Robert Penn Warren

Selected Poems 1923 1975:

Selected Poems 1923-1975 Robert Penn Warren, 1976* **Selected poems** ,1976 Selected Letters of Robert Penn Warren Robert Penn Warren, 2013-12-16 In the last decade of his life Robert Penn Warren remained a vibrant force in American literature producing new works of poetry and nonfiction while also dealing courageously with the gradual decline of his health and the diminishment of his poetic powers *Toward Sunset at a Great Height* 1980 1989 the sixth and final volume of the author's selected letters provides crucial documentation of this period containing Warren's correspondence with friends family fellow writers editors critics and the scholars studying his works Warren published several volumes of poetry including *Being Here* 1980 *Rumor Verified* 1981 and *Chief Joseph of the Nez Perce* 1983 and returned to nonfiction prose with *Jefferson Davis Gets His Citizenship Back* 1980 and the memoir *Portrait of a Father* 1988 His letters reveal that he tried to begin writing a novel but was unable to make substantial progress on it and that from 1985 on he became increasingly dissatisfied with his new poems Until his death at age eighty four however Warren maintained an active correspondence filled with news about his writings and travels accounts of the lives of his wife and children and a stoic attitude about his own physical decline as well as a solicitousness regarding the health of others such as his brother Thomas and sister Mary He communicated with rising young scholars and encouraged younger poets he admired *Toward Sunset at a Great Height* offers rich insights into the closing chapter of Robert Penn Warren's professional and personal life making it an essential resource for understanding the full scope of the author's contribution to American letters *The Collected Poems of Robert Penn Warren* Robert Penn Warren, 1998-10-01 Winner of the C. Hugh Holman Award A central figure in twentieth century American literature Robert Penn Warren 1905 1989 was appointed by the Library of Congress as the first Poet Laureate of the United States in 1985 Although better known for his fiction especially his novel *All the King's Men* it is mainly his poetry spanning sixty years fifteen volumes of verse and a wide range of styles that reveals Warren to be one of America's foremost men of letters In this indispensable volume John Burt Foster Warren's literary executor has assembled every poem Warren ever published with the exception of *Brother to Dragons* including the many poems he published in *The Fugitive* and other magazines as well as those that appeared in his small press works and broadsides Burt has also exhaustively collated all of the published versions of Warren's poems which in some cases appeared as many as six different times with substantive revisions in every line as well as his typescripts and proofs And since Warren never seemed to reread any of his books without a pencil in his hand Burt has referred to Warren's personal library copies This comprehensive edition also contains textual notes lists of emendations and explanatory notes Warren was born and raised in Guthrie Kentucky where southern agrarian values and a predilection for storytelling were ingrained in him as a young boy By 1925 when he graduated from Vanderbilt University he was already the most promising of that exceptional set of poets and intellectuals known as the Fugitives Warren devoted most of the 1940s and 1950s to writing prose and literary criticism but from the late 1950s he

composed primarily poetry with each successive volume of verse that he penned demonstrating his rigorous and growing commitment to that genre. The mature visionary power and technical virtuosity of his work in the 1970s and early 1980s emanated from his strongly held belief that only insofar as the work of art establishes and expresses a self can it engage us. Many of Warren's later poems, which he deemed some of his best, rejoice in the possibilities of old age and the poet's ability for continually expanding in a vital process of definition, affirmation, revision, and growth—a process that is the image we may say of the life process.

Robert Penn Warren and the American Imagination Hugh Ruppersburg, 1990. The myth of America, the gap between American ideals and the actualities of American life is a central and controlling metaphor in the works of Robert Penn Warren. Ranging across Warren's distinguished sixty-five year career, *Robert Penn Warren and the American Imagination* identifies the concerns that stem from Warren's vision of American history as a struggle to restore the lost ideals of the founding fathers and shows how they resonate through his writings. From his 1928 biography of the abolitionist John Brown to the late poems of *Altitudes and Extensions*, Warren returned again and again to themes related to democracy, regionalism, personal liberties, individual responsibilities, minority relations, and above all, the loss of ideals. Ruppersburg initially focuses on Warren's expression of these themes in three major narrative poems: *Brother to the Dragons* portrays slavery in all its horror and its consequences for Jeffersonian idealism; *Audubon* extols the power of imagination in one man's quest to assert an American identity in the wilderness; and *Chief Joseph of the Nez Perce* regards the victimization of Native Americans and their exclusion from traditional versions of American history as evidence of flaws in the founding vision. In his nonfiction works *Segregation* and *Who Speaks for the Negro*, Warren depicted the civil rights movement as a struggle for identity and individualism. Ruppersburg traces the development of Warren's attitudes, arguing that his support of the civil rights movement paradoxically stemmed from agrarianism, which by the 1950s meant something very different to him from the agrarianism of *I'll Take My Stand*. In addition, Warren hoped that the civil rights movement would restore some of the nation's original revolutionary ardor and idealism. The book closes with an examination of Warren's views on the future of democracy and the individual in a world dominated and threatened by science and technology. Looking particularly at *The Legacy of the Civil War*, *Democracy and Poetry*, and the poem *New Dawn*, Ruppersburg concludes that Warren was skeptical about our prospects for survival. Still, through his advocacy of the arts and the primacy of the individual, Warren affirmed the values that he believed would help Western culture to endure. Robert Penn Warren sought to explore the meaning of the American experience to validate the promise and the dangers of American ideals and to urge the nation to take stock of itself and struggle for control of its fate in history. Through this obsessive search for America's identity, Ruppersburg demonstrates Warren affirmed his own position as one of the most accomplished and significant of modern American writers.

