missionaries *Christendom and European Identity* Mary Anne Perkins,2015-02-06 This book critically explores the idea of Europe since the French Revolution from the perspective of intellectual history It traces the dominant and

recurring theme of Europe as Christendom in discourse concerning the relationship of religion politics and society in historiography and hermeneutics and in theories and constructions of identity and otherness It examines the evolution of a grand narrative by which European elites have sought to define European and national identity This narrative the author argues maintains the existence of common historical and intellectual roots common values culture and religion The book explores its powerful legacy in the positive creation of a sense of European unity the ways in which it has been exploited for ideological purposes and its impact on non Christian communities within Europe

The Routledge Companion to the Christian Church Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues

Secularisation in the Christian World Michael Snape, 2016-04-01 The power of modernity to secularise has been a foundational idea of the western world Both social science and church history understood that the Christian religion from 1750 was deeply vulnerable to industrial urbanisation and the Enlightenment But as evidence mounts that countries of the European world experienced secularising forces in different ways at different periods the timing and causes of de Christianisation are now widely seen as far from straightforward

Secularisation in the Christian World brings together leading scholars in the social history of religion and the sociology of religion to explore what we know about the decline of organised Christianity in Britain Europe the United States Canada and Australia The chapters tackle different strands themes comparisons and territories to demonstrate the diversity of approach thinking and evidence that has emerged in the last 30 years of scholarship into the religious past and present The volume includes both new research and essays of theoretical reflection by the most eminent academics It highlights historians and sociologists in both agreement and dispute With contributors from eight countries the volume also brings together many nations for the first consolidated international consideration of recent themes in de Christianisation With church historians and cultural historians and religious sociologists and sociologists of the godless society this book provides a state of the art guide to secularisation studies

The Ends of Solidarity Max Pensky, 2009-01-01 Jürgen Habermas's discourse theory demands that human beings see themselves in relations of solidarity that cross national racial and religious divides While his theory has won adherents across a spectrum of contemporary debates the required vision of solidarity has remained largely unexplored In *The Ends of Solidarity* Max Pensky fills this void by examining Habermas's theory of solidarity while also providing a comprehensive introduction to the German philosopher's work Pensky explores the impact of Habermasian discourse theory on a range of contemporary debates in politics and ethics including the prospect of a cosmopolitan democracy across national borders the solidarity demanded by the integration process in the European Union the demands that immigration dynamics make on inclusive democratic societies the divisive or unifying effects of religion in Western democracies and the current controversies in genetic

technology **Rethinking Secularization** Gary Gabor, Herbert De Vriese, 2009-05-27 Rethinking Secularization Philosophy and the Prophecy of a Secular Age provides a philosophical appraisal of secularization in light of the recent re emergence of religion in the public sphere It explores the adequacy of classical theories of secularization and rooted in historical and conceptual analysis what might be offered in their place today Responding to the once dominant theories of a global world historical emancipation from an inherited religious past to a modern secular age the volume also considers the extent to which philosophy itself has inspired and nourished such prophecies As a result a more sophisticated view of secularization emerges both more interesting and complex than the simple linear process it is often thought to be From the conceptual origins of secularity in the writings of Saints Augustine and Thomas Aquinas to the contemporary secularization theories of Hans Blumenberg Marcel Gauchet and Charles Taylor Rethinking Secularization considers philosophy s own relationship to the concept of secularization It reflects the trend in contemporary philosophy to rethink the relation between religion and modernity and includes systematic contributions to the debate The book would appeal to a wide range of readers in philosophy sociology religious studies and intellectual history *The Europeans* Robert Clifford Ostergren, Mathias Le Boss?, 2011-03-06 New to This Edition
