**Selective Judicial Competence** Mason C. Hoadley, 2018-05-31 A major contribution to the understanding of Indonesian legal history Hoadley shows how European colonialism skewed local legal institutions to serve colonial ends and he discusses a fascinating series of cases that illustrate the evolution of this process Wives, Slaves, and Concubines Eric Jones, 2011-12-15 Wives Slaves and Concubines argues that Dutch colonial practices and law created a new set of social and economic divisions in Batavia Jakarta modern day Indonesia to deal with difficult realities in Southeast Asia Jones uses compelling stories from ordinary Asian women to explore the profound structural changes occurring at the end of the early colonial period changes that helped birth the modern world order Based on previously untapped criminal proceedings and testimonies by women who appeared before the Dutch East India Company's Court of Alderman this fascinating study details the ways in which demographic and economic realities transformed the social and legal landscape of eighteenth century Batavia Jakarta Southeast Asian women played an inordinately important role in the functioning of the early modern Asia Trade and in the short and long term operations of the Dutch East India Company VOC Southeast Asia was a place where most individuals operated within an intricate web of multiple fluid situational and reciprocal social relationships ranging from dependence to bondedness to slavery The eighteenth century represents an important turning point the relatively open and autonomous Asia Trade that prompted Columbus to set sail had begun to give way to an age of high imperialism and European economic hegemony How did these changes affect life for ordinary women in early modern Dutch Asia and how did the transformations wrought by Dutch colonialism alter their lives The VOC created a legal division that favored members of mixed VOC families those in which Asian women married men employed by the VOC Thus employment not race became the path to legal preference a factor that disadvantaged the rest of the Asian women In short colonialism created a new underclass in Asia one that had a particularly female cast By the latter half of the eighteenth century an increasingly operational dichotomy of slave and free supplanted an otherwise fluid system of reciprocal bondedness The inherent divisions of this new system engendered social friction especially as the emergent early modern economic order demanded new tractable forms of labor Dutch domestic law gave power to female elites in Dutch Asia but it left the majority of women vulnerable to the more privileged on both sides of this legal divide Slaves fled and violence erupted when traditional expectations of social mobility collided with new demands from the masters and the state **Gangsters, Democracy, and the State in Southeast Asia** Carl A. Trocki, 2018-05-31 An essay collection that studies workaday regional politics in Southeast Asia and its implications for evolving democracies The contributors examine the electoral process conflicts between central and local governments conflicts between individual freedoms and state power and the roles charismatic opportunistic strongmen have played in Southeast Asian politics most notably in Thailand Burma and the Philippines *No Other Road to Take* Nguyen Thi Dinh, 2018-05-31 Now in its seventh printing The memoir of a woman whose strength

*The Javanese Way of Law* Mason Hoadley, 2025-10-01 The author's investigation of early modern Javanese law reveals that judicial authority does not come from the contents of legal titles or juridical texts but from legal maxims and variations thereof A century and a half ago Simon Keyzer a recognized scholar of Javanese law noted that understanding of that law is dependent upon a grasp of such pithy expressions which provide the key to the whole body of suits Preface C F Winter *Javaansche Zamenspraken* 1858 which examines hundreds of sloka the majority of which are directed to prevailing legal practice Drawing upon the contents of 18th century Javanese legal texts the present work builds upon Keyzer's and Winter's references to sloka phenomena namely sloka proper maxims and its derivatives *sinalokan* that made of sloka aksara here meaning legal principles and *prakara* matter case These are usually conveyed in vignettes illustrating their function and as a group constitute the essence of traditional Javanese written law
