

The background of the cover is a painting of a winter landscape. A large, dark, gnarled tree stands in the center, its branches reaching out. The ground is covered in snow, with patches of brown earth visible. In the background, there are rolling hills and a small body of water. The overall color palette is muted, with blues, greys, and earthy tones.

Prolegomena The purpose of this book is to examine anew and from a number of different perspectives the highly complex and controversial relation between literature and society This is not meant to be a study in sociology or political science the analysis of literature its structure content function and effect is our primary concern What we shall try to find out is how the imaginative work is rooted in and grows out of the parent social body to what extent it is influenced in subject matter as well as form and technique by the dominant climate of ideas in a given historical period and to what degree and in what manner literature influences the society to which it is addressed The stream of literary influence is of course difficult to trace to its putative source for here we are not dealing as in science with isolated physical phenomena which can be fitted precisely within some cause and effect pattern The relationship between literature and society is far more subtle and complex than social scientists or cultural critics commonly assume

*Wobblies and Zapatistas* Staughton Lynd, Andrej Grubačić, 2008-09-01 Wobblies and Zapatistas offers the reader an encounter between two generations and two traditions Andrej Grubačić is an anarchist from the Balkans Staughton Lynd is a lifelong pacifist influenced by Marxism They meet in

dialogue in an effort to bring together the anarchist and Marxist traditions to discuss the writing of history by those who make it and to remind us of the idea that my country is the world Encompassing a Left libertarian perspective and an emphatically activist standpoint these conversations are meant to be read in the clubs and affinity groups of the new Movement The authors accompany us on a journey through modern revolutions direct actions antiglobalist counter summits Freedom Schools Zapatista cooperatives Haymarket and Petrograd Hanoi and Belgrade intentional communities wildcat strikes early Protestant communities Native American democratic practices the Workers Solidarity Club of Youngstown occupied factories self organized councils and soviets the lives of forgotten revolutionaries Quaker meetings antiwar movements and prison rebellions Neglected and forgotten moments of interracial self activity are brought to light The book invites the attention of readers who believe that a better world on the other side of capitalism and state bureaucracy may indeed be possible
