Seeds Of Change Reflections S:

Seeds of Change Priscilla Leder, 2010-09-01 Barbara Kingsolver's books have sold millions of copies. The Poisonwood Bible was nominated for the Pulitzer Prize and her work is studied in courses ranging from English as a second language classes to seminars in doctoral programs. Yet until now there has been relatively little scholarly analysis of her writings. *Seeds of Change: Critical Essays on Barbara Kingsolver* edited by Priscilla V Leder is the first collection of essays examining the full range of Kingsolver's literary output. The articles in this new volume provide analysis, context, and commentary on all of Kingsolver's novels, her poetry, her two essay collections, and her full-length nonfiction memoir *Animal Vegetable Miracle: A Year of Food Life*. Professor Leder begins *Seeds of Change* with a brief critical biography that traces Kingsolver's development as a writer. Leder also includes an overview of the scholarship on Kingsolver's oeuvre. Organized by subject matter, the 14 essays in the book are divided into three sections that deal with recurrent themes in Kingsolver's compositions: identity, social justice, and ecology. The pieces in this ground-breaking volume draw upon contemporary critical approaches: ecocritical, postcolonial, feminist, and disability studies to extend established lines of inquiry into Kingsolver's writing and to take them in new directions. By comparing Kingsolver with earlier writers such as Joseph Conrad and Henry David Thoreau, the contributors place her canon in literary context and locate her in cultural contexts by revealing how she reworks traditional narratives such as the Western myth. They also address the more controversial aspects of her writings, examining her political advocacy and her relationship to her reader, in addition to exploring her vision of a more just and harmonious world. Fully indexed with a comprehensive works cited section, *Seeds of Change* gives scholars and students important insight and analysis which will deepen and broaden their understanding and experience of Barbara Kingsolver's work.

Women's Higher Education in Comparative Perspective G.P. Kelly, S. Slaughter, 1991 Focuses on women's access to higher education but also discusses women in the academic workforce.

Passionate Women Paul Ropp, Paola Zamperini, Harriet Zurndorfer, 2021-07-26 This is a collection of original essays which focuses on the causes, meanings, and significance of female suicides in Ming and Qing China. It is the first attempt in English language scholarship to revise earlier views of female self-destruction that had been shaped by the May Fourth Movement and anti-Confucian critiques of Chinese culture and to consider the matter of female suicide in the wider context of more recent scholarship on women and gender relations in late imperial China. The essays also reveal the world of tensions, conflicting demands, and expectations and a variety of means by which both women and men made moral sense of their lives in late imperial China. The volume closes with an extensive bibliography of relevant and important Chinese, Japanese, and Western publications related to female suicide in late imperial China.

True to Her Word Weijing Lu, 2008 This book is a comprehensive study of faithful maidenhood in late imperial China from the vantage points of state policy, local history, scholarly debate, and the faithful maiden's own subjective point of view.

Lost Bodies: Prostitution and Masculinity in Chinese Fiction Paola Zamperini, 2010-06-28 This important

contribution to the study of early modern Chinese fiction and representation of gender relations focuses on literary representations of the prostitute produced in the Ming and Qing periods Following her heavily symbolic body the present work maps this fictional heroine's journey from innocence to sex work and beyond This crucial angle allows the author to paint a picture of gender identity sexuality and desire that is at once unitary and multi layered and that comes to illuminate some of the major themes in the construction of Chinese modernity

Precious Records Susan Mann,1997 Most analyses of gender in High Qing times have focused on literature and on the writings of the elite this book broadens the scope of inquiry to include women's work in the farm household courtesan entertainment and women's participation in ritual observances and religion In dealing with literature it shows how women's poetry can serve the historian as well as the literary critic drawing on one of the first anthologies of women's writing compiled by a woman to examine not only literary sensibilities and intimate emotions but also political judgments moral values and social relations

Flowering in the Shadows Marsha Smith Weidner,1990-01-01 For well over a thousand years Chinese and Japanese women created commissioned collected and used paintings yet until recently this fact has scarcely been acknowledged in the study of East Asian art by Westerners

The Inner Quarters Patricia Buckley Ebrey,1993-12 Opening up questions about women's lives about gender about why we read history at all and how we write it Patricia Buckley Ebrey has made *The Inner Quarters* a place we need to enter from the Foreword

Asian Migrants and Education Michael W. Charney,Brenda Yeoh,Tong Chee Kiong,2013-04-17 The contributors to this volume explore the close relationship between education and the molding of modern immigrant societies through case studies of either Asian migrants or Asian immigrant societies This volume will be especially useful for researchers educators and students intent on understanding some of the critical challenges faced by a globalizing world

Boundaries in China John Hay,1994 Boundary making a crucial element in human cultural creativity links these essays exploring Chinese art and society Traversing time and cultural category individual expression and social construct the authors demonstrate how a boundary may exist simultaneously as barrier threshold and interface The essays range from the creation of the first political and bureaucratic boundaries in early China to the dismantling of discursive boundaries in the post Mao era Spanning diverse subjects moving between ancient funerary art and the tension between self and image in modern Peking Opera they deftly explore the psychodynamics of Chinese society All the authors in this book are established Sinologists *Boundaries in China* will be stimulating reading for anyone interested to see how the seemingly tangential or peripheral can turn out to be of central concern in non Western and perhaps also Western art and culture

