Selections From Political Writings 1921 1926:

Selections from Political Writings (1921-1926) Antonio Gramsci, 1978 Selections from Political Writings: 1921-1926 Antonio Gramsci, 1977 *Selections from Political Writings (1921-1926)* Antonio Gramsci, 1978 This volume is the second of two containing a selection of Antonio Gramsci's political writings from his first entry into Italian politics to his imprisonment under Mussolini's fascist regime. An extensive selection from Gramsci's Prison Notebooks is already available in this English edition of his works and a volume of further selections from the Notebooks will follow. This present volume covers the momentous years of the foundation of the Italian Communist Party whose leader Gramsci was from 1924 until his arrest in 1926, the ascendancy of the Soviet Union as the authoritative force in the Communist International and the rise and eventual triumph of fascism which forced Italian communism into nearly twenty years of illegality and Gramsci into prison. The crucial concerns of the articles, reports and letters in this volume are of central relevance to contemporary Marxism: the functioning of working class power, the strategy of the united struggle against capitalism and against fascism and the implications of proletarian internationalism and the collection is indispensable for a proper understanding of the fighting tradition of the Italian Communist Party. Complete with introductory material, a chronology and full notes and including relevant texts by other Italian Communist leaders, this English language edition of the works of Antonio Gramsci makes available to a wider readership than ever before the writings of one of the most outstanding Marxist thinkers of Western Europe. **Antonio Gramsci** Antonio Gramsci, 1978-05-01 **Antonio Gramsci** Antonio Gramsci, 1978 Hegemony and Education Deb J. Hill, 2007-01-01 Hegemony and Education explores how the educational insights implicit in Antonio Gramsci's historical materialist outlook have been reconciled to the post-Marxist theory of radical democracy. The author argues that there is an urgent need to redefine the dynamics of hegemony as a theory centering on the problem of cognitive and moral relational and valuational submissiveness that is a problem indicative of the pathologies of capitalism with respect to democratic theorizing. Antonio Gramsci Andrew Pearmain, 2020-07-23 A historical biography of the Italian philosopher, politician Antonio Gramsci (1891-1937) considered one of the most important Marxist philosophers of the twentieth century. As part of the Communist Lives series, Andrew Pearmain explores the life of Gramsci from his childhood to his role in the newly formed Communist Party of Italy and to his imprisonment and death in Turi di Bari using recent archival research including material released by the Gramsci and Schuchthof family. **Antonio Gramsci** Mark McNally, 2015-08-11 The thought of Antonio Gramsci continues to enjoy widespread appeal in contemporary political and social theory. This book draws together some of the world's leading scholars on Gramsci to critically explore key ideas, debates and themes in his work in an accessible manner relating them to contemporary politics and society. The Dialectic of Position and Maneuver Daniel Egan, 2016-09-27 In *The Dialectic of Position and Maneuver* Daniel Egan examines the role that the military metaphors of war of position and war of maneuver play in Antonio Gramsci's social theory. The foundation for this analysis is the different ways

in which Marxists have understood war and military strategy since the mid nineteenth century In doing so Egan argues that the distinction between war of position and war of maneuver which is so central to Gramsci s work as well as contemporary interpretations of his work must be understood in a more dialectical manner This conclusion is important not only in terms of Gramsci s social theory but also for understanding the limits and possibilities of contemporary political strategies for the left worldwide

Gramsci, Political Economy, and International Relations Theory A. Ayers, 2008-11-10 This book seeks to provide the most comprehensive and sustained engagement and critique of neo Gramscian analyses available in the literature In examining neo Gramscian analyses in IR IPE the book engages with two fundamental concerns in international relations i The question of historicity and ii The analysis of radical transformation
