Seeing And Being Seen Tourism In The American West

William Wyckoff

Seeing And Being Seen Tourism In The American West:

All Aboard for Santa Fe Victoria E. Dye, 2007-01-16 How the Atchison Topeka and Santa Fe Railway Company contributed to the development of Southwest tourism

Seeing and Being Seen David M. Wrobel, Patrick T. Long, 2001 You can see them cruising for Indian art in Santa Fe waiting for Old Faithful at Yellowstone or pausing for shrimp cocktails on San Francisco's Fisherman's Wharf The American West attracts vacationers of every stripe who comb its varied landscapes for the ultimate trip And for better or worse those who come to see this multifaceted region have changed what they have come to see Seeing and Being Seen explores the history of tourism in the American West and examines its effects on both the tourists and the places and people they visit Scholars from the humanities social sciences and business Patricia Nelson Limerick Hal Rothman and others join government and National Park Service professionals to investigate the dilemmas that tourism poses for western communities from economic and environmental questions to cultural change The selections are organized around three broad topics scholarly perceptions of tourism tourists and those toured upon tourism in its historical context including an assessment of its cultural impact on communities and on tourists themselves and the history and impact of tourism on the West's national parks with particular emphasis on efforts to maintain the delicate balance between natural preservation and public enjoyment These essays cover the span of tourism history from early twentieth century See America First campaigns to the problematic place of automobiles in national parks today They also pay special attention to policy choices that the growth of tourism sometimes forces on communities as towns try to bounce back from failed economies by capitalizing on an Old West image or even in the case of Kellogg Idaho Old Bavarian In response the authors offer suggestions by which communities can begin to make rational choices about the role and place of tourism in their lives Seeing and Being Seen is enlightening and necessary reading for scholars policy makers residents of the West and even tourists themselves

How to Read the American West William Wyckoff, 2014-05-01 From deserts to ghost towns from national forests to California bungalows many of the features of the western American landscape are well known to residents and travelers alike But in How to Read the American West William Wyckoff introduces readers anew to these familiar landscapes A geographer and an accomplished photographer Wyckoff offers a fresh perspective on the natural and human history of the American West and encourages readers to discover that history has shaped the places where people live work and visit This innovative field guide includes stories photographs maps and diagrams on a hundred landscape features across the American West Features are grouped according to type such as natural landscapes farms and ranches places of special cultural identity and cities and suburbs Unlike the geographic organization of a traditional guidebook Wyckoff's field guide draws attention to the connections and the differences between and among places Emphasizing features that recur from one part of the region to another the guide takes readers on an exploration of the eleven western states with trips into their natural and cultural character How to Read the American West is an ideal traveling companion on the main roads and

byways in the West providing unexpected insights into the landscapes you see out your car window It is also a wonderful source for armchair travelers and people who live in the West who want to learn more about the modern West how it came to be and how it may change in the years to come Showcasing the everyday alongside the exceptional Wyckoff demonstrates how asking new questions about the landscapes of the West can let us see our surroundings more clearly helping us make informed and thoughtful decisions about their stewardship in the twenty first century Watch the trailer <http://www.youtube.com/watch?v=aYSmp5gZ4I> Manifest Destinations J. Philip Gruen, 2014-09-02 Tourists started visiting the American West in sizable numbers after the Union Pacific and Central Pacific Railroads were completed in 1869 Contemporary travel brochures and guidebooks of the 1870s sold tourists on the spectacular scenery of the West and depicted its cities as extensions of the natural landscape as well as places where efficient business operations and architectural grandeur prevailed all now easily accessible thanks to the relative comfort of transcontinental rail travel Yet as people flocked to western cities it was the everyday life that captured their interest the new technologies incessant clatter and all the upheaval of modern metropolises In Manifest Destinations J Philip Gruen examines the ways in which tourists experienced Chicago Denver Salt Lake City and San Francisco between 1869 and 1893 a period of rapid urbanization and accelerated modernity Gruen pays particular attention to the contrast between the way these cities were promoted and the way visitors actually experienced them Guidebooks made Chicago Denver Salt Lake City and San Francisco seem like picturesque environments sprinkled with civilized buildings and refined people But Gruen's research in diaries letters and traveler narratives shows that tourists were interested as tourists usually are in the unexpected encounters that characterize city life Visitors relished the cities unfamiliar storefronts and advertising public transit systems ethnic diversity and multiple dwellings in all their urban messiness They thrust themselves into the noise danger and cacophony Western cities did not always live up to the marketing strategies of guidebooks but the western cities fast pace and many novelties held extraordinary appeal to visitors from the East Coast and abroad In recounting lively anecdotes and by focusing on tourist perceptions of everyday life in western cities Gruen shows how these cities developed the economy of tourism to eventually encompass both the urban and the natural West

