

Chapter 14 Self-Study Problems (SSPs)

Solutions are available in the Study Guide.

SSP 14-1

Acquisition of Control Rules—Losses

Tasty Bread Inc. opened a large bakery operation on January 1, 2020. At this time, the company's taxation year-end is December 31. In addition to baking bread, the company was in charge of the wholesale distribution of its products and operated a large retail outlet on the bakery premises.

The owners of the corporation had little experience in any aspect of baking or selling bread and, as a consequence, during the first two taxation years they experienced the following losses:

Type of Loss	2020	2021
Non-Capital Loss	\$63,500	\$78,500
Net Capital Loss	34,000	42,500

At the beginning of 2022, the owners did not see any real hope for improved results under their own management and they began looking for new investors with more experience in the bakery industry. Their efforts met with success when, on April 1, 2022, Dough Products Ltd. acquired 72% of the outstanding shares of Tasty Bread Inc. Dough Products is a large Canadian public company with a December 31 taxation year end and many years of successful operation in the industry. It is the intent of the new owner to inject additional capital and management expertise with a view to making Tasty's operations profitable within two years.

As this AOC will result in a deemed taxation year end, Tasty prepared an Income Statement for the period January 1, 2022, to March 31, 2022. This three-month Income Statement showed an additional business loss of \$23,000 for the period, but no further capital losses.

On March 31, 2022, the values of the company's property were as follows:

Properties	Cost	UCC	FMV
Temporary Investments	\$ 53,000	N/A	\$ 23,000
Accounts Receivable	45,000	N/A	33,000
Land	275,000	N/A	420,000
Building	285,000	\$270,000	320,000
Fixtures and Equipment	120,000	95,000	90,000
Vehicles	110,000	80,000	87,000

Shortly after taking over Tasty Bread Inc., Dough Products Ltd. decided that some of the extra space in Tasty's facilities could be used for manufacturing illuminated glass figurines. Tasty's income (loss) from the two separate businesses for the period April 1, 2022, to December 31, 2022, was as follows:

Business	Income (Loss)
Figurines	\$123,000
Bread Operations	(45,000)

For 2023, the income (loss) figures for the two separate businesses were as follows:
