Paul Getty Museum, 2005 Publisher description

1,000 Places to See Before You Die Patricia Schultz, 2015-07-01 The world's bestselling travel book is back in a more informative more experiential more budget friendly full color edition A 1 New York Times bestseller 1 000 Places reinvented the idea of travel book as both wish list and practical guide As Newsweek wrote it tells you what's beautiful what's fun and what's just unforgettable everywhere on earth And now the best is better There are 600 full color photographs Over 200 entirely new entries including visits to 28 countries like Lebanon Croatia Estonia and Nicaragua that were not in the original edition There is an emphasis on experiences an entry covers not just Positano or Ravello but the full 30 mile stretch along the Amalfi Coast Every entry from the original edition has been readdressed rewritten and made fuller with more suggestions for places to stay restaurants to visit festivals to check out And throughout the book is more budget conscious starred restaurants and historic hotels such as the Ritz but also moderately priced gems that don't compromise on atmosphere or charm The world is calling Time to answer *The California Garden Tour* Donald Olson, 2017-08-09 A fantastic garden journey that only California can provide In *The California Garden Tour* veteran travel writer Donald Olson highlights 50 outstanding public gardens and provides all the information you need to make the most of your visit From San Francisco and the East Bay to Palm Springs and San Diego Olson includes iconic gardens like the Getty Center new favorites like Alcatraz and uniquely Californian destinations like Lotusland and Sunnylands The easy to use format includes visitor information an evocative description and full color photography for each garden **Tenue est mendacium** Klaus Lennartz, Javier Martínez, 2022-04-07 Many new and fruitful avenues of investigation open up when scholars consider forgery as a creative act rather than a crime We invited authors to contribute work without imposing any restrictions beyond a willingness to consider new approaches to the subject of ancient fakes forgeries and questions of authenticity The result is this volume in which our aim is to display some of the many possibilities available to scholarship The exposure of fraud and the pursuit of truth may still be valid scholarly goals but they implicitly demand that we confront the status of any text as a focal point for

matters of belief and conviction Recent approaches to forgery have begun to ask new questions some intended purely for the sake of debate Ought we to consider any author to have some inherent authenticity that precludes the possibility of a forger's successful parody If every fake text has a real context what can be learned about the cultural circumstances which give rise to forgeries If every real text can potentially engender a parallel history of fakes what can this alternative narrative teach us What epistemological prejudices can lead us to swear a fake is genuine or dismiss the real thing as inauthentic Following Splendide Mendax and Animo Decipiendi this is the latest installment of an ongoing inquiry conducted by scholars in numerous countries into how the ancient world its literature and culture its history and art appears when viewed through the lens of fakes and forgeries sincerities and authenticities genuine signatures and pseudepigrapha How does scholarship tell the truth if evidence doesn't But fabula docet The falsum does not simply make the great annoying stone before the door of the truth otherwise this here would really be a council of antiquarians and paleographers The falsum makes a delicate fine tissue It allows the verum to shine through in nuances and reliefs that were less noticeable without its counterpart really tied at the head And treated differentiated it becomes even itself perlucidum shines out with hidden values *Seeing Theater* Naomi A. Weiss, 2023-05-16 This is the first book to approach the visuality of ancient Greek drama through the lens of theater phenomenology Gathering evidence from tragedy comedy satyr play and vase painting Naomi Weiss argues that from its very beginnings Greek theater in the fifth century BCE was understood as a complex interplay of actuality and virtuality Classical drama frequently exposes and interrogates potential viewing experiences within the theatron literally the place for seeing Weiss shows how in so doing it demands distinctive modes of engagement from its audiences Examining plays and pottery with attention to the instability and ambiguity inherent in visual perception *Seeing Theater* provides an entirely new model for understanding this ancient art form **Seeing the Getty Gardens** Jeffrey Hirsch, J. Paul Getty Museum, 1998 **The Architecture of Influence** Amanda Reeser Lawrence, 2023-11-21 How do we create the new from the old *The Architecture of Influence* explores this fundamental question by analyzing a broad swath of twentieth century architectural works including some of the best known examples of the architectural canon modern and postmodern through the lens of influence The book serves as both a critique of the discipline's long standing focus on genius and a celebration of the creative act of revisioning and reimagining the past It argues that all works of architecture not only depend on the past but necessarily alter rewrite and reposition the traditions and ideas to which they refer Organized into seven chapters Replicas Copies Compilations Generalizations Revivals Emulations and Self Repetitions the book redefines influence as an active process through which the past is defined recalled and subsequently redefined within twentieth century architecture **Displaying the Ideals of Antiquity** Johannes Siapkas, Lena Sjögren, 2013-08-29 *Displaying the Ideals of Antiquity* investigates the study and display of ancient sculpture from archaeological art historical and museum studies perspectives Ancient sculptures not only give us knowledge about ancient Greek and Roman pasts but they also mediate ideals that inform modern perceptions of

antiquity This book analyzes how an art historical tradition establishes and preserves an idealized view of antiquity in classical archaeology and in museum exhibitions The authors investigate how these ideals are kept alive today an approach that often is neglected in studies on ancient reception This book offers an international scope and illustrates how academic conceptual foundations influence museum exhibitions This timely volume discusses contemporary museum exhibitions of ancient sculpture and clarifies how old discourses continue to affect museum exhibitions and conceptualizations of ancient sculptures The authors analyze close to 100 museums around the world and demonstrate the ways in which ancient sculptures are mediated across Europe and the West *Seeing the Getty Center* J. Paul Getty Museum, Jeffrey Hirsch, 1996

