Selected Bibliography Of Korean Studies:

Selected Bibliography of Korean Studies Academy of Korean Studies,1995 **Selected Bibliography of Korean Studies** ,1900* **Resources for Korean Studies** ,2010 **Resources for Korean Studies** Han'guk Kukche Kyoryu Chaedan,2003 *Resources for Korean Studies* ,1997 **Resources for Korean Studies** ,1995 **Resources for Korean Studies** Han'guk Kukche Kyoryu Chaedan,1995 **Resources for Korean Studies** ,2010 *Select Bibliography of Korean Studies* Academy of Korean Studies,1995 Handbook for Asian Studies Specialists Noriko Asato,2013-10-08 An indispensable tool for librarians who do reference or collection management this work is a pioneering offering of expertly selected print and electronic reference tools for East Asian Studies Chinese Japanese and Korean Handbook for Asian Studies Specialists A Guide to Research Materials and Collection Building Tools is the first work to cover reference works for the main Asian area languages of China Japan and Korea Several leading Asian Studies librarians have contributed their many decades of experience to create a resource that gathers major reference titles both print and online that would be useful to today s Asian Studies librarian Organized by language group it offers useful information on the many subscription based and open source electronic tools relevant to Asian Studies This book will serve as an essential resource for reference collections at academic libraries Previously published bibliographies on materials deal with China or Japan or Korea but none have coalesced information on all three countries into one work or are written in English And unlike the other resources available this work provides the insight needed for librarians to make informed collection management decisions and reference selections **Historical Dictionary of the Republic of Korea** Andrew C. Nahm,James Hoare,2004 This dictionary presents a balanced and objective view of South Korea providing a long perspective and covering varied aspects of South Korean life Domestic political and social events foreign affairs economic and cultural developments and the men and women who have influenced the country s history are reviewed in the more than 400 entries many of which are new or have been updated from the first edition The dictionary s chronology and historical narrative also updated cover the entire history of Korea for the benefit of readers who have little or no knowledge of the overall history of the Korean people The extensive bibliography has been updated to include the most current and best books journals and websites making this a valuable reference source for the scholar student and general reader **Korea; an Analytical Guide to Bibliographies** Hesung Chun Koh,1971 Annotated bibliography of bibliographies on Korea R with particular reference to social sciences studies The International Council on Korean Studies ,2001 SELECTED BIBLIOGRAPHY ON KOREAN UNIFICATION **Historical Dictionary of the Korean War** Paul M. Edwards,2010-06-10 The Korean War has often been regarded as a forgotten war although that is certainly unfair It was if anything a rather crucial war within the ambit of the Cold War started by North Korea in 1950 and although the bulk of the fighting was over by 1954 peace has never been concluded and the two sides still face off over the demilitarized zone On the other side of the zone is South Korea which has since become a very

prosperous and democratic country while North Korea has achieved relatively little So that war is certainly not forgotten by the Koreans And given the large number of deaths and casualties it is still remembered by many in the United States and other allies as well as China and the Soviet Union This Historical Dictionary of the Korean War now in its second edition does much to jolt our memory and inform us about the war This is done first in a lengthy chronology tracking the war but also the path to war and what happened after The introduction covers the war as a whole trying to make sense of it The dictionary section provides all of the necessary details on significant persons places and events battles and other engagements military units and material as well as the political economic and social background There are also maps and a list of acronyms This is really the ideal source for information in addition to which it also has an extensive bibliography **Han gug yeon gu ja lyo ji won mog log** ,2011 *Encyclopedia of Library and Information Science* Allen Kent,Harold Lancour,Jay E. Daily,1977-05-01

The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes This thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field Historical Dictionary of the Republic of Korea James E. Hoare,2020-10-13 South Korea Republic of Korea is the more successful of the two Koreas in both economic and political terms Even the Asian economic crisis of 1997 1998 which hit badly was weathered successfully and when the next crisis came along in 2007 South Korea coped better than many other countries This economic strength taken with the steady progress of democratization since 1987 indicates that when the peninsula is eventually reunified as one day it probably will be a new unified Korea will follow the South Korea model rather than that of North Korea This fourth edition of Historical Dictionary of the Republic of Korea contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Korea **Select List of Recent Publications** East-West Center. Library,1963

A New History of Korea Ki-baik Lee,1988-03-15 One of the first most widely read and respected histories of Korea Ki baik Lee s Han guksa Sillon has been translated into English by Edward W Wagner A New History of Korea offers Western readers a distillation of the best scholarship on Korean history and culture from the earliest times to the student revolution of 1960 *Peace and Security in Northeast Asia* Young Whan Kihl,Peter Hayes,1997 Details North Korea s technology infrastructure and institutions and discusses difficulties the country faces in creating alternatives to a nuclear weapons program within the context of maintaining environmentally sound ecologically sustainable energy development in the region
