A History of American Life in Twelve Volumes: Nevins, A. The emergence of modern America 1865-1878, 1927. The Valley of Cross Purposes Carol J. Frost PhD, 2017-03-31. In the late 1800s Charles Nordhoff forged the shape of modern journalism and profoundly influenced both politicians and politics. Principled, activist, investigative, and a champion of the disenfranchised and poor, he was more interested in character and results than in personality and credit. And like the blacksmith wielding his hammer, he left us the tangible products of his labors, but few details of himself. With superb research, illuminating insights, and eloquent prose, Carol Frost brings Nordhoff vividly to life, both the man and his extraordinary impacts on politics, journalism, government, and public discourse. Impacts that are still defining public life today. Journalists, historians, and activists will find context and inspiration in this captivating and previously untold story, a story that in many important ways feels like it was written about the events and debates of our own time rather than those of more than 100 years ago.

Proceedings of the Mississippi Valley Historical Association Mississippi Valley Historical Association, 1924. Marse Henry, Vol. 2 Henry Watterson, 2015-06-15. Excerpt from Marse Henry Vol 2. An Autobiography. Swift's definition of conversation did not preside over or direct the daily intercourse between Charles Sumner, Charles Eames, and Robert J. Walker in the old days in the National Capital. They did not converse; they discoursed. They talked sententiously in portentous essays and learned dissertations. I used to think it great though I nursed no little dislike of Sumner. About the Publisher: Forgotten Books publishes hundreds of thousands of rare and classic books.
