Selected Writings of T.C. Schneirla Lester R. Aronson,1972 **Selected Writings of T.C. Schneirla, Edited by Lester R. Aronson, Ethel Tobach ... Jay S. Rosenblatt, Daniel S. Lehrman** Theodore Christian SCHNEIRLA,1972 **Portraits of Pioneers in Psychology** Gregory A. Kimble,Michael Wertheimer,2000-11-01 This fourth book in the series continues the tradition of the popular earlier volumes by offering lively and entertaining information about some of contemporary psychology s most illustrious ancestors The 21 chapters many of them written by today s most visible and eminent authors concentrate on the lives and achievements of major psychologists from a variety of areas Created for undergraduate and graduate courses in the history of psychology the variety of pioneers represented provide enough flexibility to also use it as a supplemental reader in other psychology courses Each of the five volumes in this series contains different profiles thereby bringing more than 100 of the pioneers in psychology more vividly to life *Patterns of Behavior* Richard W. Burkhardt,2005-03-15 Publisher Description **Behavioral Development** Kathryn E. Hood,Gary Greenberg,Ethel Tobach,2013-11-26 First Published in 1995 Behavioral Development is Volume 1 in the Research and Developmental and Comparative Psychology series dedicated to honour the contributions of T C Schneirla This volume represents the substantive content of the Fifth T C Schneirla Conference held in November of 1989 The volume is divided into three parts the significance of the intensity of the adequate stimulus the process of development and the concept of integrative levels Schneirla is still recognized as one of the foremost theoreticians in comparative psychology and the rebirth of interest in comparative psychology is evident **Individual Development from an Interactional Perspective** David Magnusson,2015-03-27 Originally published in 1988 this title presents a longitudinal research project Individual Development and Adjustment IDA planned and implemented at the Department of Psychology University of Stockholm This title concerns the theoretical background of the project the planning and collecting of data during the second phase of the project when the participants had reached adulthood and the presentation of some empirical illustrative studies based on the collected data **Before Speech** Margaret Bullowa,1979-09-27 Long before they can make any sounds approaching language infants can share in communication though what this means is the subject of much scrutiny This 1979 volume deliberately draws on people whose different backgrounds have brought them to explore questions that have a bearing on communication in this earliest phase of human infancy This is then as Dr Bullowa says in her introduction primarily a book about how scientists go about finding out how infants and adults communicate with one another It is nowhere dogmatic contributors have all been encouraged to say why they came to do the research reported how they set about it and what they discovered Dr Bullowa herself provides a useful introduction which makes its own substantial contribution while surveying the broad context of the particular research discussing some of the themes that recur in the book and relating them to the wider literature **Cognitive and Affective Growth (PLE: Emotion)** Shapiro Edna,Evelyn Weber,2014-11-20 Originally

published in 1981 this title is a collection of chapters based on papers presented at a conference called to explore what the editors called a developmental interaction point of view an approach to developmental psychology and education that stresses these interactive and reciprocal relations The contributors although from diverse professional backgrounds are united in their commitment to an integrative view of developmental phenomena one that highlights relationships among different aspects of development and the reciprocal nature of relations between people and their environments **The Handbook of Life-Span Development, Volume 1** Richard M. Lerner, Willis F. Overton, 2010-12-14 In the past fifty years scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 1 Cognition Biology and Methods presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of of the biological and cognitive aspects of human change across the lifespan *Learning and Emotion: Evolutionary processes* Peter J. Livesey, 1986 First published in 1986 Routledge is an imprint of Taylor Francis an informa company
