Weinhold, Barry K. Weinhold, 2010-09-24 This bestselling book now in a revised edition radically challenges the prevailing medical definition of co dependency as a permanent progressive and incurable addiction Rather the authors identify it as the result of developmental traumas that interfered with the infant parent bonding relationship during the first year of life Drawing on decades of clinical experience Barry and Janae Weinhold correlate the developmental causes of co dependency with relationship problems later in life such as establishing and maintaining boundaries clinging and dependent behaviors people pleasing and difficulty achieving success in the world Then they focus on healing co dependency providing compelling case histories and practical activities to help readers heal early trauma and transform themselves and their primary relationships *Consultation* Don Dinkmeyer, Jr., Jon Carlson, Rebecca E. Michel, 2015-12-22 The methods presented by Don Dinkmeyer Jr Jon Carlson and Rebecca Michel in *Consultation* are based on the assumption that problems in the home and classroom result not only from the direct actions of disruptive students but also from the expectations of teachers and parents This newly expanded fourth edition continues the tradition of encouraging change in supposed problem children by helping authority figures recognize and alter the part they may play in exacerbating negative behavior New additions include two all new chapters on assessment and mindfulness multicultural and diverse case examples as well as access to online video sessions that accompany the text *Supporting Children's Wellbeing Using the Reading Well Home Reading Program* Siobhan O'Brien, 2025-01-07 Discover the transformative power of The Reading WELL home reading program This monograph unveils a groundbreaking approach to enhance child wellbeing through the use of developmental bibliotherapy Parents and children engage in shared reading and discussions on the themes of body image self esteem and resilience Designed for children aged 8 to 10 years this research not only fosters a love for reading but also provides a process to support emotional growth and learning Backed by compelling theoretical insights this book offers a profound insight to ways literature can act as a tool to promote eudemonic wellbeing and address issues of trauma in children's lives Ideal for educators psychologists and parents The Reading WELL sets a new standard in nurturing children's holistic development through the magic of storytelling *Understanding Gay and Lesbian Youth* David Campos, 2005-09-28 *Understanding Gay and Lesbian Youth* assists the classroom teacher school counselor and administrator in relating to gay and lesbian youth and creating accepting and supportive learning climates David Campos begins with a discussion of the current state of affairs regarding gay and lesbian youth in schools including a discourse on the developmental milestones and provides practical strategies for working effectively with these students The
