Martha Maxwell Rocky Mountain Naturalist:

Martha Maxwell, Rocky Mountain Naturalist Maxine Benson, 1999-01-01 See there she is cried one visitor to the Centennial Exposition Just think She killed all them animals echoed another There that s her All during the hot Philadelphia summer of 1876 throngs of people pushed and shoved their way into the Kansas Colorado Building eager to catch a glimpse of the small dark haired woman responsible for creating the extraordinary display of bears deer and other mammals cavorting over a Rocky Mountain landscape Curious skeptical friendly on and on they came until the policemen stationed at the doors were hard pressed to maintain control The fairgoers were intent on seeing for themselves the modern Diana who had come all the way from the wilds of Colorado Maxine Benson s finely crafted biography of Martha Maxwell illuminates the little known but important career of a remarkable woman Naturalist taxidermist museologist artist Maxwell pioneered in a number of fields new for women Born in Pennsylvania in 1831 and educated in the Midwest she traveled to the gold fields of Colorado with her husband in 1860 A chance encounter with a German taxidermist determined her lifework and Maxwell soon devoted her boundless energy to hunting and mounting all forms of Rocky Mountain wildlife which she displayed in unusual habitat settings in her museum in Boulder and later in Denver Her spreading fame led to an invitation to exhibit her collection at the Philadelphia Centennial Exposition where she achieved international renown As Maxwell s major scientific and artistic contributions to natural history taxidermy and display were recognized her influence carried to the Smithsonian Institution Separated from her husband and alienated from her daughter however she became increasingly unhappy as her professional accomplishments grew Her tragic and lonely death in 1881 revealed something of the price she paid for daring to be different Like that of other accomplished women of her era Maxwell s fame did not keep pace with the significant influence she had on her profession Thanks to Maxine Benson Martha Maxwell now takes her rightful place in the history of the West and of the nation *On the Plains, and Among the Peaks* Mary Emma Dartt Thompson, Mrs. Mary Emma Dartt Thompson, 1879 *On the Plains, and Among the Peaks* Julie McCown, 2021-12-01 American naturalist and taxidermist Martha Maxwell became famous in the 1870s for her skill and expertise in collecting and preserving specimens of Colorado s wildlife but is virtually unknown today On the Plains and Among the Peaks written in 1879 by Maxwell s half sister Mary Dartt provides a fascinating case study of how women practiced natural history and taxidermy as well as a fresh look at the early exploration and settlement of Colorado Dartt s book tells the story of Maxwell s lifelong passion and dedication to work and education that made her a pioneer in more ways than one It catalogs her important scientific contributions and development of museum habitat groupings and lifelike taxidermy mounts showcases engaging accounts of wilderness excursions on the frontier of the Western United States in the 1860s and 1870s and testifies to her resolve to show that women were capable of succeeding in traditionally male dominated fields This scholarly edition of On the Plains and Among the Peaks will spark renewed interest in Maxwell and Dartt as neglected figures in nineteenth century US history and

literature opening a conversation that other literary scholars and historians will join to further situate their work within the numerous disciplines to which it speaks including nineteenth century American literature women s western environmental and natural history and gender museum and animal studies
