Selected Letters On Politics And Society:

Selected Letters on Politics and Society Alexis de Tocqueville, 1985-01-01 Correspondence by the eminent nineteenth century French historian documents his political views his careers as a writer and politician and his complex personality

Alexis de Tocqueville: Selected Letters on Politics and Society Alexis de Tocqueville, 2022-05-27 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985

Tocquevillian Ideas Zbigniew Rau, Marek Tracz-Trynieski, 2014-04-01 This book offers a new European centered approach to Tocqueville's thought Although Tocqueville is often revered as a classic writer on the subject of American democracy this book focuses on the multifaceted importance of his ideas within a European context This collection of essays presents Tocqueville's vision of a diverse and united Old Continent exploring his ideas of liberty virtue religion patriotism greatness civic participation and democracy These thoughts are analyzed not only in the context of Tocqueville's output but also in the light of their potential to describe the dilemmas of contemporary Europe and to offer remedies for its problems

Libraries, Classrooms, and the Interests of Democracy John Buschman, 2012-07-30 In *Libraries Classrooms and the Interests of Democracy* Dr Buschman details the connections between our educative institutions and democracy and the resources within democratic theory reflecting on the tensions between marketing advertising consumption and democracy

The ^ADemocratic Sublime Jason Frank, 2021-03-15 *The Democratic Sublime* offers an interdisciplinary exploration of how popular assemblies crowds demonstrations gatherings of the people out of doors came to be central to the political aesthetics of democracy during the age of democratic revolutions 1776 to 1848 Engaging with a wide range of sources from canonical political theorists Rousseau Burke and Tocqueville to the novels of Hugo the visual culture of the barricades and the memoirs of popular insurgents *The Democratic Sublime* demonstrates how making the people's sovereign will tangible to popular judgment became a central dilemma of modern democracy and how it remains so today

Sustaining a Free Society Roger Soder, 2021-08-01 It is difficult to create a free society but even more difficult to sustain that free society over time We want to sustain the essential elements of a free society but at the same time we must recognize that the world is always changing How then to adjust to changes and to improve what we have without losing sight of core values is our focus in *Sustaining A Free Society* The book first outlines in practical real world terms fifteen conditions that must be in place to sustain a free society One critical condition given extended consideration is the need for a long term time perspective Conditions do not exist in the abstract they are created by people and the choices we make Thus we need to consider the roles and responsibilities of those involved in a free a society citizens and those they choose as leaders We are not born knowing our responsibilities as citizens and leaders these matters have to be learned *Sustaining a Free Society* moves to a

consideration of the role schools must play in ensuring that future generations know and value a free society and are prepared to in turn assume their responsibilities *Journeys to the Other Shore* Roxanne L. Euben, 2008-07-01 The contemporary world is increasingly defined by dizzying flows of people and ideas But while Western travel is associated with a pioneering spirit of discovery the dominant image of Muslim mobility is the jihadi who travels not to learn but to destroy *Journeys to the Other Shore* challenges these stereotypes by charting the common ways in which Muslim and Western travelers negotiate the dislocation of travel to unfamiliar and strange worlds In Roxanne Euben's groundbreaking excursion across cultures geography history genre and genders travel signifies not only a physical movement across lands and cultures but also an imaginative journey in which wonder about those who live differently makes it possible to see the world differently In the book we meet not only Herodotus but also Ibn Battuta the fourteenth century Moroccan traveler Tocqueville's journeys are set against a five year sojourn in nineteenth century Paris by the Egyptian writer and translator Rifa'a Rafi al-Tahtawi and Montesquieu's novel *Persian Letters* meets with the memoir of an East African princess Sayyida Salme This extraordinary book shows that curiosity about the unknown the quest to understand foreign cultures critical distance from one's own world and the desire to remake the foreign into the familiar are not the monopoly of any single civilization or epoch Euben demonstrates that the fluidity of identities cultures and borders associated with our postcolonial globalized world has a long history one shaped not only by Western power but also by an Islamic ethos of travel in search of knowledge Social Science Quotations Robert Merton, 2018-04-27 Social Science Quotations has been prepared to meet an evident unmet need in the literature of the social sciences Writings on the lives and theories of individual social scientists abound but there has been no fully documented collection of memorable quotations from the social sciences as a whole The frequent use of quotations in scientific as well as literary writings that are mere summaries or paraphrases typically fail to capture the full force of formulations that have made quotations memorable This book of quotations invites the further reading or rereading of the original texts beyond the quotations themselves Sills and Merton draw extensively upon the writings that constitute the historical core of the social sciences and social thought those works with staying power often described as the classical texts Many quotations have been drawn from these classical texts because the quotations contain memorable ideas memorably expressed Both consequential and memorable these words have been quoted over the generations entering into the collective memory of social scientists everywhere and at times diffusing into popular thought and into the vernacular as well This book is useful to social scientists anthropologists economists historians political scientists psychiatrists psychologists sociologists and statisticians and for all who want to learn or verify memorable formulations and phrases concerning social thought and social theories It is particularly useful for graduate students taking courses that examine the history of their discipline The Disuniting of America: Reflections on a Multicultural Society (Revised and Enlarged Edition) Arthur Meier Schlesinger, 1998-09-17 The New York Times bestseller that reminded us what

it means to be an American is more timely than ever in this updated and enlarged edition including Schlesinger's Syllabus an annotated reading list of core books on the American experience The classic image of the American nation a melting pot in which differences of race wealth religion and nationality are submerged in democracy is being replaced by an orthodoxy that celebrates difference and abandons assimilation While this upsurge in ethnic awareness has had many healthy consequences in a nation shamed by a history of prejudice the cult of ethnicity if pressed too far threatens to fragment American society to a dangerous degree Two time Pulitzer Prize winner in history and adviser to the Kennedy and other administrations Arthur M Schlesinger Jr is uniquely positioned to wave the caution flag in the race to a politics of identity Using a broader canvas in this updated and expanded edition he examines the international dimension and the lessons of one polyglot country after another tearing itself apart or on the brink of doing so among them the former Yugoslavia Nigeria even Canada Closer to home he finds troubling new evidence that multiculturalism gone awry here in the United States threatens to do the same One of the most devastating and articulate attacks on multiculturalism yet to appear Wall Street Journal A brilliant book we owe Arthur Schlesinger a great debt of gratitude C Vann Woodward New Republic *Journeys to the Other Shore* Euben, 2007-09

Selected Letters On Politics And Society Introduction

In the digital age, access to information has become easier than ever before. The ability to download Selected Letters On Politics And Society has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Selected Letters On Politics And Society has opened up a world of possibilities. Downloading Selected Letters On Politics And Society provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Selected Letters On Politics And Society has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Selected Letters On Politics And Society. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Selected Letters On Politics And Society. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Selected Letters On Politics And Society, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Selected Letters On Politics And Society has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the

vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
