Selected Works of Jawaharlal Nehru: 1 January to 6 April 1948 Jawaharlal Nehru, **Beyond Biryani: The Making of a Globalised Hyderabad** Dinesh C. Sharma, 2024 Hyderabad the city of nawabs the Charminar and biryani Or a city plugged into the neural network of global technology Hyderabad is both of those cities all at once and there is much more to it than meets the eye Beyond Biryani maps the journey from what was at best a proto colonial city under a quasi Mughal princely state till the 1940s to the modern and vibrant metropolis that Hyderabad is today In the pages of this book we see the beginnings of that transformation the Britishers who steered the city in the direction of developing a scientific temper and the nawabs who championed the cause And we discover the workings and patterns of the change from the Chloroform Commissions to Ronald Ross's discovery of malaria from the setting up of Osmania University India's first vernacular university to the newly independent India pushing for industrial laboratories scientific research and strategic forays into nuclear fuel and missiles Finally we discover how in the last thirty years Hyderabad has taken giant leaps towards becoming a truly globalised city An alternative history of the city of Hyderabad Beyond Biryani is a must read for anyone interested in how a city can catapult towards modernity while staying rooted in its cultural heritage

370: Undoing the Unjust BlueKraft Digital Foundation, 2025-08-08 The most definitive account of how Article 370 was abrogated The inside story of how Prime Minister Narendra Modi turned the seemingly impossible into a reality An eye opening read on the damage Article 370 inflicted on Jammu and Kashmir A book that will interest diverse readers including students scholars and historians Introduced in October 1949 Article 370 turned out to be a long standing permanent temporary provision till 5 August 2019 when it was abrogated by the Parliament of India The article has been subjected to intense debate and much discussion over the years Those who supported it cited Jammu and Kashmir's unique situation in 1947 while those who opposed it questioned how one nation could have two constitutions two flags and two sets of rules The naysayers also questioned its reductive aspects the denial of basic rights to the poor scheduled caste and scheduled tribe communities and women But whichever side one stood on the conventional belief for sixty five years since Independence was that Article 370 can never be repealed But then came 5 August 2019 when the supposedly impossible became a reality 370 Undoing the Unjust A New Future for J K takes the reader through the minute

and meticulous planning that ensured seamless execution of the decision Removing Article 370 not only needed strategic planning and political will but also mammoth logistical preparations Every single aspect would have to be addressed or else the region especially the Kashmir valley would plunge into chaos The book offers a glimpse of Prime Minister Narendra Modi's thought process insights into his leadership and most importantly his vision for Jammu and Kashmir By ensuring that Article 370 is repealed Prime Minister Modi altered the course of history But along with that he also fulfilled the decades old commitment of the Bharatiya Janata Party Deeply researched anecdotal and unputdownable this book fills the gaps on scholarship around an iconic moment of Indian history

Tibet Lezlee Brown Halper, Stefan A. Halper, 2014 The mythologizing of Tibet in the West and the Himalayan state's subsequent abandonment to China are recounted in this briskly paced and revealing new history

Indian Traces in Korean Culture Renata Czekalska, 2024-10-24 Indian traces in Korean Culture examines the enduring cross cultural discourse between India and Korea over the centuries emphasizing the transformative power of cultural exchange beyond geographical and temporal constraints The book analyses how symbols transcend sensory realms and embody spiritual content and suggests that Indian associations in Korean culture reflect a hybridized nature seamlessly blending cultural elements The author presents various facets of the cultural exchange between India and Korea covering Princess Hwang-ok's legendary Indian origins shaping Korean identity Ilyun's strategic documentation of Buddhism's transmission the influence of Indian figures such as Gandhi and Tagore an exploration of literature from ancient Buddhist verse to modern poets like Kim Yang-shik and Shiva Ryu and a study of cultural exchange in K-pop Facilitating a possible alternative to Huntington's theory of the clash of civilisations this book provides evidence that the multifaceted encounters between cultures are a historical process that co-shapes civilisational change on a global scale The first monograph solely dedicated to India-Korea cultural connection from antiquity to the present this book offers a paradigm shift inviting readers to explore fresh insights and reshape their understanding of cultural exchanges It will be of interest to researchers in intercultural communication Cultural Studies Cultural History and Asian Studies in particular Korea and India Chapters 1 and 5 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives CC BY-NC-ND 4.0 license

