Teaching America David J. Feith, 2011-08-11. In Teaching America, more than 20 leading thinkers sound the alarm over a crisis in citizenship and lay out a powerful agenda for reform. The book's unprecedented roster of authors includes Justice Sandra Day O'Connor, Senator Jon Kyl, Senator Bob Graham, Secretary Rod Paige, Alan Dershowitz, Juan Williams, Glenn Reynolds, Michael Kazin, Frederick Hess, Andrew Rotherham, Mike Feinberg, Seth Andrew, Mark Bauerlein, and more. Their message: To remain America, our country has to give its kids a civic identity, an understanding of our constitutional system, and some appreciation of the amazing achievements of American self-government. But we are failing. Young Americans know little about the Bill of Rights, the democratic process, or the civil rights movement. Three of every four high school seniors aren't proficient in civics; nine of ten can't cut it in U.S. history, and the problem is only aggravated by universities' disregard for civic education. Such civic illiteracy weakens our common culture, disenfranchises would-be voters, and helps poison our politics.

Our Fight for America Michael Savage, 2020-09-15. In the follow-up to the #1 New York Times bestseller Trump's War, Michael Savage makes the case for President Trump in 2020. America rolled into 2020 like a juggernaut with the strongest economy in its history and a renewed leadership role on the world stage. President Trump was cruising to reelection on the strength of record-low unemployment, phase one of a historic trade deal, and a more stable Middle East after the defeat of ISIS. Then catastrophe struck: A novel coronavirus originating in Wuhan, China, swept the world, taking hundreds of thousands of lives and wreaking economic and social destruction. As America battled to its feet and prepared to reopen its economy, the tragic death of George Floyd at the hands of a police officer lit a powder keg of political tension waiting to explode after months of lockdown. As the November elections approach, America is at war with itself to decide if it will remain a land of freedom and opportunity or whether a radical new vision will emerge. Americans are searching for answers: Was the American lockdown necessary to defeat Covid-19, or was it a politically motivated strategy to harm President Trump's reelection chances? Does the death of George Floyd represent a systemic problem with American police, or is the Left exploiting the tragedy for political purposes? Where does legitimate protest end and insurrection begin? A trained scientist who studied epidemiology for his PhD and one of America's most popular conservative radio hosts for the past twenty-six years, Dr. Michael Savage is uniquely positioned to answer these burning questions. In OUR FIGHT FOR AMERICA: THE WAR CONTINUES, Savage cuts through the propaganda and noise to present a clear analysis of the crises and the political and scientific motivations behind them. Michael Savage tells the truth, even when nobody wants to hear it, and presents a clear vision of what Americans must do to survive our most turbulent period in decades.