Literary Tourism Ian Jenkins, Katrin Anna Lund, 2019-07-12 Literary tourism is a nascent field in tourism studies yet tourists often travel in the footsteps of well known authors and stories Providing a wide ranging cornucopia of literary tourism topics this book fully explores the interconnections between the written word and travel It includes tourism stories using guidebooks films television and electronic media and recognises that stories texts and narratives even if they cannot be classified as traditional travel writing can become journeys in themselves and take us on imaginary voyages Appealing to a wide audience of different disciplines it encompasses subjects such as business literary writing historical journeys and the poetry of Dylan Thomas The use of these different perspectives demonstrates how heavily and widely literature influences travel tourists and tourism making it an important read for researchers and students of

tourism social science and literature **Pilgrimage to the National Parks** Lynn Ross-Bryant, 2013 National Parks America's Best Idea were from the first seen as sacred sites embodying the God given specialness of American people and American land and from the first they were also marked as tourist attractions The inherent tensions between these two realities ensured the parks would be stages where the country's conflicting values would be performed and contested As pilgrimage sites embody the values and beliefs of those who are drawn to them so Americans could travel to these sacred places to honor experience and be restored by the powers that had created the American land and the American enterprise This book explores the importance of the discourse of nature in American culture arguing that the attributes and symbolic power that had first been associated with the new world and then the frontier were embodied in the National Parks Author Ross Bryant focuses on National Parks as pilgrimage sites around which a discourse of nature developed and argues the centrality of religion in understanding the dynamics of both the language and the ritual manifestations related to National Parks Beyond the specific contribution to a richer analysis of the National Parks and their role in understanding nature and religion in the U S this volume contributes to the emerging field of religion and the environment larger issues in the study of religion e g cultural events and the spatial element in meaning making and the study of non institutional religion **Tourism, Religion and Spiritual Journeys** Dallen Timothy, Daniel Olsen, 2006-09-27 Religion and spirituality are still among the most common motivations for travel many major tourism destinations have developed largely as a result of their connections to sacred people places and events Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners religious organizations scholars and tourism service providers must deal with on a daily basis Bringing together a distinguished list of contributors this volume takes a global approach and incorporates substantial empirical cases from Hinduism Islam Judaism Roman Catholicism Mormonism New Ageism Sikhism Buddhism and the spiritual philosophies of East Asia On a conceptual level it considers amongst other topics contested heritage the pilgrim tourist dichotomy secularization of pilgrimage experiences religious humanism educational aspects of religious tourism commodification of religious icons and services A vibrant collection of essays this outstanding book discusses many important practices paradigms and problems that are currently being examined and debated It raises an array of significant and interesting questions and as such is a valuable resource for students scholars and researchers of tourism religion and cultural studies **Communities and Place** Katherine Crawford-Lackey, Megan E. Springate, 2020-06-05 Lesbian gay bisexual transgender and queer LGBTQ people have established gathering spaces to find acceptance form social networks and unify to resist oppression Framing the emergence of queer enclaves in reference to place this volume explores the physical and symbolic spaces of LGBTQ Americans Authors provide an overview of the concept of place and its role in informing identity formation and community building The book also includes interactive project prompts providing

