

Seeing Through the Eighties: Television and Reaganism (Console-ing Passions)

copy link in description

The 1980s saw the rise of Ronald Reagan and the New Right in American politics, the popularity of programs such as *thirtysomething* and *Dynasty* on network television, and the increasingly widespread use of VCRs, cable TV, and remote control in American living rooms. In *Seeing Through the Eighties*, Jane Feuer critically examines this most aesthetically complex and politically significant period in the history of American television in the context of the prevailing conservative ideological climate. With wit, humor, and an undisguised appreciation of TV, she demonstrates the richness of this often-slighted medium as a source of significance for cultural criticism and delivers a compelling

Seeing Through the Eighties Jane Feuer, 1995-10-26 The 1980s saw the rise of Ronald Reagan and the New Right in American politics the popularity of programs such as *thirtysomething* and *Dynasty* on network television and the increasingly widespread use of VCRs cable TV and remote control in American living rooms In *Seeing Through the Eighties* Jane Feuer critically examines this most aesthetically complex and politically significant period in the history of American television in the context of the prevailing conservative ideological climate With wit humor and an undisguised appreciation of TV she demonstrates the richness of this often slighted medium as a source of significance for cultural criticism and delivers a compelling decade defining analysis of our most recent past With a cast of characters including Michael Hope Elliot Nancy Melissa and Gary Alexis Krystle Blake and all the other Carringtons not to mention Maddie and David even Crockett and Tubbs Feuer smoothly blends close readings of well known programs and analysis of television s commercial apparatus with a thorough going theoretical perspective engaged with the work of Baudrillard Fiske and others Her comparative look at Yuppie TV Prime Time Soaps and made for TV movie Trauma Dramas reveals the contradictions and tensions at work in much prime time programming and in the frustrations of the American popular consciousness *Seeing Through the Eighties* also addresses the increased commodification of both the producers and consumers of television as a result of technological innovations and the introduction of new marketing techniques Claiming a close relationship between television and the cultures that create and view it Jane Feuer sees the eighties through television while seeing through television in every sense of the word *How Television Shapes Our Worldview* Deborah A. Macey, Kathleen M. Ryan, Noah J. Springer, 2014-05-15 Over the last half of the twentieth century television has become the predominant medium through which the public accesses information about the world Through the news situation comedies police dramas and commercials we learn about the world around us and our role within it These genres narratives and cultural forms are not simply entertainment but powerful socializing agents that show the world as we might never see it in real life *How Television Shapes Our Worldview* brings together a diverse set of scholars methodologies and theoretical frameworks to interrogate the ways through which television molds our vision of the outside world The essays include advertising and public relations analyses audience interviews and case studies that touch on genres ranging from science fiction in the 1970s to current reality television Television truly provides a powerful influence over how we learn about the world around us and understand its social processes *Lifestyle Media in American Culture* Maureen E. Ryan, 2018-02-01 This book explores the emergence of lifestyle in the US first as a term that has become an organizing principle for the self and for the structure of everyday life and later as a pervasive form of media that encompasses a variety of domestic and self improvement genres from newspaper columns to design blogs Drawing on the methodologies of cultural studies and feminist media studies and built upon a series of case studies from newspapers books television programs and blogs it tracks the emergence of lifestyle s discursive formation and shows its

relevance in contemporary media culture It is in the broadest sense about the role played by the explosion of lifestyle media texts in changing conceptualizations of selfhood and domestic life Legitimizing Television Michael Z Newman, Elana Levine, 2012-02-27 Legitimizing Television Media Convergence and Cultural Status explores how and why television is gaining a new level of cultural respectability in the 21st century Once looked down upon as a plug in drug offering little redeeming social or artistic value television is now said to be in a creative renaissance with critics hailing the rise of Quality series such as Mad Men and 30 Rock Likewise DVDs and DVRs web video HDTV and mobile devices have shifted the longstanding conception of television as a household appliance toward a new understanding of TV as a sophisticated high tech gadget Newman and Levine argue that television's growing prestige emerges alongside the convergence of media at technological industrial and experiential levels Television is permitted to rise in respectability once it is connected to more highly valued media and audiences Legitimation works by denigrating ordinary television associated with the past distancing the television of the present from the feminized and mass audiences assumed to be inherent to the old TV It is no coincidence that the most validated programming and technologies of the convergence era are associated with a more privileged viewership The legitimation of television articulates the medium with the masculine over the feminine the elite over the mass reinforcing cultural hierarchies that have long perpetuated inequalities of gender and class Legitimizing Television urges readers to move beyond the question of taste whether TV is good or bad and to focus instead on the cultural political and economic issues at stake in television's transformation in the digital age **Film - An International Bibliography** Malte Hagener, Michael Töteberg, 2016-12-16 Kommentierte Bibliografie Sie gibt Wissenschaftlern Studierenden und Journalisten zuverlässige Auskunft über rund 6000 internationale Veröffentlichungen zum Thema Film und Medien Die vorgestellten Rubriken reichen von Nachschlagewerk über Filmgeschichte bis hin zu Fernsehen Video Multimedia The Greenwood Guide to American Popular Culture: Pulp and dime novels through Young adult fiction M. 1 1 arithmetic sequences sequences and series siyavula - Aug 03 2022

web an arithmetic sequence is a sequence where consecutive terms are calculated by adding a constant value positive or negative to the previous term we call this constant value the common difference d

8 1 arithmetic sequences mathematics libretexts - Dec 07 2022

web sep 15 2021 this section will explore arithmetic sequences how to identify them mathematically describe their terms and the relationship between arithmetic sequences and linear functions let's get started definition sequence

2 2 arithmetic and geometric sequences mathematics libretexts - May 12 2023

web arithmetic sequences if the terms of a sequence differ by a constant we say the sequence is arithmetic if the initial term a_0 of the sequence is a and the common difference is d then we have recursive definition $a_n = a_{n-1} + d$ with $a_0 = a$ a closed formula $a_n = a + nd$ how do we know this

arithmetic sequences explicit recursive formula kate s - Jan 28 2022

web for example the sequence 1 4 7 10 13 is an arithmetic sequence because 3 is being added each time to get the next term the sequence 100 90 80 70 is also arithmetic because 10 is being subtracted each time to get to the next term welcome to kate's math lessons teachers make sure to check out the study guides and activities

dp maths applications interpretation practice arithmetic sequences - Jul 02 2022

web aug 23 2023 sl arithmetic sequences practice arithmetic sequences the following questions are designed just to practice some of the fundamentals of working with arithmetic sequences generating working with generalisations for the n th term and finding the sum of a sequence to a given number of terms
