Marksman And Other Stories:

By the Barrow River and Other Stories Edmund Leamy, 2016-08-15 By the Barrow River and Other Stories Edmund Leamy was the beau ideal of a chivalrous Irish gentleman patriot and Christian During a friendship extending over many years I never knew him fall short in the slightest particular of the faith I had in him His nature was poetic and romantic in the highest degree Through sunny and cloudy day alike he was Ireland s man and his faith in her ultimate destiny was never shaken I have never known a nature more lofty or more lovable Long years of weak health and suffering under which most people would have sunk could not alter his noble nature He kept his great loving true heart to the last Even if things were sad enough for him it was happiness if they were well with friends and neighbours He did not know what it was to have a grudging thought The experiences which usually make middle age a period of disillusionment came to him as to other men yet he was never disillusioned he had the heart of an innocent and trusting boy till the day he died To be sure there was one by his hearth who helped to keep his illusions fresh and his burden of ill health was lightened for him by God s mercy through the same bright and devoted companionship He was Ireland s man all he did was for Ireland He could not vi have written a line of verse or prose for the English public however sure he might be of its suffrage and reward He wrote a great deal for Ireland and although I believe he reached his highest development as an orator an orator alas sorely hampered by physical weakness yet his stories and his poems have so much of the personality of the man the fresh honest and sweet personality that it has been thought well to rescue just a handful from his many writings in Irish journals extending over a number of years He had not the leisure to make himself exclusively a literary man He was always in the thick of the fight it would have broken his heart to be otherwise But the work he has left especially his fairy tales and dramatic stories with their wealth of colour and their imaginativeness give some earnest of the work he might have done His book of Irish Fairy Tales which has long been out of print has been republished in a worthy form and I am sure the present volume which shows his fancy in a different vein which contains a set of stories that have not been brought together before will also be welcome to his countrymen Were I to write his epitaph it would be Here lies a white soul and if I had to name the virtue paramount in him it would be Charity which in him included Faith and Hope **Fairy Tales and Other Stories** Hans Christian Andersen, 1914

Infrastructures of Impunity Elizabeth F. Drexler,2023-12-15 In *Infrastructures of Impunity* Elizabeth F Drexler argues that the creation and persistence of impunity for the perpetrators of the Cold War Indonesian genocide 1965 66 is not only a legal status but also a cultural and social process Impunity for the initial killings and for subsequent acts of political violence has many elements bureaucratic military legal political educational and affective Although these elements do not always work at once at times

some are dormant while others are ascendant together they can be described as a unified entity a dynamic infrastructure whose existence explains the persistence of impunity For instance truth telling a first step in many responses to state violence did not undermine the infrastructure but instead bent to it Creative and artistic responses to revelations about the past however have begun to undermine the infrastructure by countering its temporality affect and social stigmatization and demonstrating its contingency and specific actions policies and processes that would begin to dismantle it Drexler contends that an infrastructure of impunity could take hold in an established democracy

The Legend of Gold and Other Stories Jun Ishikawa, 1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899 1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa's work defies easy categorization Banned in 1938 Mars Song has been called the finest example of anti war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical Moon Gems written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In The Legend of Gold and The Jesus of the Ruins both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealist novella The Raptor plumbs the meanings and possibilities of peace in the post Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modanizumu of his literary experimentation The Legend of Gold will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan
