Marquette's Explorations The Narratives Reexamined:

Marquette's Explorations: the Narratives Reexamined Raphael N. Hamilton, 1970 **Marquette's Explorations** Raphael N. Hamilton, 1970 **Jolliet and Marquette** Mark Walczynski, 2023-08-01 Often viewed in isolation the Jolliet and Marquette expedition in fact took place against a sprawling backdrop that encompassed everything from ancient Native American cities to French colonial machinations Mark Walczynski draws on a wealth of original research to place the explorers and their journey within seventeenth century North America His account takes readers among the region's diverse Native American peoples and into a vanished natural world of treacherous waterways and native flora and fauna Walczynski also charts the little known exploits of the French Canadian officials explorers traders soldiers and missionaries who created the political and religious environment that formed Jolliet and Marquette and shaped European colonization of the heartland A multifaceted voyage into the past Jolliet and Marquette expands and updates the oft told story of a pivotal event in American history Books on Early American History and Culture, 1961-1970 Raymond D. Irwin, 2007-02-28 Each entry within this guide outlines scholarly books authors editors and publishers that exhibit the most useful information for research Following each detailed citation is a brief summary of the book Each book listed covers a wide variety of subjects in American history including Native Americans slavery gender and migration to rural life agriculture politics government and communication This volume is part of a series of annotated bibliographies on early American history and culture Extensive indexes thematic chapters and book summaries will assist any researcher in an easy manner Aside from outlining fantastic scholarly books this book includes chapters on general early American history historiography and public history to name a few This is the only comprehensive guide to early American history and culture for this period and it indicates which books from the 1960s have been most influential in the journal literature of the past twenty five years Jacques Marquette and Louis Jolliet Laura M. Chmielewski, 2017-11-10 In this succinct dual biography Laura Chmielewski demonstrates how the lives of two French explorers Jacques Marquette a Jesuit missionary and Louis Jolliet a fur trapper reveal the diverse world of early America Following the explorers epic journey through the center of the American continent Marquette and Jolliet combines a story of discovery and encounter with the insights derived from recent historical scholarship The story provides perspective on the different methods and goals of colonization and the role of Native Americans as active participants in this complex and uneven process **The History of Wisconsin, Volume I** Alice E. Smith, 2013-03-28 Published in 1973 this first volume in the History of Wisconsin series remains the definitive work on Wisconsin's beginnings from the arrival of the French explorer Jean Nicolet in 1634 to the attainment of statehood in 1848 This volume explores how Wisconsin's Native American inhabitants early trappers traders explorers and many immigrant groups paved the way for the territory to become a more permanent society Including nearly two dozen maps as well as illustrations of territorial Wisconsin and portraits of early residents this volume provides an in depth history of the beginnings of the state North American Exploration John

Logan Allen,1997-01-01 The three volumes of North American Exploration appraise the full scope of the exploration of the North American continent and its oceanic margins from prior to the arrival of Columbus until the end of the nineteenth century More than an assessment of historical events these volumes portray the process of exploration Without forgetting the romance of discovery the authors recognize that exploration encompasses a great deal more than the adventures themselves All explorers are conditioned by the time place and circumstances of their efforts these determine objectives the behavior of explorers and the consequences of their discoveries The second volume includes the exploration of North America from the Spanish entrada of the sixteenth century to the British and Russian explorations of the Pacific coastal regions at the end of the eighteenth century a time during which North America was largely defined and understood in terms of advancing scientific viewpoints during the European Enlightenment Discovery gave way to Exploration and supposition to understanding

Dictionary of Midwestern Literature, Volume Two Philip A. Greasley,2016-08-08 The Midwest has produced a robust literary heritage Its authors have won half of the nation s Nobel Prizes for Literature plus a significant number of Pulitzer Prizes This volume explores the rich racial ethnic and cultural diversity of the region It also contains entries on 35 pivotal Midwestern literary works literary genres literary cultural historical and social movements state and city literatures literary journals and magazines as well as entries on science fiction film comic strips graphic novels and environmental writing Prepared by a team of scholars this second volume of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest s continuing cultural vitality and the stature and distinctiveness of its literature

An Inventory and Evaluation of Known Archaeological Resources in the Illinois and Michigan Canal National Heritage Corridor, Illinois ,1985

Why Have You Come Here? Nicholas P. Cushner,2006-08-03 Christian evangelism was the ostensible motive for much of the early European interaction with the indigenous population of America The religious orders of the Catholic Church were the front line representatives of Western culture and the ones who met indigenous America face to face They were also the primary agents of religious change In this book Nicholas Cushner provides the first comprehensive overview and analysis of the American missionary activities of the Jesuits From the North American encounter with the Indians of Florida in 1565 through Mexico New France the Paraguay Reductions Andean Perus to contact with Native Americans in Maryland on the eve of the American Revolution members of the order interacted with both native elites and colonizers Drawing on the abundant documentation of and scholarship about these encounters Cushner examines how the Jesuits behaved toward the indigenous population and analyzes the way in which native belief systems were replaced by Christianity He seeks to understand how and why the initial European Indian encounter changed not only the religion of the natives but also their material culture economic activity social organization and even their sexual behavior Always sensitive to the influence of European cultural filters on Jesuit accounts Cushner attempts as far as possible to discover the authentic voices of the Native Americans with whom they interacted The result is a fascinating and highly

