thought forms of controlled intentions to create more beneficial more miraculous circumstances in our personal lives The information it presents is clear and very useful Moreover this system bears an uncanny symmetry with many of today s leading edge ideas from quantum physics In The Hidden Parables the parables are meticulously retranslated retaining the expressiveness of the original Greek and giving the reader a literal understanding of the words of Jesus Those aspects of Christ s words that are sometimes considered confounding are freshly revealed for their penetrating insights into human existence and for the hands on methodology they provide for a greater self understanding and for leading a more fulfilling life

Original Thinking Glenn Aparicio Parry,2015-04-14 In Original Thinking Glenn Aparicio Parry delves into the evolution of Western thought to recover the living roots of wisdom that can correct the imbalances in our modern worldview Inspired by groundbreaking dialogues that the author organized between Native American elders and leading edge Western scientists to explore the underlying principles of the cosmos this book offers a radical revisioning of how we think Asking questions such as Is it possible to come up with an original thought What does it mean to be human and How has our thinking created our world today Parry challenges us to consider many of our most basic assumptions To think originally as in thinking new thoughts that have never been thought or said before is according to Parry largely an illusion So too is the idea of linear human progress Most of us have traveled far from our ancestral lands and in so doing lost connection with place the origin of our consciousness Original Thinking offers a radical revisioning of how we think and what it means to be human It invites us to reintegrate our hearts with our heads and to expand our self imposed narrowing of consciousness In doing so we reconnect with the living original source nature and her interconnected elements and cycles and embrace the communion of old and new rational and intuitive and masculine and feminine Ultimately Parry shows us how to create the tapestry of truly original thinking and to restore thought as a blessing as a whole and complete transmission from Spirit
