Self Esteem The Key To Your Child's Future:

Self-esteem Tony Humphreys, 2002 *Self Esteem The Key to Your Child's Education* is a must for any parent concerned about their children's education and their personal and career development. Parents act as the mirror for their children and their responses to them determine the image children form of themselves. How children see themselves in turn influences their academic progress. This book aims to help parents create a family environment that promotes their own and their children's self-esteem. Dr Humphreys makes it clear that without attention to children's inner conflicts and self-esteem it is unlikely that attempts to increase children's educational efforts will be successful. He sets out a clear plan on how to foster children's love of learning, emphasising that the emotional welfare of children is the cornerstone of their educational development. *Self-esteem. The key to your child's future* Tony Humphreys, 2008

He sets out a clear plan to promote their love of learning, emphasising that the emotional welfare of children is the cornerstone of their educational and future development. *YOUR CHILD'S SELF ESTEEM THE KEY TO HIS LIFE*

DOROTHY CORKILLE BRIGGS, 1970 *The Handbook of Gestalt Play Therapy* Rinda Blom, 2006 This book is an introduction to gestalt play therapy, a technique which combines the principles of gestalt theory with play techniques so that children are able to use play to address their needs and problems. Research has shown that this approach can be applied successfully in children with different types of emotional problems in order to improve their self-support and self-esteem. The Handbook of Gestalt Play Therapy provides the reader with an explanation of gestalt theory, a practical explanation of the gestalt play therapy model, and also a wide range of play techniques that can be applied. **Your Highly Sensitive Child** Aoife

Durcan, 2025-04-10 Highly sensitive, spirited, empathic, shy, strong-willed: these are common descriptions of children who simply feel the world on a deeper level. As a parent, it can be difficult to know how to respond to these deep emotions. You may feel that traditional parenting approaches don't work, but you're worried that your child won't learn how to survive in the real world. Now leading psychologist Dr Aoife Durcan offers expert advice on how to support your child in navigating big emotions, including meltdowns, with compassion and understanding. Feel confident managing challenges like separation anxiety, school pressures, and social interactions. Help your child be less hard on themselves when things don't go well. These practical, research-backed tools will empower you to feel comfortable about your parenting style and most importantly help your child to thrive in a world that can sometimes feel like too much. This book is a parenting life raft. CAROLINE FORAN Feels like having your hand held as you deepen your understanding of the world through the eyes of a sensitive person. JOANNA FORTUNE This book allows parents to support their sensitive child without trying to harden them or coerce them into some form of robust resilience.
