## **Martyrs Oath The Apprenticeship Of An Al Qaeda Terrorist:**

The Martyr's Oath Stewart Bell, 2009-12-09 In *The Martyr's Oath* Stewart Bell Canada's most respected journalist covering terrorism tells how Mohammed Mansour Jabarah a teenaged Canadian was selected by the Al Qaeda leadership to coordinate a powerful attack in Southeast Asia that would have led to more destruction than 9/11. There is no better way to understand how Western youth are being drawn to terrorism than to read this story of the rise of a new generation of terrorist Rohan Gunaratna Author of *Inside Al Qaeda Global Network of Terror* Columbia University Press *The Martyr's Oath* provides a unique vignette into the recruitment training and operational deployment of young Canadian Muslims by Al Qaeda terrorists it couples a biographical account of their personal and family experiences culminating in capture interrogation and death with some extraordinarily detailed accounts of counter terrorism operations across the Middle East Southeast Asia and North America This will be a must read for anyone and everyone interested in the challenges of international terrorism in our times Dr Martin Rudner Director Canadian Centre of Intelligence and Security Studies The Norman Paterson School of International Affairs Ottawa ON Acclaim for Stewart Bell's first book *Cold Terror How Canada Nurtures and Exports Terrorism Around the World* an arresting look at the reality of terrorism *The Gazette Montreal* Every responsible citizen of Canada the US the UK and other Western Countries should read this book Christopher Ondaatje *Times Higher Education Supplement* *Cold Terror* will shock the conscience of the nation This book is not just an exposé it is an urgent call to action David Frum Author of *The Right Man The Surprise Presidency of George W Bush* The most important Canadian book of 2004 *Western Standard* *The Threat From Within* Phil Gurski, 2015-10-22 *The Threat From Within* examines what drives Al Qaeda inspired radicalization to violence how to detect it and how to confront it The chapters discuss behaviors and ideologies that are observable and tangible in radicalized individuals or those on the path to violent radicalization These behaviors are drawn from a variety of cases such as planning acts of terrorism traveling to join terrorist groups or participating in violent jihadi conflict outside the country The main case study is Canada and each chapter features many examples that range from Ted Kaczynski the Unabomber and Anders Brevik in Norway to Tamerlan Tsarnaev and Damian Clairmont a Canadian citizen who died fighting in Syria The text begins by introducing general concepts such as terrorism extremism and radicalization before presenting contributing factors to those embracing political violence A comprehensive list of behavioral indicators that someone is becoming a violent extremist is provided followed by a look at what is being done to confront this threat as well as what could be done *The Evolution of the Global Terrorist Threat* Bruce Hoffman, Fernando Reinares, 2014-10-28 Examining each major terrorist act and campaign of the decade following September 11 2001 internationally recognized scholars launch original studies of the involvement of global terrorist leaders and organizations in these incidents and the planning organization execution recruitment and training that went into them Their work relays the changing character of al Qaeda and its affiliates since the invasion of Afghanistan and Iraq and the

sophisticated elements that despite the West's best counterterrorism efforts continue to exert substantial and sustained control over terrorist operations. Through case studies of terrorist acts occurring both within and outside the West, the volume's contributors investigate al Qaeda as it adapts to the strategies of Operation Enduring Freedom and subsequent U.S.-led global counterterrorism campaigns. They explore whether Osama bin Laden was indeed reduced to a mere figurehead before his death or whether he successfully exercised global command over al Qaeda's activities. Did al Qaeda become a loose collection of individuals and ideas following its expulsion from Afghanistan or was it reborn as a transnational organization powered by a well-articulated ideology? What is the preeminent terrorist threat we face today and what will it look like in the future? This anthology pinpoints the important patterns and strategies that will best inform counterterrorism in a new century.

**Detained** Daniel Livermore, 2018-10-08 After the terrorist attacks of September 11, 2001, Canadian agencies willingly collaborated in the War on Terror launched by the United States to destroy Al Qaeda. This partnership went seriously astray, however, amid a series of fundamental errors by Canadian agencies and their misplaced trust in American willingness to abide by both international and U.S. laws against torture. As a result, numerous Canadian citizens and residents were illicitly detained abroad and subjected to suffering and mistreatment. In *Detained*, Daniel Livermore analyzes the emergence of Islamic fundamentalist extremism and its Canadian implications, including the erroneous investigations that targeted Canadians and led to their detentions in Syria, Egypt, Pakistan, Libya, Tunisia, and Sudan. Scrutinizing the most prominent cases, he details the role of Canadian agencies in the imprisonments and relates how subsequent court cases brought the situations to light, resulting in settlements and apologies to Ahmad Abou El Maati, Abdullah Almalki, and Maher Arar, among others. Drawing on his experience in Canada's foreign ministry, Livermore explains how an essentially misguided War on Terror emerged and how Canadian-American cooperation went wrong. A gripping blend of memoir and meticulous research, *Detained* urges a more mature and rational discussion of security and intelligence issues in Canada and greater understanding of the failures of security cooperation in the decade after 9/11.

**Radical Pathways** Kumar K. Ramakrishna, 2009-03-20 This book explores two of the most crucial areas of the war on terror: 1) why some Muslims turn to violent jihad and 2) that process in the world's most populous Muslim nation, Indonesia. The recent history of terrorism in Indonesia has brought this country into the world spotlight. The Bali night club bombing by Islamists in 2002 was one of the worst terrorist attacks in history. The recent violence following the executions of three of the Bali bombers, together with a number of thwarted bomb plots, demonstrate the continuing danger posed by radicalized violent Islamists in the country. Written by one of Southeast Asia's leading counter
