Adeniyi, 2014-08-28 The idea to write fictional letters to marital couples on how to use Gods lifetime warranty in their marriages came into being in the process of a sermon preparation as a guest pastor for a local church in November 2011 I prayed about which message to deliver for many days About two days before Sunday I had a dream that a young lady participated during my sermon After the service her family thanked me and said I made her speak in public for the first time and I gave her the encouragement that she needs for the rest of her life Then I woke up On the actual Sunday service during the sermon I asked the congregation how many of them had a dog or a cat A young lady a 17 year old said she had a cat I asked if she ever took her cat for a walk she said no I asked why not She replied Nobody does Then I said people take their dogs for walks but this does not mean that dogs are more important or better than cats Cats have their own usefulness God who created us knows that we are not the same and that we cannot function in the same way One should not be boasting that s he is better than the other After the service the grandfather of the cat owner who spoke during my sermon and her aunt came to me and thanked me for the opportunity given to the young lady to talk for the first time in public which would enable her to express herself publicly When I was praying at home after the sermon I had the feeling that God wanted me to tell people to try out what seems to be unusual for them It has been my concern for many years that many couples dont take their wedding vows seriously It is affecting children a great deal many children have two or three stepparents Those children without stepparents seem to be the odd ones among their peers In Canada about 50% of first marriages may likely end up in divorce One may presume that the rate of divorce in second marriages would be lower but instead it is higher at 72% while

third marriages have the highest divorce rate of 85% Comparative Annual Divorce Rate in Canada Similarly in America the first marriages divorce rate ranges from 41 50% second marriages divorce rate is between 60 67% and third marriages is between 73 74% Information on Divorce Rate and Statistics This book is fictional The stories are not real stories They are about my past experiences with heterosexual couples in my counseling or pastoral care I do not have a particular person or couple in mind No names in the book are real names If anybodys name or any couples have the same names as used in the book I would like them to know that I am not telling their particular story or using them as an example The Holy Spirit inspired the writers of the bible stories vii instructions messages and the same Holy Spirit is still talking to us today I believe I was inspired to write the book I will encourage anyone or couple whose story or stories are similar to whats in the book not to be too critical but to take it the book as a means through which God is speaking to them to change No marriage is too bad that God cannot change for better Dont fold your arms and accept your troubled marriage as a done deal I will advise the readers to call upon the author of marriage God through Jesus Christ to fix their marriages He is able *How Communicating Saved Our Marriage* Laura Moore,Antonio Moore,2019-05-02 When love gets hard and you start questioning whether you made the right decision When decisions are being made feelings are being dismissed and you are unable to communicate without arguing Talking to your partner becomes so frustrating you just coexist hoping things somehow get better It is all about investing in your marriage The lessons we have learned the challenges we have faced could have easily been avoided if only someone took the time to teach us the importance of communicating in marriage So How Did Communicating Save Our Marriage From personal and professional experiences when we tell you that communication is the glue that held our marriage together we mean it Learning how to talk and be heard saved us years of frustration and possibly even from infidelity and or worse a divorce How we communicate with our significant other in a constructive and positive way is nothing that was taught to either us we learned it the hard way *Your Intercultural Marriage* Marla Alupoaipei,2009-06-24 In an increasingly global and connected world marriages between spouses of different countries and cultures are on the rise Marla Alupoaipei herself wed to a Romanian helps couples sort through such issues as food finances family and such hidden problems as different understandings of what it means to be on time Marla combines real life stories with expert perspectives and biblical insight for a helpful guide both for those just starting out on the intercultural adventure and those in the midst of it You ll get practical and biblical advice for handling the most common intercultural conflicts including Planning your wedding Communication Understanding each other s values Different views of time Agreeing on food Managing finances Intimacy Raising children Handling illness and grief
