Motion Picture Editing Vincent LoBrutto, 2012-09 A list of 100 essential films Editing and Special/Visual Effects Charlie Keil, Kristen Whissel, 2016-08-26 Most moviegoers think of editing and special effects as distinct components of the filmmaking process We might even conceive of them as polar opposites since effective film editing is often subtle and almost invisible whereas special effects frequently call attention to themselves Yet film editors and visual effects artists have worked hand in hand from the dawn of cinema to the present day **Editing and Special Visual Effects** brings together a diverse range of film scholars who trace how the arts of editing and effects have evolved in tandem Collectively the contributors demonstrate how these two crafts have been integral to cinematic history starting with the trick films of the early silent era which astounded audiences by splicing in or editing out key frames all the way up to cutting edge effects technologies and concealed edits used to create the illusions Throughout readers learn about a variety of filmmaking techniques from classic Hollywood's rear projection and matte shots to the fast cuts and wall to wall CGI of the contemporary blockbuster In addition to providing a rich historical overview **Editing and Special Visual Effects** supplies multiple perspectives on these twinned crafts introducing readers to the analog and digital tools used in each craft showing the impact of changes in the film industry and giving the reader a new appreciation for the processes of artistic collaboration they involve **Ridley Scott**

Vincent LoBrutto, 2019-05-17 A study of the iconic and influential film director's life and work from the author of *Stanley Kubrick A Biography* With celebrated works such as *Alien* *Blade Runner* *Thelma Louise* and *Gladiator* Ridley Scott has secured his place in Hollywood This legendary director and filmmaker has had an undeniable influence on art and the culture of filmmaking but is also a respected media businessman In *Ridley Scott A Biography* Vincent LoBrutto delves into Ridley Scott's oeuvre in a way that allows readers to understand the yin and yang of his exceptional career offering a unique crosscut between the biographical facts of Scott's personal life his birth and early days in northeast England his life in New York City and his career in Hollywood as a director and producer of television commercials TV series miniseries and feature films Every film is presented analyzed and probed for a greater understanding of the visionary his personality and his