opportunities to practically apply topics and theories discussed in the chapters

Idle Threats Andrew Lyndon Knighton, 2023-11-21 The 19th century witnessed an explosion of writing about unproductivity with the exploits of various idlers loafers and gentlemen of refinement capturing the imagination of a country that was deeply ambivalent about its work ethic *Idle Threats* documents this American obsession with unproductivity and its potentials while offering an explanation of the profound significance of idle practices for literary and cultural production While this fascination with unproductivity memorably defined literary characters from Rip Van Winkle to Bartleby to George Hurstwood it also reverberated deeply through the entire culture both as a seductive ideal and as a potentially corrosive threat to upright industrious American men Drawing on an impressive array of archival material and multifaceted literary and cultural sources *Idle Threats* connects the question of unproductivity to other discourses concerning manhood the value of art the allure of the frontier the usefulness of knowledge the meaning of individuality and the experience of time space and history Andrew Lyndon Knighton offers a new way of thinking about the largely unacknowledged productivity of the unproductive revealing the incalculable and sometimes surprising ways in which American modernity transformed the relationship between subjects and that which is most intimate to them their own activity

The American West and the World Janne Lahti, 2018-09-21 *The American West and the World* provides a synthetic introduction to the transnational history of the American West Drawing from the insights of recent scholarship Janne Lahti recenters the history of the U S West in the global contexts of empires and settler colonialism discussing exploration expansion migration violence intimacies and ideas Lahti examines established subfields of Western scholarship such as borderlands studies and transnational histories of empire as well as relatively unexplored connections between the West and geographically nonadjacent spaces Lucid and incisive *The American West and the World* firmly situates the historical West in its proper global context

Sports Matters John Bloom, Michael Willard, 2002-09 *Sports Matters* brings critical attention to the centrality of race within the politics and pleasures of the massive sports culture that developed in the U S during the past century and a half

Together by Accident Stephanie C. Palmer, 2008-12-16 This fascinating account of the regional travel accident motif within American local color literature offers a reassessment of the cultural work done by authors writing during the Gilded Age Stephanie C. Palmer shows how events like broken carriage wheels and missed trains were used by local color authors to bring together bourgeois and lower class characters thus giving readers the opportunity to see modernity coming into contact with both rural and urban life Using the works of Sarah Orne Jewett Bret Harte William Dean Howells Elizabeth Stuart Phelps and others Palmer traces the use of the regional travel accident motif and how local color writers employed it to give critiques on class society and modern life Exploring the themes of regional identity modernity and interpersonal relationships *Together by Accident* offers an intriguing evaluation of the innovations and inconveniences associated with life during the industrializing Gilded Age in America

Landscape in American Guides and View Books Herbert Gottfried, 2013 *Landscape in American Guides and View Books* Visual History of

Touring and Travel is vested in the American relationship to landscape and the role guidebooks and view books played in touring and travel experiences including immigration. Early in the history of the republic the relationship to landscape turns visual that is landscapes inspire artistic responses in the form of written descriptions and visual representations. The predominant element is the scene. From the 1820s on scenic thinking within an emerging industrial economy characterizes a major cultural and social development. As immigration increases within the country and from abroad publishers and trade groups create souvenir guidebooks and view books to facilitate the movement of people and to encourage economic expansion and tourism. Guide and view book analysis centers on pictures of landscape transformations and includes the cultural basis of scenes changing from pastoral and picturesque expressions to the documentation of managed views. The general acceptance of managed views as replacements for romantic ones illustrates a commitment to landscapes that denote utility and the influence of commercial and industrial urban centers on American life. Guidebook and view book imagery composed of durable schemas promotes visual thinking across social classes and time. The primary medium for souvenirs is the photograph which printing methods like photolithography transform into printed products. The visual history of touring and travel is part of America's first visual culture as well as the social formation of landscape, the emergence of a collective vision among souvenir producers and consumers and the role visual information plays in landscape commentary which is the literary context for printed souvenirs.

