The Value-Added Employee Edward J. Cripe,Richard S Mansfield,2007-08-22 A handy guide offering a practical plan for targeting skills any employee wants to develop and employers most desire It's hard to tell if today's competitive job market is more unsettling for employees seeking job security or companies trying to retain loyal workers The Value Added Employee provides fresh insights on what makes employees valuable to the organization and how companies can keep productive employees on the job Employees will understand how to increase their personal marketability by developing specific skills knowledge and attitudes Managers and coaches will find

the tools and resources to make employees more valuable to the organization Even policymakers and human resource professionals can drive change and business improvement through the application of competency modeling processes The Value Added Employee is a step by step plan for targeting the competencies an employee wants to develop and employers most desire It discusses 31 core competencies including interpersonal competencies business competencies and self management competencies Designed as a handbook The Value Added Employee is a toolkit of ideas and a workbook to be written in and referred to on a regular basis Through its use employees and their companies will discover a firm foundation for meeting future goals

The Mind Gateway Lucy Mambu,2020-05-29 Life is a battleground Every single one of us will face difficult times It is war And the war is intense Challenges and hurdles are part of everyday life Problems and difficulties are companies of every human being It is a fact that as long as we are walking through this journey called life we are bound to face challenges and fight battles It is the fight to win the battles overcome the challenges and crossover the obstacles that leave us journeying through life with a dysfunctional and skewed mindset When we encounter painful experiences the pain sinks deep into the brain When this happens the painful memories outweigh the happy memories in the vortex of the mind This book is written to help you know that through the transformation of the mind you have the power in your hands to turn your circumstances around for your good It s all in the mind and our mindset is everything Our brains are programmed to think in a certain way and we as human beings have the power to reprogram our mind to think the way we want it to think break out of mental imprisonment win the battles of the mind and ultimately become success conscious

Men's Sacrifice, Women's Privilege Sophie-Marie Eve,101-01-01 Are You Tired of Being Told Men Are the Problem Do you feel like modern feminism has gone too far Are you frustrated by the constant narrative that men are oppressors and women are perpetual victims Do you wonder why men s sacrifices and struggles are ignored while women s grievances are amplified If so this book is for you Discover the historical truth about patriarchy and how it was built on collaboration not oppression Learn why the victimhood narrative harms both men and women and how it undermines true equality Explore the toxic impact of gender wars and why masculinity should be celebrated not vilified Uncover the Marxist roots of modern feminism and how it seeks power not equality Understand the dangers of feminist policies on family structures and societal stability See how false empowerment through victimhood creates dependency not strength Examine the moral and societal consequences of the abortion debate including men s rights Reclaim the value of masculinity and learn how to build healthier more balanced relationships If you want to break free from the lies of modern feminism and understand the true dynamics of gender then buy this book today It s time to stop the blame game and start building a society where both men and women can thrive

Taking Control of Your Life from the Inside Out (book) Tunishai Ford,2015-04-09 This book is motivational and informative in the areas of improving your personal life and work habits It is has a workbook that goes with her book and a workshop in which Dr Tunishai Ford touches on topics in the areas of health and wellness self improvement job productivity
