Dick, 2011 Philip K Dick 1928 1982 was one of the seminal figures of 20th century science fiction His many stories and novels which include such classics as The Man in the High Castle and Do Androids Dream of Electric Sheep reflect a deeply personal world view exploring the fragile multifarious nature of reality itself and examining those elements that make us or fail to make us fully human He did as much as anyone to demolish the artificial barrier between genre fiction and literature and the best of his work has earned a permanent place in American popular culture Adjustment Team is the second installment of a uniform five volume edition of The Collected Stories of Philip K Dick This wide ranging collection contains 26 stories and novellas from the extraordinarily productive years of 1952 and 1953 along with extensive story notes

Included here are The Cookie Lady an account of a young boy whose relationship with a lonely widow results in a bizarre act of transformation Second Variety filmed in 1995 as Screemers a novella that powerfully evokes a post apocalyptic society overrun by all too human looking robots known as Claws and the title story in which a small accident of timing leads real estate salesman Ed Fletcher to an unexpected confrontation with the malleable nature of a once familiar world Like its predecessor The King of the Elves this new volume offers both an astonishing variety of narrative pleasures and a fascinating glimpse into the evolution of a major American artist **The Father-thing** Philip K. Dick,1999 THE FATHER THING contains the stories written in 1956 just before the publication of Dick s first novel SOLAR LOTTERY The stories are a mix of the previously uncollected and some of his most famous pieces such as Foster You re Dead a powerful extrapolation of nuclear war hysteria and The Golden Man a very different story about a super evolved mutant human
