Selected Papers On Epistemology And Physics:

Selected Papers on Epistemology and Physics B. von Juhos, G. Frey, 1976 *Selected Papers on Epistemology and Physics* Béla von Juhos, 1980 **Selected Papers on Epistemology and Physics** Bela von Juhos, 1976 Selected Papers on Epistemology and Physics B. Juhos, 2012-12-06 It was as a result of having known Juhos personally over many years that I became familiar with his thought I met him and Viktor Kraft in Vienna soon after the War and through their acquaintance I first came into contact with the tradition of the Vienna Circle To their conversation too lowe much as regards the clarification of my own views even if in the end these took quite a different turn in many essentials At this point my gratitude goes first of all to Mrs Lia J uhos for the gen erous help she has given me and the editors of the Vienna Circle collection in selecting the contents of this volume Next we owe a special debt to Dr Paul Foulkes for his splendid translation of the text Finally I wish to thank Dr Veit Pittioni for his constant assistance As Juhos last student he was thoro lghly familiar with his supervisor s mode of thought and has significantly furthered the assembly and execution of this book Selected Papers on Epistemology and Physics Béla JUHOS, 1976 Reminiscences of the Vienna Circle and the Mathematical Colloquium Karl Menger, 2013-03-07 Karl Menger was born in Vienna on January 13 1902 the only child of two gifted parents His mother Hermione nee Andermann 1870 1922 in addition to her musical abilities wrote and published short stories and novelettes while his father Carl 1840 1921 was the noted Austrian economist one of the founders of marginal utility theory A highly cultured man and a liberal rationalist in the nine teenth century sense the elder Menger had witnessed the defeat and humiliation of the old Austrian empire by Bismarck s Prussia and the subsequent establishment under Prussian leadership of a militaristic mystically nationalistic state capitalist German empire in effect the first modern military industrial complex These events helped frame in him a set of attitudes that he later transmitted to his son and which included an appreciation of cultural attainments and tolerance and respect for cultural differences com bined with a deep suspicion of rabid nationalism particularly the German variety Also a fascination with structure whether artistic scientific philosophical or theological but a rejection of any aura of mysticism or mumbo jumbo accompanying such structure Thus the son remarked at least once that the archangels chant that begins the Prolog im Himmel in Goethe s Faust was perhaps the most viii INTRODUCTION beautiful thing in the German language but of course it doesn t mean anything **Philosophical Papers** Moritz Schlick, 1980-03-31 **Empiricism, Logic and Mathematics** Hans Hahn, 2012-12-06 The role Hans Hahn played in the Vienna Circle has not always been sufficiently appreciated It was important in several ways In the frst place Hahn belonged to the trio of the original planners of the Circle As students at the University of Vienna and throughout the first decade of this century he and his friends Philipp Frank and Otto Neurath met more or less regularly to discuss philosophical questions When Hahn accepted his flrSt professorial position at the University of Czernowitz in the north east of the Austrian empire and the paths of the three friends parted they decided to continue such informal discussions at some future time perhaps in a

somewhat larger group and with the cooperation of a philosopher from the university Various events delayed the execution of the project Drafted into the Austrian army during the first world war Hahn was wounded on the Italian front Toward the end of the war he accepted an offer from the University of Bonn extended in recognition of his remarkable 1 mathematical achievements He remained in Bonn until the spring of 1921 when he returned to Vienna and a chair of mathematics at his alma mater There in 1922 the Mach Boltzmann professorship for the philosophy of the inductive sciences became vacant by the death of Adolf Stohr and Hahn saw a chance to realize his and his friends old plan *Philosophical Papers* Friedrich Waismann,2012-12-06 Moritz Schlick Philosophical Papers Moritz Schlick,1978-12-31

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, Dive into the World of **Selected Papers On Epistemology And Physics** . This educational ebook, conveniently sized in PDF (*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind. Download now and embark on a learning journey that promises to expand your horizons. .