accessible introduction to the earliest colonial encounters in the Americas **The Ambiguous Iroquois Empire** Francis Jennings, 1984 Continues The invasion of America 1976 c1975 **American Encounters** Peter C. Mancall, James Hart Merrell, 2000 A collection of articles that describe the relationships and encounters between Native Americans and Europeans throughout American history *The Routledge Companion to Art and the Formation of Empire* Emily C. Burns, Alice M. Rudy Price, 2025-05-30 This companion comprises essays that analyze interactions between art and global imperial relationships from 1800 to World War II The essays in this volume expose and add to historical layers of meaning in their discussions of art and empire Found across much of the globe sites of sedimentary rock allegorize the dynamics of art and empire and frame the section structure for this book Twenty two authors unpack imperial layers in a variety of global and historical contexts through case studies that center art and visual and material culture The authors show how art and aesthetics have operated as tools of empire Interpreting a comprehensive array of media as well as inter media dialogues they analyze and intervene in how we remember and examine entwinements between empire and aesthetic practices In this volume s attention to the role of art in imperial formation as well as the legacy of colonization the essays disentangle sediments of culture as they are moved and shaped by homogenizing forces of empire showing that the aesthetics of empire inflect not only individuals makers and economies but also practices of circulation and collecting The book will be of interest to graduate students researchers and professors and may be used in classes focused on art history imperialism and colonialism **An Archaeology of the Soul** Robert L. Hall, 1997 The richness and the range of Native American spirituality has long been noted but it has never been examined so thoroughly nor with such an eye for the amazing interconnectedness of Indian tribal ceremonies and practices as in *An Archaeology of the Soul* In this monumental work destined to become a classic in its field Robert Hall traces the genetic and historical relationships of the tribes of the Midwest and Plains including roots that extend back as far as 3 000 years Looking beyond regional barriers *An Archaeology of the Soul* offers new depths of insight into American Indian ethnography Hall uncovers the lineage and kinship shared by Native North Americans through the perspectives of history archaeology archaeoastronomy biological anthropology linguistics and mythology The wholeness and panoramic complexity of American Indian belief has never been so fully explored or more deeply understood **Archaeology of the Great River Road** John T. Penman, 1984 Westward Expansion Ray Allen Billington, 1974 Although the text sets out the remarkable story of the American frontier which became almost from the beginning an archetypal narrative of the new American nation s successful expansion the authors do not forget the social environmental and human cost of national expansion While most Americans take pride in the nation s frontier heritage and its associated myths they also share that history with others especially with people of color in whose collective memories the story of the American west is rendered both dark and painful *Westward Expansion* encourages an understanding of American westering that is mindful of the racism and excessive nationalism that frequently marred the Western frontier experience At the same

time the authors understand a sense of optimism a profound faith in individuals own abilities the willingness to innovate and an abiding trust in democracy to be the transcendent values of the frontier experience traits that continue to influence the character of America s people long after the close of the western frontier

Native American Place Names of Indiana Michael McCafferty,2023-08-31 A linguistic history of Native American place names in Indiana In tracing the roots of Indiana place names Michael McCafferty focuses on those created and used by local Native Americans Drawing from exciting new sources that include three Illinois dictionaries from the eighteenth century the author documents the language used to describe landmarks essential to fur traders in Les Pays d en Haut and settlers of the Old Northwest territory Impeccably researched this study details who created each name as well as when where how and why they were used The result is a detailed linguistic history of lakes streams cities counties and other Indiana names Each entry includes native language forms translations and pronunciation guides offering fresh historical insight into the state of Indiana

Native Land Mary Ann Wells,1994-01-01 From the Native American viewpoint a personal yet carefully documented chronicle about the lands that became the state of Mississippi Virtually all written accounts of Native American history of the southeastern United States came from Europeans Here filtered through a Native American perspective is a story of early Indian life in a region of the American South This history for general readers has been assembled from many documentary resources to give the fascinating history of an enduring heritage In pre Columbian times the fertile and lushly forested lands that were destined to become the state of Mississippi had a flourishing population of many native tribes Chickasaw Taposa Tunica Yazoo Chakchiuma Koroa Grigra Natchez Choctaw Acolapissa Biloxi Pascagoula and others Few accounts have been written from their perspective Until now there has been no book length investigation of their history as told from their viewpoint

Upper Peninsula of Michigan: A History Russell M. Magnaghi,2017 Get ready to discover the rich history of the Upper Peninsula of Michigan From its earliest days it has evoked words of love beauty mystery and legend Drawing on oral histories newspapers census data archives and libraries Russell M Magnaghi has written the seminal history of a very special place as seen through the eyes of the men and women who have lived here the famous and not so famous For the first time in over a century a complete history of the U P from prehistoric origins to the present is available The Upper Peninsula of Michigan A History is an extraordinary book celebrating this unique sense of place Back cover
