Collins,J. Millard Burr,2003-07-01 This book provides new sources and information on the first decade of the revolutionary Sudan 1989 2000 and the role played by its principal ideologue Hasan al Turabi until his downfall in 2000 The United States Constitution Richard C. Simmons,1989 Proceedings of the Sixth Fulbright Colloquium held at the University of Birmingham Department of American History sponsored by the American Bar Association and the University of Virginia **Translations of Political and Sociological Information on North Korea** United States. Joint Publications Research Service,1965-10 **Union of 1707** S J Brown,2008-12-10 This collection brings together a series of papers that in May 2007 were presented at a Royal Society of Edinburgh conference organised to mark the 300th anniversary of the Union of 1707 One of the guiding objectives of the RSE event was to showcase the work of younger historians and to present new work that would provide fresh insights on this defining moment in Scotland s and the United Kingdom s history The seven chapters range widely in content and coverage from a detailed study of how the Church of Scotland viewed union and how concerns about the Kirk influenced the voting behaviour in the Scottish Parliament through to the often overlooked broader

European context in which the British parliamentary union only one form of new state formation in the early modern period was forged The global War of the Spanish Succession it is cogently argued influenced both the timing and shape of the British union Also examined are elite thinking and public opinion on fundamental questions such as Scottish nationhood and the place and powers of monarchs as well as burning issues of the time such as the Company of Scotland and trade Other topics include an investigation of the particular intellectual characteristics of the Scots a product of the pre Union educational system which it is argued enabled professionals and entrepreneurs in Scotland to meet the challenges posed by the 1707 settlement As one of the contributors argues union offered the Scots only partial openings within the empire

Power and Security in the Information Age Myriam Dunn Cavelty, Victor Mauer, 2016-03-23 The marriage of computers and telecommunications, the global integration of these technologies and their availability at low cost is bringing about a fundamental transformation in the way humans communicate and interact. But however much consensus there may be on the growing importance of information technology, today agreement is far more elusive when it comes to pinning down the impact of this development on security issues. Written by scholars in international relations, this volume focuses on the role of the state in defending against cyber threats and in securing the information age. The manuscript is captivating with the significance and actuality of the issues discussed and the logical knowledgeable and engaged presentation of the issues. The essays intrigue and provoke with a number of fresh hypotheses observations and suggestions and they contribute to mapping the diverse layers actors approaches and policies of the cyber security realm.
