Women's Football in Latin America Jorge Knijnik, Gabriela Garton, 2022-11-17 The chapters in the Women's Football in Latin America two volumes will look at the social and historical means of the embodied representation of gender differences that has been deeply embedded in the history of Latin American women and football. The authors identify and analyse how in a range of ways Latin American women have found in between spaces amid severe macho structures to establish and play their football. As a result the book will be of interest to researchers and students of sport sociology, football studies, gender studies, comparative sports studies, sports history and Latin American sporting culture. The second volume of this edited collection integrates a range of high quality studies on women's football across Latin American countries to a global readership. From studies with marginalized communities, football fans but also the media and professional women's footballers, the chapters show how football has been a key part of oppressive gender structures and ways that women have fought for gender equity within this key cultural expression in Latin America. The book also suggests a fascinating research and activist agenda for women's football in the continent for the next decades. *La Joven Moderna in Interwar Argentina* Cecilia Tossounian, 2019-12-11 In this book Cecilia Tossounian reconstructs different representations of modern femininity from the 1920s and 1930s Argentina, a time in which the country saw new economic prosperity, a growing cosmopolitan population and the emergence of consumer culture. Tossounian analyzes how these popular images of the *joven moderna*, the modern girl, helped shape Argentina's emerging national identity. **Argentina, Chile**, 1978 **Mi selección** Jorge Valdano, Darío Arizmendi, Julio Sánchez Cristo, 2014-05-18 El nuevo libro que relata los datos más curiosos de los jugadores de la Selección Colombia que nos lleva al mundial. Dirigido por Jorge Gelman y coordinado por Mariano Ben Plotkin. La caída del gobierno de Juan Perón en 1955 abrió una de las etapas más complejas de la historia argentina contemporánea. Las décadas que siguieron hasta 1983 estuvieron marcadas por una profunda inestabilidad política, la presencia de gobiernos autoritarios y represores y un alto nivel de conflictividad social, pero también constituyeron uno de los momentos más productivos y ricos de la producción cultural argentina. La restauración democrática dio comienzo a la fase más larga de estabilidad institucional del país desde 1930. Este quinto y último volumen de la Historia Contemporánea de Argentina analiza desde perspectivas novedosas toda la
