Edgar Award winning author A highly readable novel of political adventure a cracking good story and the Africa mentality is  
fascinating Kirkus Reviews Clinton Shartelle doesn't seem like a good choice to run a political campaign in Albertia For one  
thing he's American and Albertia is a small coastal republic in Africa about to be cut loose from the English Crown For  
another Shartelle is Southern and fiercely proud of it and his ideas about racial politics veer unpredictably from progressive  
to rigidly old fashioned But Shartelle is the best and the political future of Albertia is too important to be left to anyone else If  
history is any indication this first fair election will probably be the country's last Rich natural resources make it attractive to  
businessmen on both sides of the Atlantic opening Albertia up to political corruption For his part Shartelle is hired to make  
sure that a British industrialist's favored candidate wins the presidency But the opposition is backed by the CIA for whom  
murder is just another political tool      **American Literature: Classification schedule, classified listing by call