Imperial Illusions Kristina Kleutghen,2015-01-01 In the Forbidden City and other palaces around Beijing Emperor Qianlong r 1736 1795 surrounded himself with monumental paintings of architecture gardens people and faraway places The best artists of the imperial painting academy including a number of European missionary painters used Western perspectival illusionism to transform walls and ceilings with visually striking images that were also deeply meaningful to Qianlong These

unprecedented works not only offer new insights into late imperial China's most influential emperor but also reflect one way in which Chinese art integrated and domesticated foreign ideas. In *Imperial Illusions*, Kristina Kleutghen examines all known surviving examples of the Qing court phenomenon of scenic illusion paintings (*tongjinghua*) which today remain inaccessible inside the Forbidden City. Produced at the height of early modern cultural exchange between China and Europe, these works have received little scholarly attention. Richly illustrated, *Imperial Illusions* offers the first comprehensive investigation of the aesthetic, cultural, perceptual, and political importance of these illusionistic paintings essential to Qianlong's world. Disgraceful Matters Janet Theiss, 2005-01-10

Looking beyond the familiar trappings of the cult of female chastity such as hagiographies of widows and chastity shrines in late imperial China, this book explores the cult's political significance and practical ramifications in everyday life during the eighteenth century. In the first full-length study of the subject, Janet Theiss examines a vast number of laws, legal cases, regulations, and policies to illustrate the social and political processes through which female virtue was defined, enforced, and contested. Along the way, she provides rich details of social life and cultural practices among ordinary Chinese people through narratives of criminal cases of sexual assault, harassment, adultery, and domestic violence.

Men and Women in Qing China

Edwards, 2021-09-13. *Men and Women in Qing China* is an analysis of Chinese prescriptions of gender as represented in Cao Xueqin's famous eighteenth-century Chinese novel of manners, *The Red Chamber Dream*, or *The Story of the Stone*. Drawing on feminist literary critical methods, it examines Qing notions of masculinity and femininity, including themes such as bisexuality, motherhood, virginity, and purity, and gender and power. Its central aim is to challenge the common assumption that the novel represents some form of early Chinese feminism by examining the text in conjunction with historical data. The book will be especially important to those interested in issues of gender in China, the history of Chinese literary criticism, and the application of feminist theory to the Asian text.

The History and Theory of Legal Practice in China Philip C.C. Huang, Kathryn Bernhardt, 2014-09-03

The History and Theory of Legal Practice in China: Toward a Historical Social Jurisprudence goes beyond the either/or dichotomy of Chinese vs. Western law, tradition vs. modernity, and the substantive/practical vs. the formal. It does so by proceeding not from abstract legal texts but from the realities of legal practice. Whatever the declared intent of a law, it must, in actual application, adapt to social realities. It is the two dimensions of representation and practice, and law and society, that together

make up the entirety of a legal system The assembled articles by the editors and a new generation of Chinese scholars illustrate a new historical social jurisprudence and explore the possible conceptual underpinnings of a modern Chinese legal system that would both accommodate and integrate the unavoidable paradoxes of contemporary China

Feminism and the Body Londa L. Schiebinger, 2000 This collection of classic essays in feminist body studies investigates the history of the image of the female body from the medical discovery of the clitoris to the body politic of Queen Elizabeth I to women deprecated as Hottentot Venuses in the nineteenth century The text look at the way in which coverings bear cultural meaning clothing reform during the French Revolution Islamic veiling and the invention of the top hat as well as the embodiment of cherished cultural values in social icons such as the Statue of Liberty or the Barbie doll By considering culture as it defines not only women but also men this volume offers both the student and the general reader an insight into the interdisciplinary and cross cultural study involved in feminist body studies

The Qing Dynasty and Traditional Chinese Culture Richard J. Smith, 2015-10-23 The Qing dynasty 1636 1912 a crucial bridge between traditional and modern China was remarkable for its expansiveness and cultural sophistication This engaging and insightful history of Qing political social and cultural life traces the complex interaction between the Inner Asian traditions of the Manchus who conquered China in 1644 and indigenous Chinese cultural traditions Noted historian Richard J Smith argues that the pragmatic Qing emperors presented a Chinese face to their subjects who lived south of the Great Wall and other ethnic faces particularly Manchu Mongolian Central Asian and Tibetan to subjects in other parts of their vast multicultural empire They were attracted by many aspects of Chinese culture but far from being completely sinicized as many scholars argue they were also proud of their own cultural traditions and interested in other cultures as well Setting Qing dynasty culture in historical and global perspective Smith shows how the Chinese of the era viewed the world how their outlook was expressed in their institutions material culture and customs and how China s preoccupation with order unity and harmony contributed to the civilization s remarkable cohesiveness and continuity Nuanced and wide ranging his authoritative book provides an essential introduction to late imperial Chinese culture and society

China's Motor Hill Gates, 1996 Hill Gates identifies two modes of organization in Chinese society the petty capitalist mode through which small producers structure economic activities and the tributary mode of state centered initiatives Applying these analytic categories Gates renders transparent some of the contradictions in Chinese life Important among these are an adeptness at simultaneously creating hierarchies of distribution and rough and tumble competition an extraordinarily strong kinship system that nonetheless permits infanticide and the sale of family members popular religious beliefs that deify bureaucratic power while revering egalitarian transactions between gods and humans and gender relations that both emphasize and undermine female power
