Hilaire Belloc,2021-04-07T23:05:41Z In The Servile State British French writer and historian Hilaire Belloc makes a provocative case that capitalism will inevitably move toward the reestablishment of slavery The thesis in this book forms the backbone of Belloc s life long effort as an advocate for reform to the existing socioeconomic system in the direction of what he terms as distributism As a critic of both socialism and capitalism and a fervent Catholic Belloc lays out a history of Europe where over generations the pagan slavery of the Roman Empire was transformed into a distributive model of the Middle Ages But he argues this model was broken by the rise of capitalism in England during the reign of Henry VIII Ever since capitalism has been moving ever closer towards the servile state the restoration of status in the place of contract and a vast proletariat of wage earners with few incredibly wealthy owners This book is part of the Standard Ebooks project which produces free public domain ebooks **The Servile State** Hilaire Belloc,Daniel Berkeley Bianchi,Selma Ordewer,Janette Smith,Quebecor Printing (Kingsport, Tenn.),1912 *The Servile State (Classic Reprint)* Hilaire Belloc,2017-09-16 Excerpt from The Servile State An Appendix showing that the Collectivist proposal to buy out the Capitalist in lieu of expropriating him Is vain About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Historical Works of Hilaire Belloc** Hilaire Belloc,2023-12-14 The Historical Works of Hilaire

- 1 Wealth is created when a human being consciously and intelligently transforms his environment from a condition in which it is less to a condition in which it is more serviceable to his needs Without wealth man cannot exist
- 2 There are three factors in the production of all human wealth land capital and labor When we talk about the Means of Production we are referring to land and capital combined When we say that a man is dispossessed of the means of production we mean that he is the master of his labor but not of either capital or land
- 3 The two marks that define the Capitalist State are 1 that the citizens thereof are politically free and 2 that the State as a whole is not characterized by the institution of ownership among free citizens but by the restriction of ownership to a section markedly less than the whole
- 4 A clear distinction exists between the servile and non servile condition of labor The former is imposed on men by law and the latter is not A servile condition exists only when there is also present the free citizen for whose benefit the slave works under the compulsion of law
