Land and Territoriality Michael Saltman,2020-05-26 In the past territorial conflict usually involved major powers seeking hegemony over strategic spaces and resources More recently however the decline of opposing global power blocs has elevated ethnicity to a prime cause of conflict over land This book considers the multiple roles ethnicity plays in fostering territorial conflicts both violent and non violent across the globe While land disputes relating to nationalism have resulted in the loss of human life in some regions in others ties between ethnicity and land are asserted more peacefully Nationalism and challenges to the validity of the links between people and places have caused widespread bloodshed in the disputed territory of Palestine involving competing claims of Arabs and Jews have led to war In North America however indigenous Indians claims to land are settled in the courts rather than through violence This book shows how human behaviour is affected by the multiple ways in which people identify with land topography and natural resources In doing so it highlights the growing trend towards defining physical space in specific ethnic contexts associated with a contemporary world that facilitates global movement

The Bonds of Freedom Jake Subryan Richards,2025-09-02 The story of the long fight for freedom of African captives

rescued from the illegal slave trade only to be forced back into bondage The Bonds of Freedom tells the forgotten story of people seized from slave ships by maritime patrols liberated then forced into bonded labor between 1807 and 1880 Using extensive archival research from Sierra Leone South Africa Brazil Cuba the United Kingdom and the United States historian Jake Subryan Richards uncovers the contrasting ideas and practices of authoritarianism and freedom that empires and liberated Africans developed during the protracted end of the illegal slave trade Following the Africans journeys from enslavement to liberation Richards recounts their capture and embarkation on ships that participated in the vast slave trade to Brazil and Cuba the maritime seizure of those ships and the adjudication that assigned freed captives to bonded labor The captives fought against their bondage as state agents limited their freedom of choice and movement The liberated Africans story shows that far from following a straightforward path to freedom these men and women navigated anti slave trade laws that both subjected them to authoritarian control and provided a domain for them to create their own visions of freedom Through meticulous research and engaging narrative Richards sheds light on their legal battles community building efforts and ongoing quest for justice and autonomy in the face of enduring challenges The Dead Yard Ian Thomson,2011-03-29 Named the Dolman Travel Book of the Year The Dead Yard paints an unforgettable portrait of modern Jamaica Since independence Jamaica has gradually become associated with twin images a resort style travel Eden for foreigners and a new kind of hell for Jamaicans a society where gangs control the areas where most Jamaicans live and drug lords like Christopher Coke rule elites and the poor alike Ian Thomson s brave book explores a country of lost promise where America s hunger for drugs fuels a dependent economy and shadowy politics The lauded birthplace of reggae and Bob Marley Jamaica is now sunk in corruption and hopelessness A synthesis of vital history and unflinching reportage The Dead Yard is a fascinating account of a beautiful treacherous country Irish Times

,2010-12-17 In 1807 the British Act for the Abolition of the Slave Trade received the Royal Assent The Act represented the first significant attempt by a Great Power to exert global influence over the development of human rights and relatedly labor conditions worldwide The essays presented in this book by an international panel of historians and social scientists aim to shed light specifically on the changes which the legal abolition of the slave trade brought about directly and indirectly in the labor relations of different regions and continents The sixteen essays discuss the connected developments in the Americas Brazil the Caribbean and the United States Africa Cameroon the Cape Colony the Belgian Congo and the Netherlands Indies Java **Lucky Valley** Catherine Hall,2024-02-22 Reveals how Edward Long s History of Jamaica helped to shape ideas of White and Black as essentially different and unequal *Nominal and Pronominal Address in Jamaica and Trinidad* Matthias Klumm,2021-09-15 This book examines the various patterns of nominal and pronominal address used in Jamaica and Trinidad the two most populous islands of the English speaking Caribbean Given that the Anglo Caribbean context has so far been largely neglected in address research this study aims to provide an in depth analysis of the linguistic means Jamaicans and

Trinidadians have at their disposal and make use of to address each other A particular focus will be on variation in the speakers address behaviour with regard to their sex age social class ethnicity and regional background The study draws both on data from a self compiled corpus of postcolonial Jamaican and Trinidadian literary works and on questionnaire and interview data collected during fieldwork This book contributes to the ever growing body of research in the field of nominal and pronominal address and will be relevant to researchers interested in the fields of sociolinguistics pragmatics and World Englishes

The Second Slavery Javier Lavina, Michael Zeuske, 2014 Slavery throughout the capitalist world economy expands The old zones in one way or another reach their limits and the new zones break through to become part of the new division of labor in the 19th century In that sense The Second Slavery would encompass both decline and renewal of slaveries I never intended the idea to apply just to Cuba Brazil and the cotton South as some people seem to take it For me it is a concept of world economy and Cuba Brazil and the South are the obvious examples of those zones that break through They permit us to think about slavery in a more dynamic way but there is much more work to be done From this perspective I would be more inclined to include Reunion Mauritius and some parts of India Ceylon and Java as well as British Guiana than the older French and British Caribbean islands contributor Dale Tomich Binghamton U New York The Second Slavery includes the following essays African Slaves and the Atlantic A Cultural Overview The End of the British Atlantic Slave Trade or the Beginning of the Big Slave Robbery 1808 1850 Peasant or Proletarian Emancipation and the Struggle for Freedom in British Guiana in the Shadow of the Second Slavery The End of the Second Slavery in the Confederate South and the Great Brigandage in Southern Italy A Comparative Study Puerto Rico Atlantizacion and Culture during the Segunda Esclavitud The Second Slavery Modernity Mobility and Identity of Captives in Nineteenth Century Cuba and the Atlantic World Commodity Frontiers Conjuncture and Crisis The Remaking of the Caribbean Sugar Industry 1783 1866 The Aftermath of Abolition Distortions of the Historical Record in Machado de Assis

productivity and instead led to a century of increasing impoverishment in rural England Jim Handy rejects the assertions about the benefits that accompanied the transition to improved agriculture and details the abundant evidence for the efficiency of smallholder peasant agriculture He traces the development of both economic theory and government policy through the work of agricultural improver Arthur Young 1741 1820 government advisor Nassau William Senior 1790 1864 and the editors and writers of the Economist as well as Adam Smith and Thomas Robert Malthus Apostles of Inequality demonstrates how a fascination with capital promoted by political economy and farmers desires to have a labour force completely dependent on wage labour fostered widespread destitution in rural England for over a century