on the stage and screen Slate also draws upon underexplored details from her personal life providing new context for her experiences as a child widow her remarriage to the mercurial actor poet Harin Chattopadhyay and her divorce among the first civil divorces in modern India Taken as a whole Kamaladevi s life offers a uniquely revealing vantage point on the making of modern India a vantage point that centers the interconnections between struggles often seen as distinct and that reminds us of the full promise of Indian democracy The Non-Aligned Movement and the Cold War Natasa

Miskovic,Harald Fischer-Tiné,Nada Boskovska,2014-04-16 The idea of non alignment and peaceful coexistence was not new when Yugoslavia hosted the Belgrade Summit of the Non Aligned in September 1961 Freedom activists from the colonies in Asia Africa and South America had been discussing such issues for decades already but this long lasting context is usually forgotten in political and historical assessments of the Non Aligned Movement This book puts the Non Aligned Movement into its wider historical context and sheds light on the long term connections and entanglements of the Afro Asian world It assembles scholars from differing fields of research such as Asian Studies Eastern European and Southeast European History Cold War Studies Middle Eastern Studies and International Relations In doing so this volume looks back to the ideological beginnings of the concept of peaceful coexistence at the time of the anticolonial movements and at the multi faceted challenges of foreign policy the former freedom fighters faced when they established their own decolonized states It analyses the crucial role Yugoslav president Tito played in his determination to keep his country out of the blocs and finally examines the main achievement of the Non Aligned Movement to give subordinate states of formerly subaltern peoples a voice in the international system An innovative look at the Non Aligned Movement with a strong historical component the book will be of great interest to academics working in the field of International Affairs international history of the 20th century the Cold War Race Relations as well as scholars interested in Asian African and Eastern European history *International Relations and Non-Western Thought* Robbie Shilliam,2010-09-13 International Relations as a discipline tends to focus upon European and Western canons of modern social and political thought Alternatively this book explores the global imperial and colonial context within which knowledge of modernity has been developed The chapters sketch out the historical depth and contemporary significance of non Western thought on modernity as well as the rich diversity of its individuals groups movements and traditions The contributors theoretically and substantively engage with non Western thought in ways that refuse to render it exotic to superfluous to or derivative of the orthodox Western canon of social and political thought Taken as a whole the book provides deep insights into the contested nature of a global modernity shaped so fundamentally by Western colonialism and imperialism Now as ever these insights are desperately needed for a discipline that is so closely implicated in Western foreign policy making and yet retains such a myopic horizon of inquiry This work provides a significant contribution to the field and will be of great interest to all scholars of politics political theory and international relations theory **India, China and the Strategic Himalayas** Sangeeta Thapliyal,2023-10-20 This book analyses strategic

discourse on the Himalayas from the perspective of India's interests. Home to many communities, cultures, natural resources and political boundaries, it is the geopolitical landscape of the Himalayas between India and China that dominates other narratives and discourses. The traditional notion of Himalayas as India's frontiers and buffer is challenged by China. Despite various mechanisms to address border resolution, there are violations and transgressions from China. This book examines India's responses to the new emerging challenges in the Himalayas. How the statist discourse on strategic interests incorporates people's discourse. It provides a nuanced understanding of India's strategic undertakings, diplomatic initiatives and development framework. This book will be a valuable addition to existing knowledge on the Himalayas between India and China. Scholars and practitioners interested in International Relations, Strategic Studies, Himalayan Studies and South Asian Studies will find it useful.