New Jersey's Environments Neil M. Maher, 2006-01-19 Americans often think of New Jersey as an environmental nightmare. As seen from its infamous turnpike which is how many travelers experience the Garden State it is difficult not to be troubled by the wealth of industrial plants belching smokestacks and hills upon hills of landfills. Yet those living and working in New Jersey often experience a very different environment. Despite its dense population and urban growth two thirds of the state remains covered in farmland and forest and New Jersey has a larger percentage of land dedicated to state parks and forestland than the average for all states. It is this ecological paradox that makes New Jersey important for understanding the relationship between Americans and their natural world. In New Jersey's Environments historians, policy makers and earth scientists use a case study approach to uncover the causes and consequences of decisions regarding land use, resources and conservation. Nine essays consider topics ranging from solid waste and wildlife management to the effects of sprawl on natural disaster preparedness. The state is astonishingly diverse and faces more than the usual competing interests from environmentalists, citizens and businesses. This book documents the innovations and compromises created on behalf of and in response to growing environmental concerns in New Jersey, all of which set examples on the local level for nationwide and worldwide efforts that share the goal of protecting the natural world.

The View from Vermont Blake A. Harrison, 2006 With its small native population, proximity to major metropolitan areas and bucolic rural beauty Vermont was fated to be a tourist mecca forever associated in the popular imagination with maple syrup, fall colors and ski bunnies. Tourism for good and ill has always been the decisive factor in the conception of rural

Vermont What is surprising however is the degree to which we have accepted this notion of rural Vermont as a somehow timeless entity Blake Harrison's rich and rewarding study instead presents the construction of Vermont's landscape as a complex and ever changing dynamic informed by progressive modernist and reformist thought competing views of economic expansion rural and urban prejudice and social exclusion and more recently by land use planning and environmentalism This broad based study includes the early history of Vermont tourism the concomitant abandonment of farms with the rise of the summer home the creation of an unspoiled Vermont from billboards at least the impact of Vermont's ski industry on tradition bound tourism and later efforts to legislate growth and protect an increasingly static ideal of a rural Vermont While grounded within a specific Vermont view Harrison has much to contribute to broader studies of rural places tourism and landscapes in American culture His analysis of how physical landscapes affect and are affected by our imagined landscape and the insight afforded by his juxtaposition of leisure and labor will deeply inform our understanding of rural tourist landscapes for years to come This is a truly interdisciplinary work that will satisfy and challenge historians and geographers alike

From Old Quebec to La Belle Province Nicole Neatby, 2018-11-30 Tourism promoters strive to brand their destinations in anticipation of what they think travellers hope to experience In turn travel writers react in part to destinations in line with their expectations While several scholars have documented such patterns elsewhere these have remained understudied in the case of Quebec despite the frequency with which the province was branded and rebranded and its status as a major North American travel destination in the decades leading up to Expo 67 The first comprehensive history of Quebec tourism promotion and travel writing *From Old Quebec to La Belle Province* details changing marketing strategies and shows how these efforts consistently mirrored and strengthened French Quebec's evolving national identity Nicole Neatby also takes into account the contentious role of English speaking promoters in Montreal belying the view that Quebec was unvaryingly represented and appreciated for being old Taking a comparative approach Neatby draws on books and a wide array of newspapers popular and specialized magazines and written and visual sources from outside the tourist genre to reveal how the distinct national and cultural identities of English Canadians Americans and French Quebecers profoundly shaped their expectations and reactions to the province *From Old Quebec to La Belle Province* traces and explains shifting promotional priorities for tourism and travel writers varying reactions over the course of four decades and how these attitudes harmonized with evolving national identities

The Rise of Modern Business Mansel G. Blackford, 2012-07-01 *The Rise of Modern Business* compares and analyzes the development of business and business institutions in several countries from the preindustrial era to the present Paying close attention to connections between business development and political social and cultural changes Blackford addresses both manufacturing and nonmanufacturing firms small firms as well as big businesses For this third edition he updates his study in light of new scholarship with special attention paid to the structural diversity of business firms and with a timely discussion about the reciprocal relationship between business and the environment The