Time Out Los Angeles Editors of Time Out, 2011-08-05 Time Out Los Angeles is a VIP pass beyond the velvet rope and into the heart of one of the most fascinating cities in the United States The capital of the West Coast a sprawling megalopolis that is home to more stars than the night sky Los Angeles continues to enthrall all those who visit it Whether visitors are looking for tips on the hottest bets or hot springs this is the must have travel guide it covers the newest clubs restaurants and shopping as well as day trip suggestions in every direction *Democratic Swarms* Page duBois, 2022-05-04 Considers how ancient Greek comedy offers a model for present day politics With *Democratic Swarms* Page duBois revisits the role of Greek comedy in ancient politics considering how it has been overlooked as a political medium by modern theorists and critics Moving beyond the popular readings of ancient Greece through the lens of tragedy she calls for a revitalized look at Greek comedy Rather than revisiting the sufferings of Oedipus and his family or tragedy's relationship to questions of sovereignty this book calls for comedy its laughter its free speech its wild swarming animal choruses and its rebellious women to inform another model of democracy Ancient comedy has been underplayed in the study of Greek drama Yet with the irrepressible energy of the comic swarm it provides a unique perspective on everyday life gender and sexuality and the utopian politics of the classical period of Athenian democracy Using the concepts of swarm intelligence and nomadic theory duBois augments tragic thought with the resistant utopian libidinous and often joyous communal legacy of comedy and she connects the lively anti authoritarianism of the ancient comic chorus with the social justice movements of today **Collecting and**

Provenance Jane Milosch, Nick Pearce, 2019-10-28 The study of provenance the history of the creation and ownership of an artefact work of art or specimen provides insights into the history of taste and collecting illuminating the social economic and historic trends in which an object was created and collected It is as much a history of people as it is of objects and its study often reveals intricate networks of relationships patterns of activity and motivations This book promotes the study of the history of collecting and collections in all their variety through the lens of provenance and explores the subject as a cross disciplinary activity Perhaps for the first time in a publication it draws on expertise ranging from art history and anthropology to natural history and law looking at periods from antiquity through the 18th century and the Holocaust era to the present and materials from Europe and the Americas to China and the Pacific The issues raised are wide ranging

touching on aspects of authenticity cultural meaning and material transformation and economic and commercial drivers as well as collector and object biography The book fills a gap in the study of collecting and provenance taking the subject holistically and from multiple standpoints better to reflect the widening interest in provenance from a range of disciplinary perspectives This book will be a service to the field from established scholars and museum professionals to students of collecting history cultural heritage and museum studies

Housing the New Romans Katharine T. von Stackelberg, Elizabeth Macaulay-Lewis, 2017 In the last twenty years reception studies have significantly enhanced our understanding of the ways in which Classics has shaped modern Western culture but very little attention has been directed toward the reception of classical architecture *Housing the New Romans Architectural Reception and Classical Style in the Modern World* addresses this gap by investigating ways in which appropriation and allusion facilitated the reception of Classical Greece and Rome through the requisition and redeployment of classicizing tropes to create neo Antique sites of dwelling in the 19th and early 20th centuries The volume across nine essays will cover both European and American iterations of place making including Sir John Soanes house in London the Hotel de Beauharnais in Paris and the Getty Villa in California By focusing on structures and places that are oriented towards private life houses hotels clubs tombs and gardens the volume directs the critical gaze towards diverse and complex sites of curatorial self fashioning The goal of the volume is to provide a multiplicity of interpretative frameworks e g object agency enchantment hyperreality memory infrastructure that may be applied to the study of architectural reception This critical approach makes *Housing the New Romans* the first work of its kind in the emerging field of architectural and landscape reception studies and in the hitherto textually dominated field of classical reception

Hellenistic Sculpture Brunilde Sismondo Ridgway,1990 This is the final volume in Brunilde Sismondo Ridgway s series of books covering the entire range of Greek sculpture from its inception to its virtual end as it merged into the production of the Roman Imperial world Volume III discusses sculptural works both architectural and free standing from approximately 100 B C to the Battle of Actium 31 B C which removed from power the last Hellenistic ruler Although some monuments may belong to the years just before or just after this timespan Ridgway s aim is to concentrate on works plausibly dated to the first century B C even those with highly controversial chronologies Famous sculptures the Laokoon the epic groups from the Sperlonga cave the Belvedere Torso the bronze Boxer in the Terme Museum and many others are discussed together with less well known pieces Ridgway gives special emphasis to the finds from two shipwrecks the Mahdia and the Antikythera wrecks that provide a reasonable terminus ante quem and argues that many of the stylistic trends and decorative objects usually considered typically Roman instead have their roots in the Greek world This last Hellenistic phase is perhaps the most interesting of the three because it documents to a great extent the transformation of the products of one culture into those of another with different interests and priorities Far from being an unimaginative inferior output driven by commercial considerations the statuary of the first century B C is vibrant and inventive drawing from many sources in a stylistic eclecticism
