The Neo Buddhist Writings of Lafcadio Hearn *Light from the East* by Antony Goedhals offers radical rereadings of a misunderstood and undervalued Victorian writer It reveals that at the metaphysical core of Lafcadio Hearn s writings is a Buddhist vision as yet unappreciated by his critics and biographers Beginning with the American writings and ending with the essay and story meditations of the Japanese period the book demonstrates Hearn s deeply personal and transcendently beautiful evocations of a Buddhist universe and shows how these deconstruct and dissolve the categories of Western discourse and thinking about reality to create a new language a poetry of vastness emptiness and oneness that had not been heard before in English or indeed in the West Lafcadio Hearn's America Simon J. Bronner,2021-12-14

The American essays of renowned writer Lafcadio Hearn 1850 1904 artistically chronicle the robust urban life of Cincinnati and New Orleans Hearn is one of the few chroniclers of urban American life in the nineteenth century and much of this material has not been widely available since the 1950s Lafcadio Hearn s America collects Hearn s stories of vagabonds river people mystics criminals and some of the earliest accounts available of black and ethnic urban folklife in America He was a frequently consulted expert on America during his years in Japan and these editorials reflect on the problems and possibilities of American life as the country entered its greatest century Hearn s work which reflects an America that is less melting pot than a varied spicy and often exotic gumbo provide essential background for the study of America s first steps away from its agrarian beginnings **Selected Writings** Lafcadio Hearn,1949