business history of Germany is extensively updated and there is entirely new coverage of the business history of China a country whose growing political and economic prowess on the world stage demands the historical and contextual understanding of business scholars today Branding the American West Marian Wardle, Sarah E. Boehme, 2016-02-17 Artists and filmmakers in the early twentieth century reshaped our vision of the American West In particular the Taos Society of Artists and the California based artist Maynard Dixon departed from the legendary depiction of the Wild West and fostered new images or brands for western art This volume illustrated with more than 150 images examines select paintings and films to demonstrate how these artists both enhanced and contradicted earlier representations of the West Prior to this period American art tended to portray the West as a wild frontier with untamed lands and peoples Renowned artists such as Henry Farny and Frederic Remington set their work in the past invoking an environment immersed in conflict and violence This trademark perspective began to change however when artists enamored with the Southwest stamped a new imprint on their paintings The contributors to this volume illuminate the complex ways in which early twentieth century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient Yet as the authors also reveal these artists were not entirely immune to the siren call of the vanishing West and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes Both brands cast a romantic spell on the West and both have been seared into public consciousness Branding the American West is published in association with the Brigham Young University Museum of Art Provo Utah and the Stark Museum of Art Orange Texas

Natural Visions Finis Dunaway, 2016-12-20 Walden Pond The Grand Canyon Yosemite National Park Throughout the twentieth century photographers and filmmakers created unforgettable images of these and other American natural treasures Many of these images including the work of Ansel Adams continue to occupy a prominent place in the American imagination Making these representations though was more than a purely aesthetic project In fact portraying majestic scenes and threatened places galvanized concern for the environment and its protection *Natural Visions* documents through images the history of environmental reform from the Progressive era to the first Earth Day celebration in 1970 showing the crucial role the camera played in the development of the conservation movement In *Natural Visions* Finis Dunaway tells the story of how visual imagery such as wilderness photographs New Deal documentary films and Sierra Club coffee table books shaped modern perceptions of the natural world By examining the relationship between the camera and environmental politics through detailed studies of key artists and activists Dunaway captures the emotional and spiritual meaning that became associated with the American landscape Throughout the book he reveals how photographers and filmmakers adapted longstanding traditions in American culture the Puritan jeremiad the romantic sublime and the frontier myth to literally picture nature as a place of grace for the individual and the nation Beautifully illustrated with photographs by Ansel Adams Eliot Porter and a host of other artists *Natural Visions* will appeal to a wide range of readers interested in American cultural

history the visual arts and environmentalism

Higher Education in the American West Richard W. Jonsen, Patty

Limerick, David A. Longanecker, 2014-03-19 Higher Education in the American West Regional History and State Contexts is the first comprehensive regional history of American higher education It offers new historical research on how societal forces and state actions brought about the region s one thousand two hundred institutions of higher learning in 15 western states

Embracing the Beat of Expression: An Psychological Symphony within **Seeing And Being Seen Tourism In The American West**

In a world eaten by displays and the ceaseless chatter of instant interaction, the melodic beauty and emotional symphony developed by the prepared term usually fade into the background, eclipsed by the relentless noise and disruptions that permeate our lives. But, located within the pages of **Seeing And Being Seen Tourism In The American West** a marvelous literary prize filled with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts readers on a psychological trip, well unraveling the hidden melodies and profound impact resonating within each cautiously crafted phrase. Within the depths with this moving review, we shall investigate the book is central harmonies, analyze its enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Seeing And Being Seen Tourism In The American West Introduction

In today's digital age, the availability of Seeing And Being Seen Tourism In The American West books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Seeing And Being Seen Tourism In The American West books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Seeing And Being Seen Tourism In The American West books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Seeing And Being Seen Tourism In The American West versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Seeing And Being Seen Tourism In The American West books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Seeing And Being Seen Tourism In The American West books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed

and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Seeing And Being Seen Tourism In The American West books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Seeing And Being Seen Tourism In The American West books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Seeing And Being Seen Tourism In The American West books and manuals for download and embark on your journey of knowledge?

FAQs About Seeing And Being Seen Tourism In The American West Books

What is a Seeing And Being Seen Tourism In The American West PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Seeing And Being Seen Tourism In The American West PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Seeing And Being Seen Tourism In The American West PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Seeing And Being Seen Tourism In The American West PDF to another file format?** There are multiple

ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Seeing And Being Seen Tourism In The American West PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
