gives you the confidence to go out and do it on your own **Transforming Stress** Doc Childre, Deborah Rozman, 2005-03-02 It is the quintessential buzz word of modern life. It hangs on everyone's lips from the first miles of the morning commute until the screeching alarm clock starts yet another day. Countless articles and studies tell the same story: lives controlled by unmanaged stress end early and none too well. This book describes a simple straightforward method readers can learn and practice to literally transform stress by shifting the heart's own rhythms. At the core of the HeartMath method of emotional regulation is the idea that by focusing on positive feelings such as appreciation, care, or compassion, anyone can create dramatic changes in his or her heart rhythms. These changes precipitate a series of neural, hormonal, and biochemical events that dissipate stress and anger and lead to greater well-being. The benefits from using this system are remarkable and far-reaching: blood pressure drops, stress hormone levels fall, immune system activity increases, and anti-aging hormone levels rise. Through its interactive learning system, this book teaches readers to use the HeartMath method, enabling them to see and experience in real time how thoughts and emotions affect their heart rhythms. It teaches them how to engage their hearts to bring emotion, body, and mind into balance and helps them stay in a zone of focused clarity, optimal health, and high performance. Changes brought about through this method are fast-acting and long-lasting: the perfect antidote to our chaotic and fast-paced lives. HeartMath is a registered trademark of the Institute of HeartMath **The Freedom Promise** Mindy Gorman-Plutzer, 2014-08-22 Includes stories, practical steps, exercises, and affirmations to motivate you to examine and reframe your relationship with food Real Leadership! Are You Ready? Richard S. Dillard, Andrea L. Wagner, 2015-06-29 As Leadership goes, so goes the group, the organization, the nation, et al. Yet in spite of this multi-millennial axiom and the simple fact that we are the best leadership-educated society in the history of business, our encounters with genuine leaders remain extremely rare. Real Leadership: Are You Ready? examines this perplexing phenomenon and qualifies the problem as an unwillingness and/or inability to use new leadership information to improve our performance. It also provides the solution: a Leadership Enrichment LIFE cycle (LELc) to help individuals and organizations build and sustain durable Leadership Platforms. If you are ready to enrich your personal leadership and raise the level of leadership in your organization, this book is for you. But I caution you ahead of time: this book and its measures of merit are a little different than the typical leadership development offering. It won't offer instant solutions or allow for a casual engagement by the passive reader. No, it offers much more than that. The principal measure of merit for Real Leadership: Are You Ready? is the extent to which it will steal you and your organization away from the impersonal and futile trappings of fake leadership and enable you to move toward the personal and productive outcomes of Real Leadership. With your commitment and this book as a guide, the personal and organizational platforms that emerge will not only provide better support for the weight of those who choose to follow your lead; they will actually be able to withstand the world's difficult tests of time and torrent The Optimized Woman Miranda Gray, 2016-12-09 If you want to get ahead, get a cycle. The menstrual cycle consists of Optimum Times, days of heightened

performance skills and abilities When we match the task to the time we have the opportunity to excel beyond our expectations We can achieve goals and success more easily get ahead in the workplace and enhance our feelings of fulfilment In *The Optimized Woman* Miranda Gray presents a flexible plan of practical daily actions for self development goal achievement and work enhancement aligned to the phases of the menstrual cycle This book will totally change how women think about their cycles It will change how they live their lives achieve their goals plan their work and careers and create happiness and well being The reader will be amazed that this is the one self development method that they can apply month after month without losing the commitment and motivation to achieve their dreams and bring fulfilment and success

From Fear to Freedom D. J. Macarthur, 2011-03-31 Using her own personal experience as well as her professional training Ms Macarthur discusses different types of fears that plague our lives and how they affect our successes our dreams and our sense of peace and security In the second half she then presents a number of techniques for dispelling our fears and gaining control over our lives These are proven methods many of which we can learn and practice ourselves without the help of a therapist Some are even incredibly simple so much so that it seems impossible that they could help This is a little book with a big impact
