Sung and Yuan Paintings Metropolitan Museum of Art (New York, N.Y.), Wen Fong, Marilyn Fu, 1973 Acquisition of 25 paintings from the collection of C C Wang **The Double Screen** Wu Hung, 1996-11-22 This book contemplates a large problem what is a traditional Chinese painting Wu Hung answers this question through a comprehensive analysis of the screen a major format and a popular pictorial motif in traditional China With a broad array of examples ranging from the early centuries C E to the 1800s he explores the screen's position in art as an important site for artistic imagination as an illusionary representation on a flat surface and as an architectural device defining cultural conventions A screen occupies a space and divides it supplies an ideal surface for painting and has been a favourite pictorial image in Chinese art since antiquity With its diverse roles the screen has provided Chinese painters with endless opportunities to reinvent their art The author argues that any understanding of Chinese painting must include discussion of its material forms as well as its intimate connection with cultural context and convention Thus The Double Screen offers a powerful non western perspective on diverse artistic and cultural genres from portraiture and pictorial narrative to voyeurism and masquerade and will be invaluable to anyone interested in the history of art and Asian studies as well as to students and specialists in the field

The Song-Yuan-Ming Transition in Chinese History Paul Jakov Smith, Richard von Glahn, 2020-03-23 This volume seeks to study the connections between two well studied epochs in Chinese history the mid imperial era of the Tang and Song ca 800 1270 and the late imperial era of the late Ming and Qing 1550 1900 Both eras are seen as periods of explosive change particularly in economic activity characterized by the emergence of new forms of social organization and a dramatic expansion in knowledge and culture The task of establishing links between these two periods has been impeded by a lack of knowledge of the intervening Mongol Yuan dynasty 1271 1368 This historiographical black hole has artificially interrupted the narrative of Chinese history and bifurcated it into two distinct epochs This book aims to restore continuity to that historical narrative by filling the gap between mid imperial and late imperial China The contributors argue that the Song Yuan Ming transition early twelfth through the late fifteenth century constitutes a distinct historical period of transition and not one of interruption and devolution They trace this transition by investigating such subjects as contemporary impressions of the period the role of the Mongols in intellectual life the economy of Jiangnan urban growth neo Confucianism and local

Ma Yuan emerges as an artist who captures the reality of season, time, and mood in a dazzlingly abbreviated style that is nonetheless utterly convincing in its rendering of the natural world. Maxwell K. Hearn, Metropolitan Museum of Art. Richard Edwards and Ma Yuan have something in common: both are deeply committed to the work of art and the medium of ink painting. And like Ma Yuan's brushwork, Edwards's prose couples formal restraint with expressive power. This book is a major contribution to the literature on the art of ink painting at the Southern Song court. Robert Sharf, University of California, Berkeley. Ma Yuan, one of China's best-known artists, was a key figure in the period widely celebrated as the golden era of Chinese landscape painting. *The Heart of Ma Yuan* offers a careful discussion of Ma Yuan's painting as it emerged within the sophisticated artistic environment of Hangzhou in the late twelfth and early thirteenth centuries. Beautifully illustrated with more than 300 illustrations from leading museums and private collections around the world, the book includes discussions of Ma Yuan's family, of six generations of skillful painters, his many patrons, and his distinctive style in engaging Confucian, Taoist, and Buddhist genres, and his superb landscapes including animals, flowers, and detailed studies of water. Widely noted for his own keen eye and masterful stylistic analysis, Richard Edwards cultivates the art of looking for a broad readership, from general art lovers to specialists in art history.
