From Jesus to Marx - Birth and death of a civilization Marcello Caroti, 2023-12-22 This book is an educational text written to introduce our readers to Western Civilization How it was born and how it grew to become the world's leading civilization in the last century for better or for worse The text tells the story of the genesis and decline of our civilization through two revolutionary figures Jesus of Nazareth and Karl Marx The thesis on which the book is based is that just as Christianity erased Greco Roman civilization from the face of the earth Socialism transformed into Progressivism is killing Western Civilization dragging it toward suicide The disease that is overwhelming us is nihilism We affirm that Progressives are the new Christians because as the first Christians did they are the bearers of a disease that is terminal for our society nihilism This book is the history of nihilism starting from Jesus of Nazareth and ending with our Progressives We must point out that although Jesus vision included nihilistic elements it also laid the ethical foundations that shaped Western Civilization In contrast Marx's revelation deeply nihilistic influenced modern Progressivism leading to existential challenges for our civilization In other words our future is a black hole From Jesus to Marx by Marcello Caroti is a profound historical and anthropological exploration that starts from the revolutionary figure of Jesus Christ to arrive at the modern ideologies of Karl Marx In this intriguing journey through the centuries the author sheds light on how the teachings and actions of Jesus influenced not only religious thought but also the social and political currents that have shaped the modern world The book begins by analysing Jesus mission in detail exploring his differences with John the Baptist and how his message of hope and salvation stood out in an era of rigid social and religious divisions The author then traces an intellectual and historical path that connects the doctrines of Jesus with the theories of Marx highlighting how Christianity influenced and shaped Marxist thought With clear language and engaging narrative From Jesus to Marx is not only essential reading for history and anthropology buffs but also for anyone interested in understanding the roots of modern thought and its impact on society The book offers a unique and thought provoking perspective on two of the most influential figures in human history and their lasting impact Marx, Lenin, and Jesus David Pratte, 2020-07-18 A study of Marxism Leninism Communism compared to the teaching of Jesus Christ in the Bible Topics studied are Marxism and God Marxism and the Origin of Man Marxism and Materialism Marxism and Religion Marxism and Morality Marxism and the Family Marxism and Private Property Marxism and Revolution Marxism and Annihilation Marxism and Earthly Paradise Marxism Christians and the Future of America

Jesus and Marx Jacques Ellul, 2012-03-01 At what point does a theology become an ideology How can a Christian distinguish the two Jacques Ellul has always taken pains to differentiate them but in this book he provides both a theoretical framework and important examples Some popular theologies particularly those that attempt to intertwine biblical theology with Marxist thought fall into the trap of reaching theological conclusions by other means Ellul believes so that we cannot consider them as true theologies From both a biblical theological and sociopolitical perspective Ellul examines the attempt to relate Christianity to Marxist thought By reviewing in detail several key Marxist Christian books Ellul exposes the weaknesses of so called Marxist Christianity which he says is neither Marxist nor Christian and argues that the biblical perspective takes exception to all political power leaving Christian anarchism as the realistic revolutionary option The preface by translator Joyce Main Hanks provides an excellent introduction to the book showing how it fits into Ellul s thought and how it relates to Ellul s previous work
