Royston,2013-07-15 Sharks are the top predator in the world s oceans This colorful book examines the adaptations that have
allowed sharks to thrive in Earth s largest habitat Gorgeous photographs will grab students attention while vivid text and fact
filled sidebars engage even reluctant readers Sidebars describe the species that share the ocean with sharks making this a
complete look at the predator prey relationship in the fascinating ocean habitat *Surviving the Shark* Jonathan
Kathrein,Margaret Kathrein,2012-07-01 In *Surviving the Shark* Jonathan Kathrein describes his incredible shark attack
experience The book covers all aspects of Kathrein s survival beginning with the eerie moments just before the attack when
something smashes into Kathrein s hand as he paddles on his board waiting for a wave off Stinson Beach in northern
California Realizing it is probably shark and possibly a great white Kathrein tries to paddle away furiously trying to make it
toward shore where he sees some of his friends on the beach But it is too late as the great white returns slams into him then
grabs his leg and pulls him underwater thrashing him back and forth trying to rip his leg off How Kathrein is able to escape
and make his way to shore despite his horrific wounds is nothing short of amazing But that s just the beginning as he now
faces months of physical and mental rehabilitation all the while dealing with the constant media attention that the attack has
generated Gradually with the help of his family and friends Kathrein makes a recovery Today Kathrein gives lectures on
shark conservation as well as on such topics as avoiding shark attacks when you re in the water In this book he not only
writes of his ordeal but also delves into shark behavior and explains his desire to spread shark awareness There is also an
underlying theme of tremendous familial love and Kathrein s extreme fervor for life **The Shark Handbook: Third

Whisperer Ellen Prager, 2014-04-21 After his most klutzy move ever falling into a pool of sharks things for Tristan Hunt begin to look up Tristan is invited to an ocean themed summer camp in the Florida Keys where he discovers that he and the other young teens there have very special and rare talents when it comes to the ocean After the camp receives a distress call from ocean animals Tristan and his new friends get pulled into a daring rescue in the Bahamas With the help of sharks dolphins a quick escape artist octopus and some seabird bombers the campers must use their young talents in an attempt to outwit an evil shark finning reef blasting billionaire **The Secret Life of Sharks** A. Peter Klimley, 2008-06-17 Marine biologist Pete Klimley swims with the sharks He was one of the first scientists to free dive among sharks and he has spent nearly thirty years studying shark behavior sometimes swimming in schools of several hundred sharks From his firsthand observations he has learned that sharks are not the vicious man eaters that we imagine but fascinating animals with complex behaviors Most people who think of sharks at all think immediately of great white sharks But there are more than four hundred species of shark Dr Klimley has studied several species most notably the great white and the hammerhead He describes the great white as the athlete among sharks and the hammerhead as the Ph D of the shark world In *The Secret Life of Sharks* Dr Klimley reveals the significant discoveries he made about hammerhead navigation and great white eating habits By studying hammerheads gathered around underwater seamounts Dr Klimley learned that hammerheads rely on sophisticated tracking of ocean floor magnetism to navigate His long term study of great white sharks off the California coast demonstrated that these huge sharks prefer to eat seals and sea lions because of the energy contained in their fatty bodies They are selective eaters not the man eaters we expect and they sometimes go weeks between meals But Dr Klimley did observe a ritualized behavior that great whites practice in order to avoid deadly disputes over prey that one shark has captured and another wants Although we have learned a great deal about shark behavior says Dr Klimley there is much that we do not know Unfortunately we are destroying these magnificent creatures of the deep through overfishing and degradation of the oceans Already some populations of sharks have declined steeply Vividly written by one of the foremost authorities on sharks *The Secret Life of Sharks* is a fascinating account of some of the world's most magnificent animals

Teaching with Intention Debbie Miller, 2023-10-10 Effective intentional teaching begins with a strong set of beliefs but

even the best teachers including author Debbie Miller struggle to make sure that their classroom practice consistently reflects their core convictions In *Teaching with Intention Defining Beliefs Aligning Practice Taking Action* K 5 Miller defines her actions to ensure that children are the true beneficiaries of her teaching As Peter Johnston writes Through this book we have Debbie s teaching mind on loan She engages us in the details of a teaching life from inside her mind showing the thinking behind her teaching and the consequences of her actions *Teaching with Intention* brings us into classrooms of teachers and children Miller has met over the last five years in her work as a literacy consultant From setting up the classroom environment to the intentional use of language from comprehension instruction to lesson design Miller is explicit about what she does and why At the same time she encourages teachers to develop their own belief statements concerning teaching and learning and includes key questions to guide them in this important process In an environment where the handing down of scripted programs and foolproof curricula is increasingly the norm *Teaching with Intention* offers a compelling reminder that truly transformative teaching is built from the ground up and is rebuilt every year by every teacher in every classroom with every new group of students
