Coll, H. Coll, 2013-02-12 The Sefer Yetzirah is the fundamental source of the Kabbalah Numerous editions of the text exist Each describes the creation of the universe in different ways The differences relate to the different Kabbalistic Schools that used the text No edition contains the full knowledge of the different Schools thus it is necessary to study the different versions of the Sefer Yetzirah to gain a fuller

understanding of the Kabbalah Sefer Yetzirah the Book of Creation E. Colle,2013-08-03 The First Torah was lost when Moses broke the First Two Tablets he had received from God on Mount Sinai Moses privately conveyed this knowledge to those few found worthy to receive it This knowledge has been secretly preserved within the Kabbalah The Sefer Yetzirah contains the knowledge of the First Torah which can be discovered through diligent study and unbiased thought **Sefer Yetzirah** Akiba Ben Joseph,2023-07-05 Sefer Book of Formation or Book of Creation is the title of the earliest extant book on Jewish esotericism although some early commentators treated it as a treatise on mathematical and linguistic theory as opposed to Kabbalah Yetzirah is more literally translated as Formation the word Briah is used for Creation The book is traditionally ascribed to the patriarch Abraham although others attribute its writing to Rabbi Akiva Modern scholars have not reached consensus on the question of its origins According to Rabbi Saadia Gaon the objective of the book s author was to convey in writing from a Jewish perspective how the things of our universe came into existence Translated from the Hebrew with annotations by Knut Stenring Includes the 32 paths of wisdom their correspondence with the Hebrew alphabet and the Tarot symbols and with an introduction by Arthur Edward Waite **The Sepher Yetzirah** Tarl Warwick,2015-09-11 For those involved with the study of Kabbalah the Sepher Yetzirah is along with the Sepher Bahir one of the key works of note within this genre of mysticism Involved with both the Hebrew alphabet and numbers systems it ascribes all major aspects of creation literally formation by divine force to three classes of Hebrew letters with three numbered classes thereafter the three mothers the seven pairs and the twelve elementals Further to this is added the ten Sephiroth and their representations The work contains what are very likely to be Gnostic elements as well for the Sephiroth are of nothingness here too are some alchemical properties and concepts enumerated in antiquity long before their latter day Renaissance counterparts Here then it is through fire water and breath that formation occurs and the divine breath of god is considered the moderating force which measures and imparts all other existence and nature Return to the Place Jill Hammer,2020-09-07 Rabbi Jill Hammer has taken ancient Jewish mystical text and transformed it into a contemporary guide for meditative practice In Return to the Place Rabbi Hammer guides the reader through the story of creation as the ancient text of the Sefer Yetzirah draws readers in and invites them to become participants in the book s vibrant incantations bringing the Creator s sacred energy into the world The Sefer Yetzirah is a creation story like none other describing the creation of the world in cryptic mystical poetic text Rabbi Jill Hammer has taken a fresh look at this text that scholars believe goes back to the sixth century CE embracing this text with healing intention Through guided meditations at each step along the way Rabbi Hammer allows readers to dig deeply into the text to experience the potential power of these ancient writings Hammer builds a thought provoking bridge from the past to the present translating the text and focusing on its key aspects to give readers a relevant focus for contemplation Advance Praise Sefer Yetzirah has been called the foundational text of Jewish mysticism but despite many scholarly attempts to explain it readers still find its language baffling and its message indecipherable Now Rabbi Jill

Hammer has clarified the text for us all Without ruining its mystery she reveals its cosmic vision of space time and body soul Beyond this she has created a new ancient meditative practice based on this mystical masterpiece Her superb achievement is a gift for all of us Dr Daniel Matt author of *The Essential Kabbalah The Heart of Jewish Mysticism* A tour de force at once scholarly whimsical deeply poetic and eminently accessible Hammer combines translation commentary and meditations with her uniquely seasoned sensibility one that balances feminine and masculine sensual and philosophical Rabbi Tirzah Firestone author of *The Receiving Reclaiming Jewish Women s Wisdom* Rabbi Hammer one of the most original religious guides of our time opens up for us a text that has fascinated mystics and philosophers for more than a millennium and yet has remained deeply mysterious *Return to the Place* shows us that the *Sefer Yetzirah* is a doorway into the deep structure of creation with the power to transform the cosmos as well as each person s most intimate experience Dr Nathaniel Berman author of *Divine and Demonic in the Poetic Mythology of the Zohar* Like its subject the mysterious *Book of Creation Return to the Place* brilliantly defies categorization It is a detailed commentary a bold spirit guide and a valuable work of scholarship It is both audacious and perspicacious And no one could have written it but Rabbi Dr Jill Hammer Rabbi Dr Jay Michaelson author of *Everything is God The Radical Path of Non Dual Judaism* [Sefer Yetzirah. possibilities of stagecraft In the late 19th and early 20th centuries many writers reacted to urban modernity by embracing decadent themes and styles and dramatists were no exception Decadence offered these writers a framework for exploring nonconformist identities and beliefs that challenged behavioural norms as much as the desirability of modern progress Decadent plays were at once behind the times in their celebration of antiquity and forward thinking in their staging of themes that have become all the more timely in the 21st century including queerness unconventional eroticism and critiques of empire and industrial progress Equally the diversity of decadent drama cannot be pigeon holed many of these plays still have the capacity to offend worldviews and invite us to interrogate present day conventions and propriety International in scope and eclectic in content this edited anthology is an authoritative and accessible introduction to a fast expanding field of decadent literature The first publication of its kind to deal with decadent drama and featuring plays translated into English for the first time Decadent Plays 1890 to 1930 breaks new ground by foregrounding decadence as a dramatic sensibility in this most pivotal of periods in the history of modern drama Featuring canonical and little known works by Oscar Wilde Michael Field Lesya Ukrainka Rachilde Remy de Gourmont Jean Lorrain Leonid Andreyev Gabriele D Annunzio Maurice Maeterlinck Izumi Kyoka and Djuna Barnes this anthology is an essential introduction to decadent drama that will pique the interest of specialists and non specialists alike
