## Security Against Sickness:

*Toward Economic Security* United States. President's Committee on Economic Security, 1935      **National Health Program** United States. Congress. Senate. Committee on Education and Labor, 1946      *National Health Program: January 30, February 4, 5, May 25, 26, 27, 28, and June 1, 1948* United States. Congress. Senate. Committee on Labor and Public Welfare, United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Health, 1947 Part 4 Focuses on SSA health research study procedures and interpretations for development of national health program

*National Health Program: January 30, february 4, 5, May 25-28, June 1, 1948. pp. 2185-2804* United States. Congress. Senate. Committee on Labor and Public Welfare, 1947      **Social Security Bulletin**, 1986      **... And the Pursuit of National Health** Jaap Kooijman, 2023-10-09 Why is there no national health insurance in the United States of America This question became popular again when President Bill Clinton s Health Security Plan of 1993 proved to be a failure Throughout the twentieth century every attempt to enact a national health insurance program failed The majority of the working population is covered by private employer based health insurance the elderly and welfare poor by the government programs Medicare and Medicaid of 1965 while a growing number of Americans remain uninsured This study focuses on two important decisions that have shaped American health care policy the exclusion of national health insurance from the Social Security Act of 1935 and the shift of focus from a health insurance program for the working population to a hospital insurance program for the elderly and the welfare poor Based on presidential archives and the papers of social security policymakers this study examines the incremental strategy to achieve health insurance coverage for all Americans The result is a compelling history of political compromise that will be of interest to both the scholars of the welfare state and the scholars of American ideology and exceptionalism      **National Health Program** United States. Congress. Senate. Committee on Labor and Public Welfare. Subcommittee on Health, 1947 Considers legislation to consolidate and coordinate Federal health programs in a National Health Agency and to establish the National Institute of Dental Research Also considers legislation to establish a national health insurance program      Reports from Commissioners Great Britain. Congress Senate, 1947      **Transforming Disability into Ability Policies to Promote Work and Income Security for Disabled People** OECD, 2003-02-10 This book examines a wide array of labour market and social protection programmes aimed at people with disabilities and analyses the relationship between policies and outcomes across twenty OECD countries      **For All These Rights** Jennifer Klein, 2010-01-02 The New Deal placed security at the center of American political and economic life by establishing an explicit partnership between the state economy and citizens In America unlike anywhere else in the world most people depend overwhelmingly on private health insurance and employee benefits The astounding rise of this phenomenon from before World War II however has been largely overlooked In this

powerful history of the American reliance on employment based benefits Jennifer Klein examines the interwoven politics of social provision and labor relations from the 1910s to the 1960s Through a narrative that connects the commercial life insurance industry the politics of Social Security organized labor s quest for economic security and the evolution of modern health insurance she shows how the firm centered welfare system emerged Moreover the imperatives of industrial relations Klein argues shaped public and private social security Looking closely at unions and communities Klein uncovers the wide range of alternative community based health plans that had begun to germinate in the 1930s and 1940s but that eventually succumbed to commercial health insurance and pensions She also illuminates the contests to define security job security health security and old age security following World War II For All These Rights traces the fate of the New Deal emphasis on social entitlement as the private sector competed with and emulated Roosevelt s Social Security program Through the story of struggles over health security and old age security social rights and the welfare state it traces the fate of New Deal liberalism as a set of ideas about the state security and labor rights in the 1950s the 1960s and beyond *Medical Care in Transition* ,1964 **Public Health Service Publication** ,1964 **Fringe Benefits, Labour Costs and Social Security** G. L. Reid,D. J. Robertson,2021-12-10 Originally published in 1965 this book is concerned with an important yet neglected part of economic life fringe benefits which employers provide for and on behalf of their employees apart from wages and salaries The book sets out results of an inquiry into the costs of supplementary labour costs for manual workers with an account of the various influences which help to explain differences in expenditure by different firms The book then gives comparative figures for Western European countries and considers some of the economic effects of the European levels of supplementary labour costs The situation in the USA is discussed as is the relationship of employer financed welfare schemes and State social security programmes Chapters on pensions sick pay and redundancy payments are included as well as those dealing with the history of paid holidays and subsidized welfare facilities such as canteens **National Health Program: July 23, 1947, January 27 and 29, 1948** United States.
