Marriage David Stevens, 2005-02 WEB TEXT word count 431 Marriage The Rules of The Game This book is not overly religious but I emphatically believe that God is the MARRIAGE MAKER and just like a systems designer would do He has created a manual of operation The Bible is full of practical helps right there for the taking Again it was a thrilling challenge for me to write another book that speaks plainly to the married and those looking to get married A second challenge in writing this book as in the previous book Marriage The Corridors Castles and Conflicts we share meaningful real life examples that will help others avoid stumbling blindly into marital ditches I am careful when personal stories are shared Names have been changed and situations altered to protect identities I have spent over 30 years in marriage counseling My thirst in all those years has been to research and develop tools and materials that will help marriages work better We've always used opportunities to share a practical biblical message by creating marriage videos booklets workshop materials and sharing in marriage seminars around the country One message rings throughout our presentations there are spiritual factors called principles that effect what we do and how we do it So this second book joins with our many other presentations in striving to wrap theological principles around real life illustrations Hopefully readers will find that this project is easy reading and substantially solid intellectually with tasteful humor Please contact the following web sites for further