The Poetic Vision of Robert Penn Warren Victor H. Strandberg, 2021-12-14. Though it has won the Pulitzer Prize, the National Book Award, and the Bollingen Prize, the poetry of Robert Penn Warren still is not widely or well understood. In this study, Victor H.

Strandberg redresses this imbalance by providing a comprehensive survey of the poetic canon of this gifted complex and much neglected poet Warren writes in the tradition of Western poets concerned with the painful experience of a forced one way passage from innocence into the world's stew of time and loss This passage Strandberg explains results for Warren in bifurcation of the self into warring segments a clean idealistic surface ego and a polluted undiscovered self in the unconscious Revelation of the dirty part of human personality is tellingly evoked in many of Warren's major works As the poet's vision expands however these conflicting elements are unified in a mystic osmosis of being whereby the world which once provoked fear and disgust may now be totally loved In addition to close analysis both of individual poems and of the poet's overall development Strandberg reviews critical opinion of Warren's poetry over the last three decades and assesses his place among fellow poets Both as prophecy and as art he concludes Robert Penn Warren's poetry is so significant versatile and excellent as to rank him among the finest and most fertile talents of his age

Ghostly Parallels Randolph Runyon, 2006 America's most eminent man of letters in his later years and certainly one of the greatest Southern writers Robert Penn Warren has increasingly come to be known for his poetry *Ghostly Parallels* is a close examination of the heart of his poetic corpus the eight collections published between 1935 and 1976 *Thirty Six Poems* *Eleven Poems on the Same Theme* *Promises You* *Emperors and Others* *Tale of Time* *Incarnations Or Else* and *Can I See Arcturus from Where I Stand* *Ghostly Parallels* shows how Warren constructed collections of poems based on common subjects and contexts and also contends that while the poems are distinctive taken together they reveal intricate patterns of theme imagery and diction within explicit sequences Runyon demonstrates that Warren's collections are integrated well crafted wholes and each poem references its predecessor sometimes in intriguingly self referential ways Runyon shows that despite the many changes in diction tone and subject that Warren underwent in his long career his concern for writing his poems in such a way that they could reach out beyond themselves to other poems remained remarkably constant In the arrangement Warren gave them his poems form *ghostly parallels* an expression that appears in *The Return* An Elegy where they refer to the railroad tracks that bring the poet home to his dying mother This return to the mother is a persistent leitmotif in the poems and forms the other major theme of this study Warren's personal poetic myth in which such images as golden light and mirror images are signs of the mother's presence as both Danae mother of Perseus and Medusa whom Perseus confronted Through pursuing sequential patterns as well as echoes and myth *GhostlyParallels* brings a wealth of insights to the work of this prolific novelist critic and essayist An important guide for undergraduate and graduate students alike *Ghostly Parallels* will also appeal to anyone with an interest in Robert Penn Warren and southern literature

American Fiction Since 1940 Tony Hilfer, 2014-09-25 In this remarkable book Tony Hilfer provides a major survey of the wealth of post war American fiction He analyses the major modes and genres of writing from realist to postmodernist metafiction and black humour the fiction of social protest women's writing and the traditions of African American Southern and Jewish American fiction Key writers discussed include William

Twentieth-Century Southern Literature J. A. Bryant Jr., 2014-07-11 Authors discussed include Wendell Berry Erskine Caldwell Truman Capote Ralph Ellison William Faulkner Shelby Foote Zora Neal Hurston Bobbie Ann Mason Cormac McCarthy Flannery O'Connor William Styron Anne Tyler Alice Walker Robert Penn Warren Eudora Welty Tennessee Williams Thomas Wolfe Richard Wright and many more By World War II the Southern Renaissance had established itself as one of the most significant literary events of the century and today much of the best American fiction is southern fiction Though the flowering of realistic and local color writing during the first two decades of the century was a sign of things to come the period between the two world wars was the crucial one for the South's literary development a literary revival in Richmond came to fruition at Vanderbilt University a group of young men produced *The Fugitive* a remarkable controversial magazine that published some of the century's best verse in its brief run and the publication and widespread recognition of Faulkner among others inaugurated the great flood of southern writing that was to follow in novels short stories poetry and plays With more than forty years of experience writing and reading about the subject and friendships with many of the figures discussed J. A. Bryant is uniquely qualified to provide the first comprehensive account of southern American literature since 1900 Bryant pays attention to both the cultural and the historical context of the works and authors discussed and presents the information in an enjoyable accessible style No lover of great American literature can afford to be without this book *The Literature of the United States of America* Marshall Walker, 1988-09-15 American literature over the last four hundred years has developed distinctive qualities and traditions partly engendered by the land itself The rich variety of literature flourished as the land was colonised and cultivated In this new edition Marshall Walker has updated his wide ranging study of American literature by giving greater attention to poets from Hart Crane and e. e. Cummings to John Ashbery and A. R. Ammons and to novelists from William Burroughs and Kurt Vonnegut to John Irving More space is given to drama from the later works of Tennessee Williams and Arthur Miller to the plays of Sam Shepard and David Mamet The special concerns of Black Jewish and Women writers are explored as this book demonstrates that American literary history can no longer be considered largely in terms of regional dominances
