Seeing Through Movies:

Seeing Through Movies Mark Crispin Miller, 1990 Six essays in media criticism show how the movies have come to exert an influence on every aspect of contemporary life from consumerism to military policy **Seeing through the Screen** Bruce E. Altschuler, 2017-11-22 Although films affect and reflect the way Americans look at politics they have received far less attention than television or newspapers This is changing particularly on college campuses where courses on politics and film are growing in popularity This book consists of short essays on approximately fifty American political films It is distinctive in two ways Firstly it defines politics broadly enough to include a range of films not only on obviously political topics such as the presidency congress and elections but also on the media law and courts war and peace and a variety of policy issues Secondly it goes beyond plot and dialogue to discuss the language of film including visual aspects sound mise en scene and other ways that films communicate their messages to audiences Each chapter begins with a brief introduction to the films included The essays also explain the political context of each film and when films are based on historical events discuss the accuracy of their depictions References to additional sources are included at the end of each essay This book explores the extent to which films take on the political issues of the day and their influence on public perceptions of politics Do films support the status quo or do they challenge it Seeing Through Music Peter Franklin, 2011-08-01 Hollywood film music is often mocked as a disreputably applied branch of the art of composition that lacks both the seriousness and the quality of the classical or late romantic concert and operatic music from which it derives Its composers in the 1930s and 40s were themselves often scornful of it and aspired to produce more serious works that would enhance their artistic reputation In fact the criticism of film music as slavishly descriptive or manipulatively over emotional has a history that is older than film it had even been directed at the relatively popular operatic and concert music written by some of the major Hollywood composers themselves before they had left Europe There as subsequently in America such criticism was promoted by the developing project of Modernism whose often high minded opposition to mass culture used polarizing language that drew intentionally or not upon that of gender difference Regressive late romantic music the old argument ran was as women were believed to be emotional irrational and lacking in logic This book seeks to level the critical playing field between film music and serious music reflecting upon gender related ideas about music and modernism as much as about film Peter Franklin broaches the possibility of a history of twentieth century music that would include rather than marginalize film music and indeed the scores of a number of the major Hollywood movies discussed here like *The Bride of Frankenstein* *King Kong* *Rebecca* *Gone With The Wind* *Citizen Kane* and *Psycho* In doing so he brings more detailed music historical knowledge to bear upon cinema music often discussed as a unique and special product of film and also offers conclusions about the problematic aspects of musical modernism and some arguably liberating aspects of late romanticism *Seeing Through Clothes* Anne Hollander, 1993-03-22 In this generously illustrated book Anne Hollander examines the representation of the

body and clothing in Western art from Greek sculpture and vase painting through medieval and renaissance portraits to contemporary films and fashion photography First published ahead of its time this book has become a classic **Seeing Through Places** Mary Gordon,2002-02-10 Mary Gordon bestselling author of Spending and The Shadow Man investigates the role that place plays in the formation of identity the connections between how we experience place and how we become ourselves From her grandmother s house which stood at the center of her childhood life to a rented house on Cape Cod where she began to mature as a writer Mary Gordon navigates the reader through these spaces and worlds with subtlety and style Wise humorous and intelligent Seeing Through Places illuminates the relationship between the physical emotional and intellectual architectures of our lives showing us the far reaching power that places ultimately have in influencing a life

Seeing Through Ricky Ian Gordon,2024-07-23 The true confessions of a working opera composer an exhilarating story of a life that comes out of chaos At eight years old Ricky Ian Gordon pulled The Victor Book of Opera off his piano teacher s bookshelf and his world shifted on its axis Though scandal sadness and confusion would shake that world over the next few decades its polestar remained constant Music has been the guiding force of Gordon s life through it he has been able not only to survive great sorrow but also to capture the depths of his emotion in song It is this strength this technical and visceral genius that has made him one of our generation s greatest composers In Seeing Through Gordon writes with humor insight and incredible candor about his life and work a tumultuous youth on Long Island his artistic collaborations and obsessions the creation of his compositions including The Grapes of Wrath 27 Orpheus and Euridice Intimate Apparel Ellen West and more his addictions and the abuses he endured and the loss of his partner to AIDS and the devastation of the HIV AIDS epidemic As Gordon writes of that period We were thousands of us Lazarus We had to rise from the ashes We didn t have to rebuild our lives we had to build new ones Gordon has succeeded in building a remarkable life as well as a body of work that bears witness to all he survived in the process one that will endure as a pivotal chapter in America s songbook **Seeing**

Greenberg,1994 Screen Memories delves into the psychological features of mainstream movies from Casablanca to Working Girl While most psychoanalytic film criticism is highly theoretical Dr Greenberg a practicing clinician writes in an entertaining informative style that will appeal to fans and scholars alike Greenberg begins with an overview of the history and methods of psychoanalytic film criticism He then focuses upon character motivation and conflict in famous examples of detective war science fiction horror and cult cinema He also addresses the enduring emotional appeal of these genres to spectators from one generation to the next Greenberg then fuses

psychoanalysis and cultural criticism He probes a type of big bad picture which emerged in Hollywood in the 1970s and 1980s embracing nearly every genre with a particular focus on the hero's pathological narcissism in such films as Rambo and Top Gun

Seeing Through the Bumpf Gerry Ewert, 2021-02-08 Do you have an uneasy sense that you are being manipulated every day and being misled You are and you aren't alone Every day we're bombarded by statements questionable reasoning emotional pleas and very selective data These are employed by the media politicians public figures and marketers in an effort to draw you to their side of the argument At times you may want to wave the white flag of surrender in the war for truth Maybe there is no truth Maybe there are many sometimes contradictory truths It doesn't feel like that could be possible but how else do you reconcile these very articulate but diametrically opposing viewpoints and data By developing critical analytical skills and learning what it means to be

rational you ll be able to weigh the merits of the opposing viewpoints and more easily see gaps in others arguments Being rational requires honesty and a sincere effort to determine what is true and what is not as a basis for making decisions What are you going to do about being manipulated and misled Learn what being rational means how to think rationally and develop skills to determine valid data and to have a truly rational discussion Seeing Through the Bumpf will help you become an informed and thoughtful analyst of the daily bombardment that comes your way *Looking Through the Mirror* Paul Tan,2009
